

STATE FAIR AT LINCOLN READY FOR THE START

Many Improvements Are Noted as the Opening Day, September First, Draws Near.

From a Staff Correspondent.
Lincoln, Aug. 30.—(Special).—Everything is nearly completed for the opening of the Nebraska State fair as far as the improvements to the grounds are concerned. These improvements have been very extensive and include, besides the new swine barn, the changing of the track entrances to the grounds.

The swine barn is a real thing of beauty and places the hog in position where he will probably be the envy of all other stock. The huge barn, which is all cement and steel, is 355 feet long and 242 feet wide. The pens are of steel and there are 722 of them. In the center of the barn has been erected four seating pavilions which will accommodate about 250 people each.

Canopy Top Station.
The new street car entrance is provided with a canopy top and gives room for six entrances and about as many exits. The loop gives room for the loading of six cars at the same time, which is something desirable in handling the big crowds. The railroad tracks run alongside the swine barn so that the stock is unloaded directly into the barn.

Already reservations have been asked for 75 more swine exhibits than there are pens and it will be necessary to double up on some of the larger pens.

Big Tractor Exhibit.
The tractor and truck exhibit at the fair this year bids fair to be the greatest exhibit ever made in the western part of the United States, if not anywhere on the continent. Secretary Danielson says that it is useless to attempt to describe what people will behold along this line, for entries and arrivals already here indicate that there has been nothing like it anywhere.

Sixteen counties have already entered for the collective county agricultural exhibit, indicating that the agricultural display will be fully up to the standard.

The fair will have its informal opening on Sunday, September 1, which will be Pershing Day. Music and patriotic speaking will be the order, both afternoon and evening.

Gompers to Harmonize

English-American Labor

London, Aug. 29.—The arrival in England of Samuel Gompers, president of the American Federation of Labor, is an event of considerable importance, The Morning Post says.

"The name of Gompers," it adds, "is one to conjure with in the United States. There is keen rivalry between the different sections of our labor organizations and between the British and French for the honor of, shall we say, bringing Gompers out. But it is certain that he and his colleagues will attend the trades union conference at Derby next week, at which the question of war aims will be raised. Up to this time all attempts to lay down a definite policy for the allied labor movements have failed because American labor was not included.

"No international socialist movement, exclusive of or antagonistic to American organized labor, can hope to prevail, and Mr. Gompers may be the destined instrument of not the least service America has rendered the allied cause.

"He arrives at a decidedly good moment, for the peace by negotiation internationalists have, like the Germans, overreached themselves and are on the run."

Burgess-Nash Tape Windows In True Parisian Fashion
The big plate glass in one of the Sixteenth street show windows of the Burgess-Nash company has been "taped"—reproducing the way Paris merchants protected their windows against the Hun's long distance guns. Authorities advised the use of paper tape carefully and tightly glued on the inside of the windows in some diagonal shape to take up the bending stresses of the glass surface.

The Parisians followed the instructions, and as a result there is today in Paris no end to weird window designs which lend a new touch to the city's stores.

Girls! Use Lemons For Sunburn, Tan

Try it! Make this lemon lotion to whiten your tanned or freckled skin.

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion, and complexion whitener, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands and see how quickly the freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! it is harmless.—Adv.

MRS. BRANDT SAYS SHE FEELS IT A DUTY TO TELL ABOUT IT

Says Tanlac Acted Like It Was Made Especially For Her Case.

"I never did care to have my name in the papers, but since Tanlac has so wonderfully restored me to health I feel that it is my duty to tell it for the benefit of other sufferers," said Mrs. Mary Brandt, who lives at Ft. Calhoun, while in the city the other day.

"Although I am usually a strong and healthy woman," she continued, "early this spring I felt all run-down and was getting in a bad way. My appetite failed so that I could not enjoy anything I would eat. My stomach was all out of order and the little I forced down failed to nourish me properly and I began to lose weight. I felt listless and had no ambition, and my strength and energy seemed gradually to be wasting away. I realized that if I should allow matters to go on in this way it might be only a question of time when I would be in for a long spell of sickness.

"Looking around for something and build me up again, some of my friends who had taken Tanlac to advantage strongly advised me to try it, so I got me a bottle. Really, if this medicine had been made especially for my case it couldn't have fixed me up better than it has. After a few days my appetite returned as good as ever and my stomach became toned up so I can eat anything I want. I enjoy all my meals, have regained all my lost weight and feel in every way just as strong and well as ever. I am so delighted with the way Tanlac has straightened me out that I tell somebody about this wonderful medicine every day of my life, and have already been the means of getting several people to try it."

Tanlac is sold in Omaha by Sherman & McConnell Drug Co., corner 16th and Dodge streets; 16th and Harney streets; Owl Drug Co., 16th and Farnam streets; Harvard Pharmacy, 24th and Farnam streets; northeast corner 19th and Farnam streets; West End Pharmacy, 49th and Dodge streets, under the personal direction of a Special Tanlac Representative, and in South Omaha by Forrest & Meany Drug Co.—Advertisement.
