FIRST GAME IN WORLD SERIES **PUT OFF A DAY** BY HEAVY RAIN

Second Baseman Shean of the Red Sox Is Out of the Game With a Split Finger.

Chicago, Sept. 4.-Prevented by rain from staging the first game of the world's series today, the Chicago Nationals and Boston Red Sox spent for the game tomorrow, which, weather permitting, will inaugurate the last struggle for the premier base ball honors to be played during the war. the day under cover in preparation

Fred Mitchell, manager of the Cubs, and Manager Barrow of the Boston club kept their legions closely segregated today, working out prob-lems of defense and attack prepara-tory to the opening round of the bat-tle tomorrow. Both leaders expressed confidence of the outcome. Shean Splits Finger.

The only outcropping of news which enlightened an otherwise dismal, gloomy session of the "hot mal, gloomy session of the "hot stove" league, lay in the injury to Dave Shean, the Red Sox second baseman, who split the middle finger of his throwing hand during practice and who, it was said, may not appear in tomorrow's lineup. Jack Coffey was picked to substitute for Shean, with a possibility that Fred Thomas, who is on a furlough from the Great Lakes naval training station, might be called into the fray to play third base. to play third base.

August Herrmann, chairman of the National Base Ball commission, en-livened the hotel gossip with the an-nouncement that he expected the series to net \$25,000 for war charities. He said indications were that the total He said indications were that the total receipts this year would approach a quarter of a million dollars, to be divided between the players, clubs, leagues and commission with the split for the runner up and third and fourth place clubs. Mr. Herrmann based his estimate on the receipts of last year, which, in round numbers, totaled \$350,000.

"It is possible we may ask the secretary of war either to donate the fund to some single charity or to distribute it among all recognized war

tribute it among all recognized war activities," said Herrmann. "It is unlikely that the commission will take upon itself the distribution of the

May Play on Sunday. Possibilities of a Sunday game in Chicago loomed large today. Over-cast skies augured ill for tomorrow's scheduled contest and it was an-nounced that in the event of another ie the hist contest at Boston might be put over until Tuesday and a game staged in Chicago on September 8. The club owners were frankly in favor of this

plan.
"Big Jim" Vaughn, the most consistent winner of the Chicago Nationals this season, was a favorite among the mound possibilities for tomorrow. It was admitted that the choice of the Chicago twirlers was between Vaughn and Tyler, both left handers. Vaughn's prestige among the fans was counted to overcome whatever advantage might accrue to Tyler as the result of previous world's series experience.

Tyler as the result of previous world's series experience.

Boston's choice for mound duty was in doubt. Harry Frazee, president of the club, was authority for the statement that whoever was chosen it would not be "Babe" Ruth, intimating that Ruth's prowess with the bat was considered a highly important factor in the series. It was believed that Manager Barrow would give Mays preference over "Bullet Joe" Bush, preferring to hold the latter under wraps for use in case Mays ter under wraps for use in case Mays

FINISHES MARK **BIG LINE RACES**

Greatest Thrills Provided in 2:04 Pace Won by Judge Ormond Under Lash in Straight Heats.

Hartford, Conn., Sept. 4.-There was scarcely a heat in today's Grand Circuit racing card at Charter Oak park which included the \$5,000 Battle Royal for 2:06 trotters, that did not end in a hair-raising finish, in nearly every instance the horses being neck and neck when they passed un-der the wire. The greatest thrills were provided in the 2:04 pace, which Judge Ormond won in straight heats. but finishing under Crozier's lash on each occasion. The lead changed several times during the heats, but Judge Ormond displayed the necessary reserve power on each occasion when called upon.

"It's everybody's privilege, of course, to take the kind of medicine they want, but you can give me Tanlac every time," said Herschel B. Medlock, a well-known fireman on the Missouri Pacific railroad, living at 2267 V street, Lincoln, recently.

"About a year ago," continued Mr. Medlock, in explaining his case, "my appetite went back on me and I got to where I couldn't eat without having trouble afterwards. Gas would always form on my stomach, causing a heavy feeling and intense pain. Sometimes I would have spells with my stomach that would almost knock me out completely. One day I got so bad off they had to take me from my engine and I was laid up for a whole week. These attacks got to be frequent and when I had them sleep was impossible for me. I was also bothered with constipation and my blood must have been in bad shape, too, as I was continually having boils. There was so much pain in my right side that I was told I had appendicitis and that an operation would be necessary.

"Anyway, whatever my troubles
