

# BATTALION FIRE CHIEF RESIGNS AFTER ARREST

## Promotion Came Just Before Retirement of Former Commissioner; Soon Eligible to Pension.

George Simpson, battalion chief of the fire department, who tendered his resignation yesterday to Chief Salter, was promoted last spring by Charles H. Withnell, former city commissioner, under circumstances which caused considerable comment in the fire department.

On the day before Withnell went out of office in May, he elevated Simpson from the position of captain to battalion chief and dated the appointment as of April 14. Simpson's promotion was made over the heads of several members of the fire department who were entitled to promotion ahead of Simpson.

A week ago the police morals squad raided the Simpson apartments at 609 South Seventeenth street, arresting Mr. and Mrs. Simpson on charges of maintaining a disorderly house and hook several inmates. Mr. and Mrs. Simpson forfeited their bonds by nonappearance in police court. Two of the alleged inmates were discharged and one was found to be afflicted with a social disease and sent to the detention hospital.

Simpson tendered his resignation rather than take advantage of the alternative of asking for a hearing before the city council.

Simpson had been a member of the fire department nearly 19 years and had only 1 1/2 years to serve before being entitled to pension on half pay. Chief Salter stated that he was one of the most efficient fire fighters of the department.

The manner in which Simpson had been promoted last spring prompted City Commissioner Zimman to post at all fire houses lists of 25 firemen who are in line for promotion, according to their seniority. Promotions hereafter will be made on the basis of seniority with a requirement that ability must be shown within six months before the promotion is made permanent.

## Food Administration Will Regulate Sale of Potatoes

This fall consumers are assured that the potatoes they buy are going to be up to standard. The food administration has taken hold of the potato business to the extent that parties shipping the tubers to market must provide themselves with government licenses. This brings them within the jurisdiction and under the control of the food administration.

From now on, potatoes shipped to this or any other market will be graded as Nos. 1 and 2. Those of grade No. 1 shall be sound and free from dirt. Potatoes nearly round must have a minimum diameter of 1 1/2 inches and those of the long variety, a minimum diameter of 1 1/4 inches. No. 2 potatoes must be the same as those of grade No. 1, except that the sizes may run as low as 1 1/8 inches in diameter. All potatoes offered for sale must be sound and free from rot, as well as being free from cuts, scabs, blight, or other diseases, insects or mechanical defects.

## Two Automobiles Stolen From Streets Saturday

Notwithstanding the vigilance of Omaha's crack squad of automobile thief detectors the theft of motor vehicles continue at the rate of two and three a day. The auto thieves are growing bolder and instead of waiting for the cover of darkness to obliterate their tracks they are taking cars in broad daylight from the business section.

Two "squalls" were received at the Central police station Saturday afternoon. J. M. Ralston, Forty-fifth and Center streets, parked his car in front of the Courtney store, Seventeenth and Douglas streets at 3 o'clock. When he returned a short time later the car had vanished.

Emil Kay, Fort Calhoun, reported the loss of his car from in front of 1213 Harney street at 3 o'clock. "If I could find that car," Kay told the police, "I may have to walk home, as it's a long way to old Fort Calhoun."

## Thirty-seven Fined for Violating Food Orders

Thirty-seven Nebraska business concerns paid the penalty for violations of the rules of the federal food administration for Nebraska during August, and as a result the Red Cross was enriched \$1766.

E. M. Fairfield, director of enforcement, passed on the cases either bringing the violators into the Omaha office, or approving penalties assessed by county administrators.

Nineteen of the violations were disregard of the sugar rules, 12 of the flour rules, two of both, two of three-mermen's rules, and two of the egg regulations.

In addition the voluntary contributions to the Red Cross, penalties ranged from withholding of sugar certificates to prohibition orders.

## Ross Shotwell Is Inducted After Attempt Number Five

After being rejected five times for physical shortcomings, Ross L. Shotwell, Omaha attorney, finally has succeeded in inducing the army authorities to induct him into service and he will report at Fort Omaha Wednesday.

Shotwell was once with the Fourth Nebraska National guard, but was discharged for a physical defect. Later he was attached to the unlucky Seventh regiment of Nebraska. He also was one of the first selective draft men called, but turned down for physical reasons and it was only after repeated efforts he obtained a waiver and was given permission to serve.

## Police Capture Alleged "Bad Man" for Auto Thefts

Bennie Thomas, alleged notorious crook, gangster, box car robber, time-server, two times a deserter from the army and an all-around bad police character, is again in the hands of the law.

Thomas was located at Wahoo and brought back to Omaha by Detectives Anderson and Danbaum. He was picked up at Wahoo by the sheriff and held as a suspected automobile thief. He gave the name of Muller. The police allege that sometime last winter Thomas deserted from Camp Funston, came to Omaha, and committed a number of burglaries. He was apprehended by United States authorities and taken back to the camp and remained there just long enough to saw his way out to freedom. It is thought that he has been connected with the stealing of a number of automobiles in Omaha. The police are unable to say what

## Disposition Will be Made of Thomas—whether he will be tried in Omaha on the charge of committing a number of depredations, or be turned over to army officers to be taken back to Camp Funston to face a court-martial for deserting from the army.

## Miraculous Bride Tires of Life with Husband

Alice H. Barton filed suit for divorce from James Albert Barton in district court Saturday. She alleges that James is now serving a life sentence in the penitentiary at Sioux Falls, S. D.

In another petition filed Saturday, Gertrude L. Morris, who is 19 years old, complains that married life with William H. Morris, who is 43 years old, has lost its charm. She accuses William of cruelty, alleging that he was intimate with his wife's sister and that one occasion she found him in a compromising position with his housekeeper. Mr. Morris is in the poultry business at Central City, Neb.

## R. B. Engleman Injured When Auto Strikes Motorcycle

R. B. Engleman, 2330 Harney street, suffered a severe laceration of the right leg when he was run down by an automobile operated by Ed Cahow. Blackstone hotel, at Eighteenth and Howard streets Saturday afternoon. Engleman was removed to the Lister hospital. Cahow was arrested and held for investigation, but was later released on bonds without any other charge being booked against him. Engleman was riding a motorcycle east in Howard street and Cahow was operating his car in the opposite direction when they crashed.

## PERSONAL PARAGRAPHS

Charles Hoye, chief clerk in the sheriff's office, welcomed a "little stranger" to his home Thursday night. The tiny guest is a girl, the second feminine addition to the Hoye family. "No deputy sheriffs for me, I guess," Hoye declared as he passed around the cigars Friday after he had proudly informed his friends of the great occasion.
