# Win National Tennis Double Championship

Boston, Aug. 17.—Vincent Richards of New York, national boys cham-pion, and William T. Tilden II of Philadelphia today won the national lawn tennis doubles championship when they defeated Beals C. Wright and Fred B. Alexander of New York in the finals of the national doubles tournament at the Longwood Cricket club. The match went five sets, the score being 6-3, 6-4, 3-6, 2-6, 6-2. Richards is the youngest player to

hold the title. He is only 15 years old, but his game has been the sensation of the tournament and was worthy today of the best traditions. He had the coolness, steadiness, respectively. old, but his game has been the sensource and courage of a veteran, with all the speed of youth. Early in the match he learned that

Wright's weakness was overhead, and thereafter he lobbed the former champion into the back court away from the net where he was dangerous. On the other hand, Alexander is very strong overhead. Richards never gave him a chance to kill a single lob. His partner, Tilden, the national

clay court champion, played a smashing game. His service and returns were extremely severe and for the greater part of the match he kept his shots under control.

# Cornhuskers to Play West Virginia Eleven

Lincoln, Neb., Aug. 17.—(Special Telegram.)—The University of Nebraska cancelled two games on the 1918 Cornhusker foot ball schedule and substituted one with West Virginia, one of the strongest elevens in eastern foot ball, under a revised schedule announced by Coach W. G.

The newly revised Husker schedule is: October 5, Iowa University at Lincoln; October 12, Camp Funston at Lincoln; October 19, Notre Dame University at Lincoln; October 26, West Virginia University at Morgantown; November 9, Missouri University at Columbia; November 16, Kansas University at Lincoln; No-vember 23, Northwestern University at Lincoln; November 28, Syracuse University at Lincoln.

# "Old Master" Will Hurl

Cincinnati, Aug. 17.—The return to the mound of the "Old Master," Christy Mathewson, will be one of the features of the closing of baseball at the Cincinnati National league park. September 1 and 2. There also will be double-headers both days with St. Louis, airplane flights and plenty of natriotic speeches and music

# "OLD FOX" SEES BRIGHT FUTURE FOR BASE BALL

Cantonments Developing Fans and Players and Great Reaction May Be Anticipated for Game.

Chicago, Aug. 17 .- While baseball magnates contemplate sorrowfully their dwindling coffers, and with the first of September ever in mind, look with apprehension oward the future of the national pastime, Connie Mack, the "Old Fox" of base ball sees no cause for alarm

Neither, according to his views, will the recent embroglio at Cleveland in which both National and American league magnates participated in "swatting Ban Johnson, endanger the position the American league president occupies with regard to the sport in general.

Mack's conclusions may be summed up as follows: .1-Unless the war continues two

years or longer, ba e ball will feel no permanent ill effects. 2-There will be no break in the relations between the American and Na-

tional leagues. 3-The seeming unpleasantness developed at Cleveland will be forgotten and Ban Johnson's prestige unimpaired.

4-No reorganization of the National commission with a view to the elimination of Garry Herrmann is

5-American soldiers and sailors will not permit base ball to die out. Discussing base ball affairs informally, Mack said:

Will Close Next Year.

"Whether base ball will suffer permanent injury as a result of the war depends entirely upon the war's dura-tion. Unless it last several years base ball will retain all its favor and popularity. Of course the gates will be closed next year, as it would be foolish to attempt to keep the game going with men outside the present draft age limits. Some of the club owners undoubtedly will be hit hard by idleness, but I doubt whether in any case the blow will prove fatal.

"When the war is over, the greatest base ball reaction in the history of the game will result. The sport cannot be forgotten when it is being played in every post, camp and can-tonment in the United States and "There is no danger of a break in

relations between the two leagues due to the law suit I filed involving Pitcher Scott Perry. I anticipate a satisfactory adjustment of every difficulty during the winter.

"In viewing the present situation it If the weather man will refrain ton the fact that the magnates are is necessary to take into considera from interfering with another down- under great stress, due to the uncerpour, such as characterized the sched- tainty of war conditions. MAJOR LEAGUE

Demise of Base Bal! Evident in 1919 and Club Owners Plan Use for Parks While Closed.

By International News Service. Brooklyn, N. Y., Aug. 17.-Charles Ebbets, owner of the Brooklyn base ball club, of the National league, announces that he has made arrangements to convert Ebbets Field into a storage plant by enclosing the space under the grand stands.

Similar action by owners of base ball parks all over the country, it is learned, is probable. It is known that Harry Hempstead, owner of the New York Girnts, is negotiating for the use of the polo grounds for this pur-

If the movement extends to the other ball grounds throughout the country it means there will be no professional base ball next year.

Mr. Ebbets, in making the announcement, said the space under the grandstands at Ebbets Field can be used for the storage of 100,000 cases of goods. It has all the facilities lighting system, steam heating plant, etc.—necessary for a storage ware-

Will Add Building.
He contemplates also the building of additional storage space in the field, using the centre field fences, which are of concrete, as a base. This would give him a building 800 feet by 150 feet, with 16 feet headway.

The plan of using baseball parks for storage purposes was first tried out at Washington Park, former home of the Brooklyn club and later occupied by the Brooklyn club of the Federal league. It has proved entirely satis-factory, every available inch of space being filled up with storage and pack-

It is estimated that over 1,000,000 cubic feet of storage space would be available at the polo grounds. The motor speedway at Sheepshead Bay, which is likewise under consideration for the same purpose, could provide over 2,000,000 cubic feet.

The speedway, it is pointed out, would be a most advantageous loca-tion for a storage plant because of its proximity to the bay and ocean and its excellent railroad facilities.

Luderus said he had been offered a berth in the Steel league, but that is captain of a ball team of Navy men, among the players being Jimmy Hick-Milwaukee to seek employment and play with the local Lake Shore league

#### Dr. Ford Returns from Trip . Into Mountains After Game

Dr. M. J. Ford, proprietor of the Ford hospital, has returned from a three weeks' hunting trip to the Rattlesnake mountains, where he met with considerable success. With him was his son, who had been spending his vacation on a Wyoming ranch. They went to Lander by train and then journeyed 75 miles by horseback into the mountains. Dr. Ford said the game was so plentiful that it was a shame to take the money.

# A Campaign Slander Exploded

In the closing days of the Democratic Primary Campaign a disgraceful and wholly false attack has been made upon the patriotism of John H. Morehead, Democratic candidate for United States Senator.

The charge has been widely circulated that he attempted to secure exemption from military service under the draft for his son, Edwin J. Morehead. It is alleged that he made the effort before the local board in Richardson County; that he then appealed to the district board at Lincoln, and on being turned down there carried the case before President Wilson.

The charge is outrageously false. Governor Morehead's son enlisted as a private on July 3, 1917, and went to Camp Cody in August of that month. Since that time, by earned promotions, he has risen to the rank of second lieutenant. Governor Morehead never asked for deferred classification or exemption for him, neither did anyone else.

The facts in the case are set forth in the appended affidavit, signed by the members of the exemption board of Richardson County:

TO WHOM IT MAY CONCERN:

Casey Stengle, in Navy, Runs

longs" to Brooklyn.

Bobby Quinn Fails as a

Peacemaker for Rogers

Bobby Quinn's efforts to act as a peace maker in a family quarrel have

failed. The wife of Pitcher Tom Rog-

ers of the Browns has sued him for

livorce. She threatened to do it a

couple of months ago, but Quinn sent

for her and succeeded in having the

pair make up. It didn't seem to be a

permanent reconciliation, and it means that Rogers will find himself in

Class One of the draft.

We, the Exemption Board of Richardson County, have been informed that certain parties are circulating a report that Ex-Governor Morehead and his son, Edwin John Morehead, appeared before us asking deferrred classification or exemption for his son, Edwin John Morehead.

There is no truth in this statement, as neither the father or son has ever appeared before us, asking favors in any way, but the son enlisted, and we are pleased to know that he made good and is now second lieutenant, being promoted from corporal and sergeant, and now has a commission of second lieutenant.

Governor Morehead has been chairman of the Red Cross, Counsel of Defense and chairman of the Liberty Bond sale, and no man in our county has done more to win the war than Ex-Governor Morehead.
