

SHIP BUILDING PROGRAM OPENS WORLD'S EYES

Allies Are Astounded at Great Possibilities Here and See That U. S. Will Stick.

Philadelphia, Sept. 16.—America's vast shipbuilding program has opened the eyes of the world to her tremendous possibilities, recently declared by Peter O. Knight, vice-president and general manager of the American International Shipbuilding Corporation, which operates the big plant at Hog Island.

"It is the best possible evidence that we intend to stick," he said. The Japanese visitors counted the ways, one by one and exclaimed: "Why we have only ten more ways in our whole country than you have in this one yard." Lord Reading, of England, declared that it typified the limitlessness of America.

"Others ask how we can do such things, and they learn that at the beginning of the war the wealth of the United States was \$250,000,000, compared with \$85,000,000 for the United Kingdom, \$80,000,000 for Germany and \$55,000,000 for France.

"We have half the total banking resources of the world. Since the war began we have bought back \$4,000,000,000 of securities, loaned \$7,000,000,000 to allies and extended credit to allies and business concerns to the amount of \$7,000,000,000 more. We have carried on the enlarged business of the country and a war costing us \$50,000,000 a day.

"And America's wealth has increased since August, 1914. It has one-fourth of the commerce of the globe and has accumulated a third of the gold supply of the world.

"So great is the nation's wealth that even this war cannot deplete it. Informed Germans or citizens of other nations cannot think Germany can win with America against her."

Embargo on Grain Shipments to Omaha Effective Sept. 18

Chicago, Sept. 16.—Grain is piling up at western terminal markets so rapidly that directors of the railway administration today issued an embargo notice against further shipments of grain to several points effective September 18. The order in part reads: "Effective September 18, because of rapid approach to limit of grain storage it becomes necessary to embargo against all shipments of all grain consigned or re-consigned to Duluth, Minneapolis, St. Paul, St. Louis, Kansas City, St. Joseph, Omaha, Council Bluffs, Des Moines and Chicago, and to regulate shipments of grain to these markets on a permit basis, such permits to be issued in co-operation with the food administration. Application may be made by shipper or agent at point of origin.

"Such requests transmitted to designated grain control committee of each market, which will approve such requests as can be given storage, notifying the agent at the point of origin that shipment may be made accordingly."

SAVING NOT A SCIENCE

Just Plain Business Sense

Making our small savings work for us in buying war savings stamps or liberty bonds—the trouble with the great majority of people is that when they make up their minds to save they are not content to do as most successful people for ages past have done) look after the little things, they want to save it in goodly hunks, and the goodly hunks that most people can manage to spare at one time are so few and far between, that they soon become discouraged and give it up as a hopeless task.

Take care of the little things the big things will take care of themselves." is a saying, the truth of which has been so often proven that it is generally accepted.

It's to the people who fully appreciate the truth of this saying that the cash system of buying most strongly appeals.

AMERICA STANDS ON TERMS NOW MADE

(Continued from Page One.) ident Wilson's Fourth of July speech at Mount Vernon, as follows: "The destruction of every arbitrary power anywhere that can separately, secretly and of its single choice disturb the peace of the world; or, if it cannot be presently destroyed, at least its reduction to virtual impotence.

"The settlement of every question, whether of territory, of sovereignty, of economic arrangement of political relationship, upon the basis of the free acceptance of that settlement by the people immediately concerned and not upon the basis of the material interest or advantage of any other nation or people which may desire a different settlement for the sake of its own exterior influence or material gain.

"The consent of all nations to be governed in their conduct toward each other by the same principles of honor and of respect for the common law of civilized society that govern the individual citizens of all modern states in their relations with one another; to the end that all promises and covenants may be sacredly observed, no private plots or conspiracies hatched, no selfish injuries wrought with impunity and a mutual trust established upon the handsome foundation of a mutual respect for right.

"The establishment of an organization of peace which shall make it certain that the combined power of free nations will check every invasion of right and serve to make peace and justice the more secure by affording a definite tribunal of opinion to which all must submit and by which every international readjustment that cannot be amicably agreed upon by the peoples directly concerned shall be sanctioned.

BOOTLEG CHIEF HELD HERE FOR CAR THEFT

(Continued from Page One.) overturned near Shenandoah, Ia., causing serious injury to his companion, May Nace, and he has gained much notoriety since.

Fails To Be Captured. He was wanted then by Omaha authorities to give light on the organization with which he was connected and the then City Prosecutor T. J. McGuire, preferred charges against them. He was never captured although he appeared before the Page county authorities in Iowa, was fined for being in illegal possession of liquor at the time of the accident, and through legal processes regained possession of the car he used in conveying the liquor and which had been confiscated by the Iowa authorities.

He also was named in a civil suit by the owner of a bungalow he used as a refuge in Council Bluffs, when engaged in the illegal traffic. The owner was an Omaha woman who claimed damages to the plumbing in the house and other damages. The amount she claimed was large but the case never came to trial.

Under Indictment. He also is under indictment on a booze carrying charge, having been arrested by Mills county authorities at Hastings, Ia.

Recently he was arrested for wearing the uniform of a United States soldier, and was held for the United States district court, after an examination by United States Commissioner Organ of Council Bluffs. At first his bond was fixed at \$5,000, which his attorney claimed he was unable to give, and this was reduced to \$2,000, which he furnished, and, on being released, pending his trial, he went to St. Joseph.

On Saturday, it is alleged by the St. Joseph police, Beavers commandeered a high-powered Buick car, belonging to a prominent citizen of that place, loaded it with whisky and set out for Omaha.

Word was sent to all of the sheriffs in the counties of northwestern Missouri and of southeastern Iowa, who were located along the underground railway used by the booze runners, that he was on the way north with the stolen car and its cargo of contraband liquor. The Omaha police department also was notified and a close watch was kept of all of the places where it was thought he might attempt to enter the city.

NEBRASKA WILL SEND 5,945 MEN OCTOBER DRAFT

Quota for Entire Country is 181,838; Sufficient Number in Class One to Meet Demand.

Washington, Sept. 16.—Draft calls announced today by Provost Marshal General Crowder will send 181,838 men qualified for general military service to army camps before October 16.

All states have quotas to fill. Of the total, 142,000 will be white registrants, who will entrain between October 7 and 11. The remainder will be negroes, who will move in two groups, 29,016 entraining between September 25 and 27, and 10,752 on October 16.

Men who registered last Thursday may be needed in a few districts to fill the new quotas, it was said at the provost marshal general's office, but in most localities sufficient men remain in Class I, from the registrations on last June 5 and August 24 to meet the requirements.

Among the states from which the white registrants were called, with their number and their camps to which they will go are the following: Colorado, 808; Camp Kearney, Iowa, 5,305; Camp Dodge, Iowa, Kansas, 1,288; Camp Funston, Kansas, Montana, 1,461; Camp Lewis, Nebraska, 295; Camp Pike, 1,695; Camp Dodge, 3,712; Camp Funston, 243; Camp Cody, N. M., North Dakota, 800; Camp Grant, South Dakota, 411; Camp Grant, Wyoming, 605; Camp Lewis.

Two Aviators Killed When Plane Alights In Brooklyn Back Yard

New York, Sept. 16.—Lt. Charles Kinney, jr., of Covington, Ky., and E. H. Austin, of Boston, were killed when an army airplane from the Mineola aviation field crashed to earth in the Flatbush section of Brooklyn today.

Hundreds of persons who saw the machine "go dead" as it was flying low over trees and houses, witnessed its plunge into the back yard of a residence. The airplane was demolished. Doctors who were summoned found both occupants dead.

Shortly before the accident the aviators had been forced by engine trouble to land on the Prospect Park parade grounds. They made minor repairs and ascended. The machine then went into a series of nose dives and made a second landing.

Taking the air again, the aviators attempted to resume their flight, but were forced, when their motor power gave out, to seek a hurried landing.

Chicago Robbers Foiled. Correct Apparel Fashions For Fall and Winter

Chicago, Sept. 16.—Eight automobile bandits today made an unsuccessful attempt to hold up the United States bank at Halsted and Sixtieth streets. John Jackson, a janitor, was shot by the robbers when he sought to protect Simon Hack, the president. The robbers entered the bank and asked to have a bill changed. A moment later they drew revolvers and covered the eight officers and employes. A girl stenographer screamed and the robbers were frightened away before they had an opportunity to get in the vault, where thousands of dollars in currency was kept. The robbers escaped in an automobile before the police arrived.
