RED SOX AND CUBS READY FOR WORLD'S SERIES MIX

Both Managers Confident of Outcome: Rush of Fans Is Noticeably Absent.

Chicago, Sept. 3.—Bright, cloudless sky, with a bracing wind sweeping out of the northeast is the weather forecast for the opening game of the wartime world's series between the wartime world's series between the Chicago Nationals and the Boston Americans at Comiskey park at 2:30 o'clock tomorrow. Everything is set tonight for the initial combat. Each team is supremely confident of eventual triumph and the players are in perfect physical condition.

Manager Mitchell of the National league champions put his players through an hour of batting drill at Comiskey park this afternoon and

Comiskey park this afternoon and tapered off the final practice with a spirited fielding workout. The play-ers limbered up in dashing form and Mitchell left the field satisfied. To Proceed Today.

The Red Sox reached Chicago from the east too late to engage in practice, and Manager Barrow sent them to bed early. The American league penpant winners are quartered at a hotel within a short distance of the park and may take a brief workout to loosen up their muscles tomorrow

While neither of the rival leaders would pick for publication the pitcher selected for the test of the opening game, the Chicago pilot said he expected to start a left hander—either

Vaughn or Tyler.

"Vaughn and Tyler will both warm up," Mitchell said, "and the one that appears to be in the better shape will be selected. Killefer will do the catching, so I am certain to have a strong battery. Naturally, I feel confident the Cubs will win the series. I base my conclusion on the fact that we have the better ball club."

Bush or Ruth.

Manager Barrow declined to give any hint in regard to his probable pitching selection, but the bleacherites guessed that "Bullet Joe" Bush would be chosen, with second choice falling to "Babe" Ruth.

"The best thing I can say is that the Red Sox are ready for a fight, and I, of course, feel certain that we shall bag the championship," Barrow said. "I realize that we are playing a won-derful team. The games I think will be close and will arouse more interest than is expected."

Interest in the series has not proved Horseshoe Title of one-half as great as in former years and there will be no protest that tickets have fallen into the hands of scalpers which was the cry last year when the White Sox and Giants clashed.

Oklahoman Absent.

The thin line that will form before the ticket window at the American league park tomorrow will be but a ghost of the line that snaked its way into the park a year ago. The Oklahoman, who came to town ready to part with \$60 for a front row seat, is absent, as is also the man from Montana, with a broad-brimmed hat, who would purchase a choice place in the line to get a seat.

'That is a thing of the past; those fans, or most of them, have gone to wark sighed a base ball man tonight. "What we shall have is strictly a war-time series. It might even be called a hometown' series, judg-ing from the absence of delegations from all parts of the country. Hardened Fans There.

"The crowd this year will be made up of hardened fans, who want their regular seats in the bleachers where a man can get a thrill and hear the truth about base ball."

Despite the apparent lack of in-terest, officials of the Chicago Nationals expect a capacity crowd—ap-proximately 30,000—when the game is started tomorrow. Walter Craighead, business manager of the club referred to the fact that there were more than 300,000 applicants for seats for the 1917 games, with but 30,000

"There certainly is one-tenth as much interest in the games this year," Holtz Is Winner of

Verlie Patchen Sets Up New Track Record In Pace at St. Paul

St. Paul, Sept. 3.—In capturing the 2:12 pace for the \$3,000 St. Paul purse in straight heats at the Great Western circuit races at the state fair here today. Verlie Patchen set up a track record for the event when she paced the second heat in 2:03 3-4.

Katie Todd, driven by Kenner, won the 2:15 trot after six hard heats. A field of 14 starters faced the barriers in the 2:15 pace, which was won by Wattie McClucky in straight heats.

Fred Thomas to Play in World Base Ball Series

Chicago, Sept. 3.—Fred Thomas, former third baseman of the Boston Red Sox, was granted a two weeks furlough from the Great Lakes naval training school today, which will permit him to participate in the world's series. He joined the vanguard of his teammates at practice this afternoon.

J. W. Mokum, Montevolo, Bensol, Salina
Guy and Worthy Bingen also started.
Time. 2:104, 2:104, 2:104.

Whiriwind 2:06 pace, three heats, purse
\$2,000: of his predecessors. His victory was the more remarkable because he had not played serious tournament tennis until about ten days ago when, after receiving a vacation from the munitions plant where he is employed as a chemist, he made his appearance at Southampton and later at Forest Hills. Tilden, owing to his improvement and greater tournament practice this year, was expected by many to prove Murray's master. The Californian, playing from the Niagara Falls, N. Y., Tennis club, proved that even in the short space of time al-lotted to him for practice he could reach the heights of court skill and

The Philadelphian despite his "Butch" Cook, the Blair wizard, won the state championship in the Nebraska Horseshoe tourney at Blair Labor Day. Cook won six straight games from Paul Wisdom. The scores were: 21-17, 22-15, 22-12, 22-18, 24-6, 24-9.

The Philadelphian despite his wizard, of cut strokes and court covering ability, was unable to check for any length of time Murray's march to the championship. Tilden was handicapped by a boil on his ankle which seriously interfered with his footing. Murray used smashing tactics at times, but so skillfully interfered with his footing. Murray used smashing tactics at times, but so skillfully interfered with his footing. Murray used smashing tactics at times, but so skillfully interfered with his footing. Murray used smashing tactics at times, but so skillfully interfered with his footing. Murray used smashing tactics at times, but so skillfully interfered with his footing. Plans to complete a Nebraska balanced by the versatility of the at-

used this at times with deadly ef-Arrangements were completed for fect, as is shown by the stroke an-Makes Many Errors.

In the face of the constantly shift- two one-act plays. ing scheme of offense, Tilden made many errors and seldom appeared to rise to the full height and power Following the singles match H. B. of his game. Occasionally he would and W. R. Fitch, the Omaha father bring applause from the gallery of and son team, defeated Cook and Gayping returns across the court or deep | to the base lines, but they were flashes only. Murray from his positer; and the steadiness with which he made impossible appearing gets and returns of lightning-like strokes appeared to take the heart from Tilden's play. It was the latter's unsteadiness in netting and cutting the ball at critical moments that really cost him the championship, for he actually outplayed Murray in a number of his killing aces. Murray never appeared to be worried by these remarkable streaks of play on Tilden's part, and continued to carry out his plan of campaign as though the outcome was never in doubt. Repeatedly he went after returns to the very extremes of the boundary and by marvelous stroking would bring the ball back into play with such persis-tency that Tilden would finally lose the point on the simplest appearing kind of error.

Murray's supremacy was further demonstrated by the fact that of 28 games played, only six were carried to deuce, and the manner in which he disposed of Tilden in less than one hour of play was a further demon-stration of his superiority.

races, at Hamline, Minn.

New Fish Car One of the State Fair Attractions

Lincoln, Sept. 3 .- (Special.)-The Nebraska fish commission has a new fish car built especially for the needs of the fish industry in this state. It is an all-steel car 78 feet long and equipped with sleeping apartment, kitchen and dining room and electric lights. The main part of the car is equipped with steel tanks for carrying fish and the car is fitted with air pressure pipes for furnishing air to the fish when the car is not running Besides having end entrances it is fitted with side doors for unloading and loading at stations. The car is on exhibition on the rail-

road spur which runs into the fair grounds and is a beauty, attracting much attention. "Nebraska State Fish Commission" appears upon the car above the windows, while the car is named "Angler."

The fish building this year at the fair grounds is, as usual, drawing crowds and the fact that the commission had a car in which it could handle the fish in transportation safely, has enabled the commission to bring in a much more interesting exhibit of the finny tribe.

Game Warden George Koster and Fish Commissioner O'Brien are in charge of the exhibit with other members of their departments.

Chamber of Commerce too

Promote Athletic Contest Fort Omaha soldiers were entereven in the short space of time allotted to him for practice he could reach the heights of court skill and strategy that proved so bewildering to Tilden.
