

Women in War Time

War Workers of Note at Women's Council

Mrs. Andrew Mac Leish of Glenwood, Ill. reviewed the work women are doing to help win the war and the assistance the Y. W. C. A. is giving them in keeping up their morale at the state meeting Wednesday morning of the women's committee of the united work campaign.

Miss Edith M. Stanton, central department executive, suggested an advisory council of women in Nebraska. This council should represent all the women's organizations in the state, and through them Mrs. Grace Gholson, Nebraska chairman of women's work, would be better able to get in touch with women of all classes, religions and interests.

Miss Stanton believes this council would be of great value in stimulating the interest of the women of the state.

Miss Clarissa Spencer of London talked on the work the women are doing to help win the war in America, France and England. "We need to conserve every bit of woolen, food, munitions and all material, but most important of all is the human element. The war is the human element," she said.

"The Y. W. C. A. with its 50 years of experience with women, is well fitted to lead in this work."

Miss Spencer returned to America April 1 of this year from Russia, where she had been, with seven other women, establishing branches of Y. W. C. A. work in Petrograd and Moscow. The other women left soon afterward, all going to Sweden, where they are now waiting until conditions are settled so they may return to Russia. "The last I knew," said Miss Spencer, "the Russian women were still carrying on the work in Petrograd, but they may have been killed the last few weeks. I am deeply concerned about my friends in that country. In Moscow the work has stopped temporarily, as conditions are much worse there." Miss Spencer spent 10 years, from 1904 to 1914, in Y. W. C. A. work in London, and has since that time been in Japan and other countries.

Miss Spencer is a sister of Mrs. Charles Woodland and Mrs. W. S. McEachron of this city.

Friend of Girls Who Speaks Here Tuesday

Margaret Slattery

Miss Margaret Slattery of Boston, friend of girls, who will speak at the Auditorium Tuesday evening, is a nationally known character. Her books addressed to girls have been translated into many languages, including Chinese, Japanese and Spanish. Miss Slattery does not talk "fluff." She discusses the real problems that girls meet in their everyday lives and she discusses them in a practical and helpful way. She does not preach, but talks as one girl to another.

Miss Slattery comes as a guest of the War Camp Community Service. Girls of Omaha are welcoming her and the girls' patriotic clubs of Plattsmouth and Papillion have been asked to join in the rally.

PERSONALS

Miss Martha Folda, who has spent the summer at Englemar, Ephraim, Wisconsin, is expected home early in October.

Mr. and Mrs. W. R. McKen will return from West-Harwich-By-The-Sea, Mass., the latter part of September.

Mr. and Mrs. J. E. Buckner, who have been in Hattiesburg, Miss., for several months, will not return as they are to make their home in the south.

Miss Adaline Jones left Saturday for Columbia, Tenn., where she will have charge of the music department of Columbia institute, an Episcopal church school for girls. Miss Jones acted in a similar capacity at a girls' school in Versailles, Ky., last year.

Dr. and Mrs. J. B. Klausner and family have returned from Colorado, where they spent some time in Estes Park and at their ranch in Roggen, Colo.

Mrs. A. E. Sheldon of Lincoln, president of the Nebraska Federation of Women's Clubs, passed Tuesday in Omaha.

Mrs. Philip Potter is visiting relatives in St. Louis.

Lieut. Jabin Caldwell has arrived safely overseas.

Vocational Guidance Bureau Head

Mary Foster

Newly appointed as head of the vocational guidance bureau, Miss Mary Foster, formerly of Lincoln, is merely stepping from one niche to another in educational work, in which she has been engaged for several years. Miss Foster has been state manager of the Teachers' Casualty company for more than three years. Previous to that

she had been first teacher, then county superintendent, and had taken a course in normal school teaching. She comes to this new work with enthusiasm and a feeling that she will enjoy the experiences it will bring her.

Miss Myrtle Fitz Roberts, formerly in charge of the bureau, is now with Orchard & Wilhelm in the employment department.

Give Sweaters to Fort Omaha.
One thousand sweaters, distributed today at Fort Omaha, are making an equal number of soldiers that much happier. Since the cool weather set in, sweaterless soldiers have been suffering from the chill. Herbert Wheeler, field secretary for the Red Cross, today delivered a quota of 1,000 to the Fort Omaha quartermaster. Soldiers will receive the sweater by means of requisitions furnished on application by their company commander.

The Women's Service league has 700 sweaters on hand which will be given to needy soldiers or sold for the price of the yarn, \$3, to soldiers wishing them.

Sew Buttons on Shirts.
The Women's Service league has a big task on hand. It is to sew buttons on 4,000 shirts for soldiers. The request came to Mrs. William Archibald Smith from the reclamation officers of the quartermaster's department. There is urgent need to complete the work hastily, as the shirts are to be shipped overseas.

B'nai B'rith woman's auxiliary members, Miss Blanche Bessel,

president, have offered their services. Club members will meet each Tuesday evening from 7 to 9 o'clock in the service league rooms to sew on buttons and to assist in other reclamation work.

New Food Conservation Class.
Through the efforts of Mrs. Henry Read, a new instruction class in food conservation has been formed in Farnam district. The first meeting will be held Thursday at 3:30 p. m. in Farnam school, when Miss Nellie Farnsworth, federal food agent, will talk on "Sugar Conservation." Excellent recipes will be distributed. Women of adjoining districts are also invited to attend.

Receive Degrees at Chicago.
Degrees and certificates awarded to Nebraskans at the 108th convocation, University of Chicago, were received as follows: From Ellensburg, Mae Cecelia Managan, two-year certificate. Lincoln: Joseph Emanuel Alexander Alexis (Ph.D.); Henry Albert Jones (Ph.D.). Lincoln: Mabel Evelyn Johnson and

Schnyer, Lucy Lynde Rosenquist two-year certificates, and Springfield, Helen Marguerite Christianson (Ph.B. in education).

Flockhart-Wolfe Wedding.
Rev. John E. Flockhart and Gwendolyn A. Wolfe, the former the popular young rector of St. Andrew's Episcopal church and the latter a prominent teacher in the Omaha schools, eloped Tuesday night and were married in Chicago.

Miss Wolfe had recently resigned her position in the Windsor school and was supported by her family and friends to be on her way to Washington to take a position with the government. The news of the wedding came as a complete surprise, although the couple had been engaged for some time.

Rev. Mr. Flockhart has made application for the position of army chaplain.

Lieut. Cyrus Kaufman and Lieut. Davis, who were stationed at Fort Omaha for several months, have arrived in France.

Calendarically Speaking Saturday is First Day of Autumn!

Thomas Kilpatrick & Co. are all ready for action

There will be no extravagant display—SUCH THINGS ARE OUT OF PLACE NOW. There will be no Bizarre Styles—GOOD TASTE FORBIDS IT NOW. There will be no Costly, Foolish Frills—WIN THE WAR! is the thought Supreme Now.

There never was much excuse for the follies of Seasonal Openings—ABSOLUTELY NO EXCUSE NOW. This is a time for ESSENTIALS, and for the abandonment of all SILLY TOMMYROT. Let him who has surplus money to spend, give it to the agencies who are HELPING OUR BOYS TO WIN THE WAR—THAT IS OUR PLATFORM.

Thursday, September 19th, a Complete Stock Good Sense! Good Taste! Good Materials! Good Values!

Will be the attractions in our Ready-to-Wear Section Our buyers selected merchandise to meet an unusual condition, and right well have they fulfilled their duties. You will find practical, commonsense garments with a purpose—comfort, warmth, wearability. Modest, yet good looking. Fur and fringe the trimmings most used, most in demand. To add a note of cheeriness, bright linings are used—these lend just the gloom-dispelling touch which will appeal to you.

THIS WILL BE A GREAT COAT SEASON. THE COATS are good looking, made from soft velvety fabrics of the Duvetyne order. Roomy—trimmed with fur collars and cuffs; purple shades, navies, browns, Copens, with a sprinkling of the wine colorings, taupe, etc.

Suits will be a close second in favor—shades and colors similar to that of the coats.

FURS

OUR PRELIMINARY SALE OF FURS WAS A SUCCESS. Furs are high in price, but they will be higher. If you have any thought of buying this season, don't delay. Misses' and children's department all ready in apple pie order.

MILLINERY

IN THE MILLINERY SECTION business is booming already. THURSDAY will have a more complete autumn assortment than we are likely to have at any later date. Beavers and Velvets first favorites. HATS ARE MANY OF THEM LARGE, with somewhat plain trimmings, except here and there a little Oriental touch reminding us that Nippon has close commercial, as well as other relations with us. There is a distinctiveness which will please, for, however, democratic you may be, you don't want YOUR HAT wherever you may turn. No cards—this is your invitation.

The moment you enter our doors on Thursday, you will feel we were about to say, "see the fall atmosphere," autumn leaves of every autumn tint and color everywhere. At dress goods section, huge plaids and broad stripes for pleated skirts. We will not urge buying, for

each day adds to the value of our stock. DON'T SPECULATE! But it is just as reasonable and proper to supply immediate needs as it is to LAY IN YOUR STOCK OF COAL.

SILKS

KILPATRICK'S FOR SILKS. True as usual of the kind of silks YOU WILL TAKE PLEASURE IN WEARING. Here again plaids and stripes are all the go. Velvets and Velveteens are here in all the wanted colors.

Not all stores guarantee gloves NOW, but this store still does. We like to fit all kid and lamb gloves.

SHOES! SHOES! SHOES!

No seasonal story on dress would be complete without a word or two on shoes.

"SHOES MADE BY 'BAKER' OF NEW YORK," means shoes made from the best obtainable stock, made by the best workmen, made in the best manner. We show some styles which cannot be duplicated. Browns of various shades, with the military heel, a favorite in the east, is the "Rivoli." As the name would indicate this shoe is FRENCHY. Its build and style in happier days would surely be seen on the "BOIS" and the "CHAMPS ELYSEE," BUT ALAS NOT NOW. Government orders prohibit Baker from duplicating some of these—so if you would have something "EXCLUSIVE" don't delay.

If the tongues of these shoes could talk, they would advise you to supply REASONABLE winter wants now—and unanimously they would say "BUY 'BAKER' SHOES FOR SATISFACTION."

Our Bedding Sale

Sixteen days ago we started a bedding sale, and we expected to say something to you from time to time about it. Our business, however, has been so brisk that we had all we could attend to, and so we abstained.

Liberty Loan Campaign

The first important meeting of the speakers' committee was held Tuesday afternoon at headquarters of the women's Liberty loan committee in the Masonic temple. Miss Joy Higgins spoke on the work of the women of England and France. Mrs. Frank Judson and O. T. Eastman also spoke, impressing upon the women the importance of their work in paving the way for the actual selling of the bonds later.

The speakers for the women's committee include Mesdames Effie Steen Kittelson, H. C. Summey, D. G. Craighead, A. A. Holtman, Hallock Rose, P. A. Thomsen, John R. Mullen, T. R. Rutledge, G. H. Dumont, W. C. Lambert, M. D. Cameron, O. Y. Kring, B. S. Baker, John R. Hughes, Earl Stanfield, Olga Williams and Dr. Olga Stastny.

Clothing for Belgian Relief

F. W. Judson, state Red Cross director, gives definite information of the sort of clothing wanted in the Belgian relief drive, September 23 to 30.

This drive is for every kind of garment for all ages and both sexes and in addition piece goods, light, warm, cotton flannel and other kinds of goods from which garments for newborn babies, ticking, sheeting and blankets can be made. Shoes of every size are desired.

Since the clothes will be subjected to the hardest kind of wear, only garments made of strong and durable material should be sent. Do not send articles that are much worn and that would not give at least a few months' service. Do not send garments of flimsy material or gaudy coloring. All such gifts must be practical.

Doctors of Ophthalmology

Are Your Children Prepared

For this year's school work? When the brain of the student is robbed of its normal nerve supply in order to keep up the extra strain on the eyes, the memory is deficient, and headaches or some other nervous weakness is exhibited and a really bright, intelligent child is considered dull and stupid. We take a personal interest in each and every child and have a sympathy and understanding of child nature. Come and see us.
