

RECOGNITION IS DUE FARMERS, SAYS M'KELVIE

Importance of Farming Industry in Management of State Affairs Discussed in Western Talks.

Chappell, Neb., Sept. 19.—(Special Telegram.)—Despite a raw cold wind large and enthusiastic crowds turned out to hear addresses by S. R. McKelvie, republican candidate for governor, here and in Ogallala.

Referring to interviews held with representatives of agricultural organizations Mr. McKelvie said: "The opposition has attempted to make much of the fact that I have been interviewed by the representatives of farmers' organizations in the state. Personally I take it as a compliment that the people of Nebraska, farmers and those from every other walk of life, feel free to come and interview me upon subjects in which they are interested."

"Farming is the most important industry in our state and men should be elected to office who have the best possible knowledge of and the keenest sympathy with it. The problems of the farmer are more complex now than they have been for years and the proper solution of these problems is of the most important moment. In a published statement I have already said:

"First: If elected governor, I shall call into conference the duly authorized representatives of all the leading farmers' organizations of the state before formulating a program of recommendations to be made to the legislature.

"Second: In making appointments to positions that are related to agriculture, I shall deem it my duty to select men whose experience and success in farming insure a knowledge of the sympathy with the things that are most important to that industry.

"Far-seeing business men everywhere recognize the fact that unless things go well with the farmer the entire business fabric of the state must suffer. Therefore people in all walks of life are properly interested in seeing that the proper solution is produced with reference to the farmer's problems."

GIRLS! USE LEMONS FOR SUNBURN, TAN

Try it! Make this lemon lotion to whiten your tanned or freckled skin. Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion, and complexion whitener, at very, very small cost. Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands and see how quickly the freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.—Adv.

ASSETS, \$13,700,000.00 Mr. W. C. Wilson, President, Lincoln, Nebraska. Kent, Iowa, April 11, 1918. ORDINARY LIFE TWENTY YEAR DISTRIBUTION POLICY. DEAR SIR: Your General Agent, Mr. L. E. Ryan, has today handed me your check for \$1,118.69, the cash value on my policy No. 5167. While this is an ordinary life policy I find that after paying \$49.65 per year on a \$2500.00 policy, or a total of \$993.00 in twenty years, I have not only been protected but have made a profit. I have also the option of taking a paid up policy for \$2717.00, or a surplus of \$613.37 and continuing my policy. I am well pleased. As I hold policies in two other companies, it is easy for me to appreciate the advantages offered in a policy with the Bankers Life. The fact that a short time before this policy matured I took out \$5000.00 additional insurance with your company should show the confidence and high regard I have for the Old Line Bankers Life of Lincoln. Thanking you, I am, Yours truly, G. L. REED. Total cash paid Mr. Reed \$1,118.69 And 20 Years Insurance for Nothing.
