To the Voters of Douglas County:

The task of picking candidates out of the long list filed for the State legislature, is not an easy one. Most voters enter the booth without information and vote by guess, or not at all, on some of the names presented.

Believing that it is of the utmost importance that Omaha should be represented in the Legislature next winter by the best available material at hand, a committee of one hundred citizens drawn from all different lines of business and occupations, have carefully gone over the names filed for the state Legislature, and have undertaken to make recommendations to the voters in selecting their legislative candidates. has been done without regard to party politics, or in any other interest or propaganda whatsoever; without consulting the men endorsed. and without asking any pledges from them; the only idea is to get the best men.
