

CARRANZA WILL NOT ALLOW ANY BRITISH CLAIM

Says Mexico, as Sovereign Nation, Cannot Permit Interference with Control of Oil Claims.

Mexico City, Aug. 14.—Replying to a protest from Great Britain against provisions of the oil decree of February 22, which was declared to be confiscatory and in violation of the rights of English companies holding oil claims, the Mexican government has declared that it does not recognize the right of any foreign government to protest against decrees of this nature. It holds that the Mexican government is free to adopt such fiscal legislation as is necessary. It suggests that recourse to the courts would be the proper method of determining whether the oil land decree is unjust and confiscatory.

Washington, Aug. 14.—So far from mitigating the severity of the original decree of February 27, last, imposing new taxes and restrictions upon the foreign owners and operators of oil properties in Mexico, in the opinion of officials here, the reply of the Mexican government to the British protest against that decree has only added to its obnoxious nature. Although Secretary Aguilar's note was directed to Great Britain, it is said the substance is of equal application to the American oil interests.

U-Boat Toll Shows 50 Per Cent Reduction

Paris, Aug. 14.—The allied and neutral shipping sunk by enemy submarines during July amounted to 270,000 tons, compared with 534,899 tons sunk in July, 1917. This radical decrease in losses is doubly significant when the increase in merchant marine navigation resulting from the American ship building effort is considered. The entente nations constructed during July a tonnage in excess of 280,000 to that destroyed during the month by enemy operations.

Five Canadians Force Band of 100 Teutons to Surrender to Them

With the Canadian Forces in Picardy, Aug. 13.—During the opening days of the present offensive five members of a well known battalion captured more than 100 Germans. In a dense fog one morning the party suddenly came upon a fully manned German trench. A corporal in the party gave the order to fire. This show of force brought more than 100 Germans, one after another, tumbling up out of the trench to surrender.

Most of them will qualify for class one, and, therefore, will join the army probably within a month after their names are recorded.

Huns Order Finn Drive On Entente at Murman

Washington, Aug. 14.—A report from Stockholm reaching the State department today from sources considered reliable, says the German government has addressed an ultimatum to the Finnish government requiring that the Finnish army prepare to march against the entente forces on the Murmansk coast within two weeks.

Another Stockholm dispatch says the Russian sailors are declaring they will fight the German government rather than give up their ship, or will blow up the Russian navy rather than have it fall into the hands of the Germans. It is stated the bolshevik leaders, Lenine and Trotzky, have been seen in Kronstadt by Russian sailors.

Street Railway Strike Threatened in Denver

Denver, Colo., Aug. 14.—Union employes of the Denver Tramway company, operating the local street car lines, voted today to call a strike if the company would not agree to federal mediation of their demands for wage increases averaging 22 cents an hour. The company had previously offered an increase of 6 cents an hour. The union's ultimatum was delivered to the company this afternoon, and it was said by union officials that a "reasonable time" would be given the company to formulate its answer.

Young Girls Warned Not To Flirt With Soldiers

Washington, Aug. 14.—Warning to young girls to be watchful of the acquaintanceships they make with soldiers was issued today by the War and Navy departments' commissions on training camp activities. The commissions say the warning is not intended to reflect on the character of the men in the service, who as a whole are clean and upright, and that it should not deter young women from participating in well-ordered and wholesome entertainments in war camp communities. Nevertheless, the statement says, no young woman should approach or converse familiarly with a man in uniform unless introduced by a mutual friend, or unless he has been properly vouched for by the community organizations.

CONSUL BEN, POOLE IS PREPARED TO LEAVE MOSCOW

(Continued From Page One.) state of war, and that the government desired to continue its relations with the entente as it did with Germany under analogous circumstances.

Demand Public Explanation. "The consuls demanded that to be acceptable any explanation must be publicly made by the head of the government himself. They also pointed out that the question was inseparable from that of the departure of the members of the former military mission. After having agreed to facilitate the departure of these persons, in accordance with international law, the government, they said, had raised absolutely inadmissible objections. The foreign representatives also stated that they could not see in this attitude anything but confirmation of Lenine's declaration of the existence of a state of war.

On the night of August 2, a reply was received from Tchitcherin. It stated that inasmuch as Lenine's utterances were made behind closed doors in a meeting at which an agent of the allies could be present only owing to a special courtesy on the part of the soviet government, public explanations could not be given about non-public utterances. As to the members of the military missions Tchitcherin said that negotiations had been begun with the German authorities to procure safe passage from Petrograd to Stockholm for these officers, passage through Archangel being impossible because British cruisers had already begun the bombardment of the islands covering Archangel.

Hostages Taken. "A third report from Consul General Poole refers to the arrests of British and French citizens at Moscow. On the afternoon of August 5, there was a conference between Tchitcherin and the consuls general of Japan, Sweden and the United States, with the following results:

"First, the soviet government gave solemn assurance that all persons having diplomatic or unofficial character would not be molested; second, Tchitcherin stated that the allied military missions would not be allowed to depart, as had already been promised; third, that civil persons arrested were hostages for the lives of soviet members in territory occupied by the allies. Tchitcherin said that these persons are civil prisoners arrested, in accordance with the practices of war, for internment. He added that no responsibility could be assumed for their future safety because Great Britain and France had attacked Archangel without a declaration of war.

"Mr. Poole stated that he was without knowledge of what had taken place in the north, but warned Tchitcherin that the peoples of the allied nations could not be intimidated and that the initiation of a system of reprisals by the soviet government could only result in individual members of the government being held personally responsible, and in the loss by the bolshevik cause of whatever respect it might now have in the minds of the civilized world.

Consulates Violated.

"A fourth message from Mr. Poole, dated August 6, stated that the authorities forcibly entered the consulates general of France and England on the afternoon of the 5th and arrested the consuls general and their staffs. At 3 o'clock on the afternoon of the 6th, the consuls general and part of their staffs were released through the untiring good offices of the Swedish consular general. Mr. Poole stated that a guard remained around both consulates and would not permit British or French nationals to approach.

"Mr. Poole pointed out that these acts occurred immediately following the solemn assurance given by Tchitcherin in that all persons having diplomatic or consular character would be respected. "Feeling that there were no assurances that the American consulate would not be violated at any moment he destroyed his codes and records. This and the general situation made it impossible to carry on his functions and he accordingly asked the Swedish consul general to take over the protection of American interests and at the same time to request facilities of the soviet government for the immediate departure of the American dip-

After expressing their thanks for the solicitude shown Mr. Armour and his colleagues referred the agent of the soviet to their express instructions from their ambassadors to remain in Volodga for the protection of their nationals and pointed out the impossibility of going to Moscow under any pretext whatever.

"The American minister to Sweden has reported to the department that he had been informed by the Swedish foreign office that on August 5 the Swedish consul general at Moscow took temporary charge of American as well as English and Japanese interests."

CATARRH

New and Curious Remedial Discovery That Never Fails to Give Immediate Results

Here is a safe and easy method for getting at catarrah that invariably surprises chronic sufferers because of the immediate and pleasing effects it produces. There is no waiting for results. Just to cite an instance, take the experience of Mr. H. Elser, Lexington, Neb., who writes: "Dear Sam Katz: I received your catarrah treatment, and in two days my catarrah was gone. I am now cured."

The Sam Katz method which this gentleman and thousands of others have used, is different from anything you have ever known of. There is nothing to smoke, snuff or inject; no saline, creams, vibration or massage. Everything about it is natural and healthful.

The exact remedial combination of this method is a secret known only to myself and my associates, although I will say this much: It is based on the modern scientific discovery that the catarrah germs causing catarrah must be destroyed and dislodged from the infected tissue in order to effect a radical and permanent cure.

Banish Your Catarrah Restore Your Health and Organic Vitality

Catarrah, as you know, gradually works downward from the nose, throat and head, through the body system, doing damage everywhere. Headaches, dizziness, deafness, head noises, confused thoughts, impairment of the memory, weakened vision, sore eyes, boils, nervousness, general languor, the germs causing lame back, neuralgia, stomach, liver, kidney, bladder disorders, weaknesses of the vital organs and many other ailments and ills may any or all, be due to the ravages of the disease we call catarrah. Once cleanse your system of the deadly catarrah germs a task that my method is purposed to accomplish, and your entire organism responds, giving you a new sense of vital vigor and renewed health. As Nancy A. Davis of Waynesboro, Miss., writes me: "Since taking the Sam Katz method I feel like a new woman. I think your catarrah treatment is worth its weight in gold."

Henry C. Murphy

Former City Attorney

Candidate for the Republican Nomination for County Attorney

The County Attorney's office is one of the most important branches of the County Government, and if the duties of the office are properly administered, the great mass and volume of important business affairs of the County should receive the careful legal scrutiny of its legal department and a fearless performance of public duty in the matter of prosecution of crime.

The citizens of my home city placed me in charge of its legal affairs for three successive terms, with an increased majority each election. During my terms of office more than one-half million in damage suits and claims were filed against the City, AND NOT A SINGLE JUDGMENT WAS RECOVERED AGAINST THE CITY.

There is a feeling in Douglas County that the machinery for prosecution of crime is out of repair, lags and lacks pep, and the spark plugs of prosecution are badly corroded.

If elected County Attorney for Douglas County, I propose to inaugurate and establish in the performance of the duties of that office the SAME POLICY OF EFFICIENCY THAT WON FOR ME THE COMMENDATION AND CONFIDENCE OF THE CITIZENS AND TAXPAYERS OF THE SOUTH SIDE.

Elect me County Attorney and I will guarantee that prosecution will then spell JAIL for offenders against the law.
