

## BRITISH PREMIER PAYS TRIBUTE TO SAMUEL GOMPERS

American Labor Leader Guest of Honor at Luncheon in London; Visits His Birthplace.

London, Aug. 30.—Premier David Lloyd George, at a luncheon given today by the government in honor of Samuel Gompers, president of the American Federation of Labor, proposed a toast to the health of the labor leader, who is visiting England. "On behalf of the British empire and the allies," said the premier, "I desire to say that no man has done more than Mr. Gompers to convince the civilized world that it is vital to the interests of all that the war should be prosecuted to a triumphant conclusion."

Mr. Gompers, in replying to the premier's address, said: "The war has ceased to be a war. It is a crusade for justice and liberty. America is with the allies to the end—the victorious end. I am convinced we dare not lose. We cannot lose. We will win."

**Visits His Old Home.**  
Mr. Gompers was accompanied by several members of the American labor mission.

"The old street has not changed much," he said as he stood in front of the house which had been his home for many years. "That old house on the corner looks exactly as it did when I used to listen to the crowd of cigar makers discussing politics when I was a mere slip of a boy."

While Mr. Gompers was talking an old woman of over 80 years, wearing a long gray shawl, hobbled up,

looked at the stranger a moment, and broke out:

"I know you, Sam Gompers," she said. "Many's the time I gave you a piece of my mind when you used to live there," pointing to the house where Mr. Gompers was born. The old woman had not seen him since he left London as a youthful apprentice cigar maker, and he spent some minutes talking over old times with her, asking about various boyhood playmates, most of whom were dead. Mr. Gompers spent a happy half hour in the midst of the crowd.

There was a great deal of hand shaking as Mr. Gompers bade his old and new friends farewell after promising to make the street another visit before returning to America.

## War Revenue Bill to Be Reported to House Monday

Washington, Aug. 30.—Completing its task of framing the \$8,000,000,000 war revenue bill, the house ways and means committee today agreed to report the measure to the house Monday. It carries greatly increased income taxes, beginning with a nominal tax of 6 per cent on all below \$4,000 a year and above the exemption limits.

To reach war profits a flat war profits tax of 80 per cent is levied, with an alternative plan of excess profits taxes ranging from 35 to 70 per cent. The maximum surtax on incomes is raised to 65 per cent and the normal tax on all incomes over \$4,000 is made 12 per cent.

## Live Stock Shippers Say Roads Will Not Pay for Stock Losses

Washington, D. C., Aug. 31.—(Special Telegram.)—A Sykes of Idagrove, Ia., president of the Corn Belt Meat Producers' association, is in Washington taking up with various officials of the railroad administration the payment of damages by rail lines for live stock killed in transit. The railroads, it appears, are taking refuge in the fact that the government is now operating the roads and in consequence are refusing to pay damages for stock killed.

In one day last week, Mr. Sykes stated, 2,700 head of hogs were suffocated en route to the Chicago market through the gross carelessness of railway employes and he insists that something be done to recompense shippers for stock killed.

Congressman Sloan and family Friday left on a short motor trip to New York for the purpose of seeing their son and brother, Blaine Sloan, before he leaves for overseas service. Young Sloan is at Camp Mills, L. I. W. F. Gurley and wife are in Washington for a short time en route to their home in Omaha from Atlantic City.

## MAN POWER BILL WILL BE SENT TO PRESIDENT TODAY

Conference Report Adopted by Senate After Criticism of Exclusion of Work or Fight Clause.

Washington, Aug. 30.—Congress failed again today to complete the man power bill. Only formality of the signing of the measure by the presiding officers of the senate and house remains and it was predicted tonight the measure will be in President Wilson's hands soon after the noon convening hour. Its immediate approval by the executive is expected.

The conference report on the bill approved yesterday by the house was adopted late today by the senate by a ye-and-nay vote with but feeble opposition of few senators present. Senate debate on the work or fight amendment's excision was so protracted that the house adjourned before the bill could be returned there for the signature of the speaker. The rules require that signatures of the presiding officers be attached to the engrossed measure while the houses are in session.

Senate debate today centered on the elimination of the "work or fight" amendment by the conferees. Senators Thomas of Colorado, author of the amendment, and McCumber of North Dakota, protested. Chairman Chamberlain of the senate conference committee defended the action of the committee in yielding to house opposition.

While not objecting to giving boys under 21 years of age the same home-stead rights as those above that age, Senator Jones of New Mexico, former assistant secretary of the interior, protested against the provision, saying it would not have the effect de-

sired by its supporters and would result in preventing much public land being kept tied up.

Senators Walsh and Nelson urged that the New Mexico senator not press his opposition at this time, declaring that passage of the supplementary resolution any time within the next six months would meet the situation, while prompt disposal of the pending bill was imperative.
