

STEAMER SINKS AFTER COLLISION; FIVE LIVES LOST

Almirante Goes Down in Four Minutes After It Is Struck; Lifeboats Safe After a Hard Fight.

New York, Sept. 6.—The United Fruit steamship Almirante, 5,000 tons gross, carrying a few passengers, was sunk today off the New Jersey coast in a collision with the United States supply ship Hisco.

The Almirante left here yesterday bound for West Indian and Central American ports in command of Captain Farquhar Grant, who, it is understood, was saved.

Five Persons Perish. Atlantic City, N. J., Sept. 6.—Five lives are reported lost when the United Fruit company steamer Almirante was sunk by the Hisco. The Hisco picked up four of the dead along with the survivors and the crew of the coast guard station picked up the body of the fifth victim and placed it on board the Hisco.

The collision occurred nine miles east-southeast of the Atlantic City lighthouse during a heavy fog. The Almirante, it was said, was struck off her bow and went down in four minutes. Most of those on board had time to get in the lifeboats, which were all picked up after a hard fight in a rough sea.

HOUSE WORKING ON GREATEST REVENUE BILL IN ALL HISTORY

(Continued From Page One)

paying all the taxes levied by this bill, big as they may be, hard as they may be, will still have more than \$8,000,000,000 more than it had before the war, and \$1,500,000,000 with which to pay dividends.

Mr. Kitchin said the United States could finance the war by taxation better than Great Britain, France and Germany combined could. He said the time might come when high consumption taxes would be necessary and if it ever did come the American people would be ready to give up all profits and all incomes over living expenses to win the war.

In taking up the bill by sections, the chairman explained the income tax, and replying to questions said a married member of congress would pay \$470 out of his salary of \$7,500.

"How about a single member?" asked Representative Denison of Illinois. "For being unmarried, you must pay \$550" rejoined Mr. Kitchin. Greater surtaxes on income were not provided by the bill, Mr. Kitchin said in answer to Representative Moore of Pennsylvania, because higher rates—the maximum now being 65 per cent on incomes of \$5,000—might cause the purchase of tax-free securities, and also adversely affect the market for government bonds. The largest income of any American citizen, he added, is \$20,000,000.

AUSTRALIANS STRIKE SOMME AND DRIVE ON

(Continued From Page One)

chance to the destruction squads in Fins.

British posts west of the Canal Du Nord, north of Inchy, have been pushed forward, but patrols on the west bank of the canal were heavily fired upon from the east bank. One of the British patrols crawled across a damaged bridge and came upon an enemy outpost asleep. The British pounced upon the sleeping Germans and captured three.

Using Up Gas Shells.
In the north, where the British are reported to be making advances, more fires are raging. In many places north of the Senece river the Germans for several hours have been firing thousands of gas shells, so indiscriminately as to make it appear that they are trying to get rid of them.

A number of fires have been reported in the area south of the Estaires-Armentieres road. There have been three counter-attacks against Hill 63 and the surrounding positions. Two of those broke down completely, but during the third, north of the hill, the British were compelled to fall back slightly.

Further north the British reached the crest of the important ridge northwest of Wulverghem, but were unable to make further progress for a time because of the heavy enemy machine gun and trench mortar fire. Still further north piece after piece of ground is being regained. The British have reached Canteleux and are pushing on toward Violaines. Weak enemy counter-attacks south of Ploegsteert were easily smothered.

German Machine Gun Defense Fails to Slow Up Pace of Americans

American Headquarters in France Sept. 6.—(Reuter's).—The Germans are across the river Aisne and this time they made no attempt to veil their retirement or even exact ordinary penalties for the advance of the Americans. The opposition which they put up between the Vesle and the Aisne was slight.

The Aisne region was illuminated last night by stores and villages set afire by the Germans to celebrate their final retirement from this part of their captured territory. The machine guns left behind to check the American advance were quite inadequate even to slow up the pace. Further east the French are up against stiffer resistance, but the Americans everywhere have gained the crest of the hills.

Library Course Reduced. The training class at the public library has just completed its course. At a board meeting Thursday, at which all members were present except Mrs. C. N. Dietz, who is out of the city, another class, to begin at once, was authorized.

This will be an intensive training class, the time being but three months for the entire course. This was made necessary by the increasing vacancies by employees entering war work of various kinds.

Allied Force Victorious In Battle in North Russia. London, Sept. 6.—A British official communication dealing with the operations of the allied forces in the region around Archangel, Russia, says: "After further severe hand to hand fighting with an enemy force led by Germans, the allied troops occupied Obozerska yesterday. Prisoners to the number of 150 were captured and heavy losses were inflicted on the enemy."

Hours for Shopping on Saturday 8:30 A. M.—6 P. M. Same as Every Other Day

THOMPSON, BELDEN & CO.

The Fashion Center for Women

Gloves for Fall

Pique sewn French kid gloves in new shades of brown, gray, taupe and pastel—the backs beautifully embroidered. For shopping wear we suggest one-clasp cape gloves. For driving—a new gauntlet in gray or tan; lined or unlined as you may prefer.

THE HOUSE OF MENAGH'S 5th ANNIVERSARY SALE IS A REAL WAR SAVINGS SALE

It Starts Saturday Morning at 8:30

THIS WILL BE THE GREATEST EVENT IN OUR HISTORY----

When you read what we will offer to make this a big merchandising event you will hardly believe it. When you see the wonderfully beautiful Coats, Suits and Dresses, priced as we are pricing them, you will be dumfounded. Woolens are scarce; labor is high, and yet the values we are offering will compare with before the war time. All lines of our exclusive garments—the garments sold only by us in Omaha—are offered in this great yearly sale on the same basis as all of the other lines. Wooltex, Lady Duff, Gordon, Silvermann and scores of others of the best dressmakers and tailors are furnishing their finest garments, and they themselves have sacrificed as well as we to make this great sale possible. Every garment shown is of our regular House of Menagh quality.

Comparison Is Invited Competition Is Defied
