

# BIG CROWDS AID CZECHO-SLOVAK LIBERTY BAZAAR

### Booths in Auditorium Given Liberal Patronage; Milligan, Neb. Sends \$3,000; But-ton Receipts Up.

A holiday crowd, filled with the holiday spirit, surged through the doors of the Municipal auditorium Saturday from the time the Liberty bazaar opened at 2 o'clock in the afternoon until midnight. Everyone in the numerous booths that lined the main floor of the building did a land office business and each was surrounded day and night with crowds of patrons. The Bohemian ladies are noted for their exquisite needlework and these were favorite booths, though the country grocery store and the meat markets were liberally patronized. A large sum of money is being realized for the Czecho-Slovak army fund and there is every indication that the event will not only be a great social, but also an immense financial success.

### Milligan Sends \$3,000.

Charles E. Stanicka, manager of the bazaar, received a check Monday from the Bohemians of Milligan, Neb., for \$3,000 as a contribution to the fund and was promised \$1,000 more from the same source.

Over \$2,500 was realized from the sale of buttons last Saturday, which was "tag day." Of this \$800 was raised on the South Side. The same young ladies who disposed of the 20,000 buttons on Saturday, were at work disposing of more buttons at Krug park, Monday, among the crowds. They met with enthusiastic response from the picnickers and will realize a comfortable sum from that source.

On the opening day of the bazaar the ladies who conduct the apron booth sold over \$200 of their products and the ladies of the Bohemian Catholic society who have charge of the fancy work booth, did equally well.

### Dancing Is Feature.

There is dancing every evening. The dancing floor has been enlarged and a fine orchestra furnishes the music.

Large crowds of out-of-town Bohemians and Polish people are in attendance and all are doing their share in giving the numerous booths good financial patronage.

Tuesday night the special features of the carnival will be a concert program by the Omaha Musicians' association, conducted by Joseph Kuzicka.

There will also be an interpretation of the Czecho-Slovak national dance, in costume. This dance is called the Beseda and is one of the most beautiful and graceful of the folk dances of a race noted for its proficiency and artistic art.

### Wyoming Potato Growers

#### Seek Market for Large Crop

Martin Dimery, former secretary of the First Trust company of Omaha, now engaged in the banking business in Wyoming, with headquarters at Riverton, is in Omaha trying to arrange some means for the marketing and storage of the immense potato crop of the Riverton district this fall and winter.

"Out potato crop this year is one of the best we have ever had," said he. "Spuds this year are in most cases 12 inches long and eight inches in circumference. They are sound and good from center to jacket and as smooth as a pebble. There is not a protruberance or a scab on them. The quality was never so high."

"Unless we can have cars for the transportation of these potatoes to the eastern market right soon, our entire crop is threatened with destruction, and this will mean a tremendous and disheartening loss to our growers, as well as an irreparable waste of food supplies of the country."

### Five Nebraskans Reported

#### Wounded at Battle Front

Five Nebraskans were on the casualty list given out by the War department Monday as wounded in action, in France. Frank J. Marfine, 2524 South Twenty-sixth street, Omaha was reported severely wounded. He gave as his next of kin, Mrs. Mary Stanek at the same address.

Sergt. Ulysses R. McKoun, giving as his next of kin, Mrs. Margaret McKoun, Wisner; John R. Brown, next of kin, Mrs. Mallot, Purdum; Elmer N. Carlson, next of kin, David N. Carlson, Stromsburg; Ira T. Cool, next of kin, Jacob Cool, Merina; were also reported wounded.

### Ed Wolverton to Go East;

#### May Head Insurance Club

Ed Wolverton will leave Tuesday for a month's trip to the east. He will go direct to Boston. From there he will go to New London, Conn., where the international convention of the \$200,000 club will be held. This is an organization of life insurance men, and Wolverton will probably be declared either president or vice president because he has sold more life insurance in the last year than any other agent in his company. After the convention he will spend a week in New York and a week in Washington, visiting his brother, Capt. David Wolverton of the quartermaster's corps, and other Omaha people.

### Hoover Means Nothing to

#### These Purloiners of Sugar

Bold, bad thieves, who apparently have nothing but contempt for Mr. Hoover and his food administration prosecutors, entered the grocery store of J. Berkowitz, 1502 North Twenty-fourth street, and stole 500 pounds of sugar and then escaped without even leaving a sugar card. They also took several pounds of cheese and \$3.15 in pennies from the cash register.

### One Dollar Bill Extent of

#### Loot in Residence Robbery

A one-dollar bill was the extent of the loot obtained by burglars who broke into the house of F. H. Barrett, 315 South Thirty-seventh street, Sunday night.

### AT THE THEATERS

Vaudeville's greatest entertainer, Ben Welch, appears at the Gayety theater twice daily all week with his truly famous big show. There is something about Ben Welch and his big show which commends itself to amusement lovers. The first part and burlesque are just jolly bits of tomfoolery that are never loud, never vulgar, always refined and never fail to send away a well satisfied audience at the close of the performance. There are two hours and a half of music, song and drollery with never a minute that is slow or dull—in other words, it is one round of jollity from the rise to fall of the curtain.

The comedians are exceedingly funny, the chorus girls are decidedly pretty, the songs have points to them and the music is catchy. There are striking and effective stage costumes, elaborate scenery, stage pictures that please the eye and snatches of comedy that make you laugh in spite of yourself. Besides Ben Welch, the cast includes Dolly Morrissey, Evelyn Cunningham, Pat Kearney, Frank P. Murphy, Frankie Martin, George B. Alexander, Jack Barton, and a singing and dancing chorus of 20.

Labor day yielded to the Orpheum capacity attendance, both for the matinee and evening performance. Monday evening, being society night, greatly augmented the patronage for the current show which is headed by the patriotic allegory, "All for Democracy." Another notable feature of the bill is the American prima donna, Lora Hoffman. Her act is a high class concert number. A dainty skit is contributed by J. K. Emmett and Mary E. Ryan. They present a fantasy called "Wishland."

Fifty miles of film were used to photograph Annette Kellerman's new sea production, "Queen of the Sea."

What is unquestionably the best exposition of what "Our Boys" have to contend with "Over There" is the stellar attraction at the Empress theater for the first half of the week "On the Frontier of Freedom," produced, staged and presented by Capt. L. E. Ransom, late of the American expeditionary forces and Lt. J. F. Hewitt of the Royal flying corps, British army.

It was a fortunate thing for American theater-goers when Montague Glass and Jules Eckert Goodman decided to transfer the activities of the celebrated partners, "Abe" Potash and "Mawruss" Perlmutter, from the cloak and suit business to the more novel and interesting world of the movies. The result of this inspiration is "Business Before Pleasure," the great Eltinge theater comedy success of the season 1917-18, which A. H. Woods is presenting at the Boyd theater this week. It is a movie magnates in "Business Before Pleasure," the third and latest of the famous series of Potash and Perlmutter comedies, that "Abe" Potash and "Mawruss" Perlmutter are presented at their funniest and most whimsical.

Stanton Kalk, who lost his life on the ill-fated Jacob Jones. Mrs. T. F. Kennedy, sister of Mrs. Kalk, has just received word of Mrs. Kalk's return trip.

### Shower Baths at City Mission.

Last week was the first week of use of the new shower bath in the basement of the City Mission. Forty little boys romped under its cooling streams the first night it was opened, and twenty-seven little girls enjoyed it the first day. There are warm streams and cold streams which can be properly intermingled, so that either coolness in warm weather or grateful warmth on cold days can be provided, and there is much needed cleanliness at all seasons. Miss Mary E. Anthony, resident, asked one of the little girls when they wanted to have the use of the baths. "Every day," they all responded promptly.

So popular has this department become that regular hours have had to be provided as follows: Monday evening, Boy Scouts; Tuesday, Wednesday, Thursday and Friday evenings, boys; Wednesday afternoon girls; Saturday evening from 7 to 8, girls, and from 8 to 9, boys.

Responses to the call for old clothes, and especially shoes, for the children who have to go to school next week have been gratifying. There are still many, however, who are not properly clad, and Miss Anthony would be grateful for further offers of help for these little ones.

### SOCIETY

LABOR DAY marks the formal opening of the fall season and with Omahans returning from mountain and seaside resorts, there will be numerous merry parties composed of friends separated during the summer months. A special dinner-dance has been planned for this evening at the Country club and after a motor ride which would be more delightful than a delicious dinner and a dance or two? Mr. and Mrs. Luther Drake are planning the largest affair, as their guests will number 30. A golfers' dinner will be given at the field club when the losers in this afternoon's game will be hosts to the winners. Officers there will be and pretty girls in profusion for the evening will be spent in dancing and to the music of the jazzy orchestra from the Henshaw.

With the arrival of Mr. and Mrs. Gurdun Wattles from Hollywood our minds were filled with all kinds of social doings, but there was time for only a few, for this evening they will run away to Washington for a short stay. Misses Margaret and Mary Wattles have two school friends, Miss Esther Jeralds of New Haven, Conn., and Miss Elizabeth Gilman of Boston, visiting them, who will remain until the end of the week. The ambitious members of the Danice Patriotic club have taken the literal meaning of this holiday and will hold the first meeting of the year at the home of Mrs. George Waterman. This coterie of women were the originators of the most unique benefit affairs given last year and no doubt more elaborate plans are under way for the coming season.

Miss Galea Stowell, the new physical director at the Young Women's Christian association, will be honor guest at a reception given this evening at the Young Women's Christian association by the members of the athletic clubs.

### Kruse-Taylor.

A pretty church wedding took place Thursday evening at the First Methodist church, Florence, when Miss Ma-

bel Taylor, daughter of Mr. and Mrs. L. A. Taylor, became the bride of Mr. Theodore Kruse. Rev. Mr. Webster performed the ceremony. Miss Hulda Kruse attended the bride and Mr. Charles Pedersen was best man. A dinner was given at the home of the bride's parents Friday eve-

ning in honor of the young couple, when covers were laid for 40 guests. The young couple will make their home in Florence.

## LIFT OFF CORNS!

Doesn't hurt at all and costs only a few cents.

Magic! Just drop a little Freezone on that touchy corn, instantly it stops aching, then you lift the corn off with the fingers. Truly! No humbug!

# You can foretell the future

You say "The man who could foretell illness would make a fortune!" Of course no man can—in the sense you mean. But you can tell pretty accurately what to expect your own body to do.

How?

Get this simple physiology: Your body machine has to be repaired. It also must have fuel to supply heat and energy. Your food supplies both repair material and fuel. But a furnace always produces ashes and clinkers. If these accumulate, the furnace becomes clogged and cannot work properly.

If your bowels become clogged—you suffer from constipation.

Perhaps you hurry to work or play and neglect to obey Nature's call. Waste matter stagnates in the bowels. You go right on eating, drinking, working. What happens? The constipation becomes established. Waste matter undergoes decay, fermentation and germ action. Poisons are formed, absorbed, carried all over the body. They attack the weakest part of you first.

Then you know you're sick. In reality you've been getting sick since you missed that first movement.

If you want to keep well—wholly well, all the time, so that you're on your toes every day, remove that waste.

Many people take pills, castor oil, purgative mineral waters to force the bowels to act.

These act, but they irritate, tire out the intestinal muscles, make the trouble worse.

Others take "salts," which attract water to the intestines and flush the bowels—about as gently as a fire hose. A re-action follows that makes the intestines dryer than ever and aggravates the constipation.

You needn't do this and weaken your system just because all of your ancestors did.

The Nujol Treatment moves the waste regularly, and easily. It is a purely mechanical process, absolutely harmless, based on a simple principle—that you can move a softened mass out of a tube more easily than a hard, dry one. It doesn't gripe—you won't know you have taken anything until after a few days your bowels move at the regular hour. It makes you "regular as clockwork."

Don't try to foretell illness. Fore-stall it. Don't wait until you are sick. Keep well now. Your druggist has Nujol.
