

SHUMWAY SAYS TAX UPON POTASH WORKS HARDSHIP

Land Commissioner in Conference With Federal Expert Declares New Revenue Law Overtaxes.

From a Staff Correspondent.
Lincoln, Aug. 21.—(Special.)—The new revenue bill proposed by congress does not meet the approval of Land Commissioner G. L. Shumway, so far as it covers tax on potash. He believes such a tax would be a menace to the industry in this state, and speaking of the matter today, said: "The revenue bill, which is under consideration by the congressional committee having the same in charge, contemplates putting a heavy tax on transportation of potash, particularly if for any great distance. This feature is a danger to the big sandhill industry, and particularly vital to Nebraska mills, for the potash market is largely at Birmingham and other southeastern community centers. There it is extensively used in the production of citrus fruits, other foods and tobacco. The consequences to Nebraska's big industry, as well as its relation to food production, should be well considered, and the menace eliminated from the bill."
"Dr. G. C. Spencer, of the Bureau of Soils, Department of Agriculture, was in conference with Land Commissioner Shumway, Tuesday, in which this matter was discussed."
"Dr. Spencer is a potash expert, and debated with the commissioner the problem of increased activities in Nebraska and federal co-operation in enlarging potash production. Naturally this covered the subject of legal complications covering state lands, and the plan of federal control as a war measure, which has been heretofore proposed by Commissioner Shumway."
"It was suggested that perhaps Nebraska could do its share by removing rapidly the obstacles in the way of production by the state and from state lands, which can be best accomplished by co-operation of all interested parties, and the Department of Agriculture could exercise its friendly services with comprehensive representations to congress concerning the danger of the federal tax on transportation."

U. S. Marine Aviators Makes Five Bombing Raids in Day

Washington, Aug. 21.—Lieut. Edward Chamberlain, an aviator of the United States marine corps, in three weeks took part in 15 bombing raids over the German lines carried out by a British air squadron to which he has recently been attached, the Navy department today announced.
Chamberlain went through five raids in one day without mishap, and on all occasions, according to the report of the commander of the squadron to marine corps headquarters, rendered conspicuous service and proved his capability as a war pilot.

Democrats Take Hand In Dodge Republican Primaries

Fremont, Neb., Aug. 21.—(Special Telegram.)—A feature of the primary election was the wholesale flopping of democrats to the republican side where they are believed to have played a prominent part in the fight between Hammond and Norris. The laboring element almost to a man, it is said, voted against Hammond in one precinct in Dodge county—Pebble—almost solidly democratic, 51 republican votes were cast against 35 democratic. Hammond received five, Sloan, four, and Norris 35.
Three other precincts were the population is largely German gave Norris big majorities.
Treasurer Ernest Hahn won the nomination for register of deeds on the republican ticket over four other candidates.
On the democratic side, Chief of Police Welton of Fremont defeated Ivar Johnson of Fremont. Ralph E. Weaverling of North Bend defeated S. E. Kemp of Blair for the republican nomination for state senator. C. C. Vandusen of Kennard was the unopposed democratic candidate for the nomination for state senator in the district comprising Dodge and Washington counties.

Primary Elections Accounts Filed by Congressmen

Washington, Aug. 21.—(Special Telegram.)—Following candidates for the house of representatives from Nebraska have made their returns as to primary elections expenses as required by law:
First district, S. P. Cresap, \$115.40; Second district, A. W. Jeffers, \$90.61; C. O. Lobeck, none; Third district, D. V. Stephens, none; R. E. Evans, \$10; Fourth district, W. H. Smith, \$160; Adam McMullen, \$598; Fifth district, A. C. Shallenberger, \$10; W. E. Andrews, \$12.40; Sixth district, M. P. Kinkaid, \$110.

The greatest possible interest is manifested over the results of the Nebraska primaries. Nebraska members are being constantly buttonholed for information as to the probable outcome.
Judge Kinkaid returned to Washington last evening from a hurried trip over a portion of the Sixth district. Not having any opposition in his party for renomination, he decided that he ought to be on the ground when the revenue bill comes before the house.

Permission to Increase Stock Given Skinner

Lincoln, Aug. 21.—(Special.)—The Skinner Packing company of Omaha was today granted permission to issue additional stock in the amount of \$1,000,000 to be used largely as working capital.
This company was about six months ago given authority to issue stock in the amount of \$2,000,000. Its showing before the railway commission from whom it received the authority was one of the best showings ever made before that tribunal, so it was said.

Mexico Maintains Neutrality In War, Says Louis Cabrera

New York, Aug. 21.—Louis Cabrera, former minister of finance of Mexico, just returned from a 25,000-mile tour of South America, whither he went last December to attend a conference of Latin-American neutral nations at Buenos Aires, declared today his trip would, in an indirect way, "contribute to a better understanding and more cordial relationship between Mexico and the United States."
Mr. Cabrera expressed the belief the nationalization of the oil and mineral lands of Mexico would not interfere with production and that the allied fleets would still be able to obtain all the fuel they require at Tampico and Tuxpam.
Charges of pro-Germanism in Mexico were denounced by Mr. Cabrera, who insisted that strict neutrality was being maintained.
