#### Omaha Corporation Says It 'Must Receive Seven Cents For Rides From Public Hereafter.

From a Staff Correspondent.  
Lincoln, Sept. 9.—(Special Telegram.)—Changing their application for a raise from 5 cents to 6 cents in the former application to a further raise to 7 cents, the Omaha & Council Bluffs Street Railway Company appeared before the Nebraska State Railway commission this afternoon and set forth that because of a raise in the wages of its men and a further raise required, it will be necessary that the income of the company shall be increased.

A showing was made by the company that even with the increase to 7 cents the company will then fall \$400,000 short of sufficient to pay operating expenses because of the increase in the cost of labor and material. The afternoon was spent in the introduction of records and the hearing was then adjourned until 9 o'clock tomorrow morning.

### CANVASS STARTED BY S. A. AIDES IN DOUGHNUT DRIVE

#### Campaigners Go Over Top in Downtown District; Soliciting to End Wednesday; Stunts Next.

Omaha started Monday to go over the top in its drive for "Doughnuts for doughboys."

Salvation Army war fund campaigners, under 20 captains, began a systematic canvass of the downtown district which is expected to last until Wednesday night. Reports were meager today and Chairman Ray C. Goddard said he did not expect to have any figures on contributions before tomorrow morning.

After the canvass ends Wednesday, a number of downtown "stunts" to boost the fund, including an open air show Thursday noon by the "Puss Puss" Gayety company; a doughnut digout on the court house lawn, auction of the Pershing birthday cake, and a big athletic carnival, will swell the fund.

Dr. Hugh A. Knowles, campaign director, said today: "Our drive is down town by men and women carefully selected. Every one carries a Salvation Army war fund campaigner's credentials, signed and approved. We will appreciate it if, when a contributor is in doubt, he will demand to be shown the card. No report of sharks preying on the Salvation Army has been received here, but we want to take precautions."

### Face Peeling Easy—Blonde or Brunette

"The blonde's complexion fades early, because her skin is extraordinarily thin and fine," says Mme. Irma Cavallieri. "The brunette's, as a rule, is the reverse. The skin is thicker and has a tendency to an oily appearance."  
For either the faded blonde's skin or the brunette's oily or sallow complexion, the best remedy is ordinary mercurized wax. Used every night, this will give one an entirely new complexion within about a week's time. The wax gradually peels off the worn-out surface skin, with all its defects. A little each day, without affecting the delicate under-skin in the least. The latter will have the exquisitely beautiful glow of youth—indeed, one may readily lose ten or fifteen years from her age, so far as appearance goes, by a course of this simple treatment. The wax, procurable at any drug store, is applied like cold cream.—Adv.
