

## BEE MILK FUND IS CLOSED WITH \$42 DONATION

M. B. Bunnell Barely Gets Under Wire With Largest Single Donation Made to the Fund.

The Bee's Milk and Ice Fund was fittingly closed with the largest individual donation made to it, which barely got in under the wire, when M. B. Bunnell telephoned from the Wellington hotel Tuesday afternoon and asked the privilege of giving something to the babies.

Mr. Bunnell, who recently sold a big ranch in Custer county, and has been living at the Wellington while waiting for cool enough weather to start on an auto trip to Wyoming, would not say much when asked about his donation, except that he had made a little deal for the benefit of the fund and wanted to give \$42 if he might be permitted to do so.

It had been on his mind for some time, Mr. Bunnell stated, to make a donation, but he had neglected it. He felt that the fund is a charity of real merit.

"I know how hard it is for us here," he said, "surrounded by every possible comfort, to stand this hot summer weather, and I can understand how terribly hard it must be for the babies in the crowded homes, without ice and without proper food. I will be very glad if you will take this little sum and use it for the babies of Omaha."

And The Bee is very glad to take it for the youngsters who need it and to see that it goes where it will bring happiness and health.

Thus is the total of the fund \$852.43 on the date of its close.
