

**SOUTH SIDE
NEGRO LEADS END
BUSY NIGHT IN
DURANCE VILE**

Three Who Started Out to Clean Up South Side Stores Cannot Keep Up Pace.

Robert Samuels, aged 12, 812 North Twenty-third street; George O'Bea, aged 13, 2105 Cuming street; Russell Billingsley, 13, 1914 1/2 Cuming street, and Clarence Watts, 12, 1618 North Twenty-first street, were brought into the South Side police station at 3:45 p. m. Thursday by a wagon load of booty they had obtained by breaking into three establishments.

The boys, who are all negroes, will be turned over to the juvenile authorities.

According to the story they told Captain Madsen of the South Side station they started out Wednesday night and stole a horse from a place between Twenty-first and Twenty-second streets on Cuming street, took a harness from another place nearby and then went to Dalzell's ice cream and confectionery store for the wagon to haul their booty in.

They kicked out the window in the door of Frank Pross' grocery store at 4013 South Thirteenth street and helped themselves to fruit, groceries and everything in sight.

From there they went to the barber shop of A. J. Pavlat, 6109 1/2 Railroad avenue, which they entered in the same way and which they divested of implements, linen and whatever they thought of value. Next Jim Kune's shoe repair shop was visited and hammers, tacks, shoestrings and a watch taken.

With their booty the lads headed for St. Joe but grew sleepy toward morning, unhitched their horse near Albright and camped in the ditch. Once the horse jumped against the wagon and startled the sleeping boys, but they soon resumed their slumber.

The horse loosened its tether and strayed toward town. It was picked up later and brought to the South Side station to await the owner.

Meanwhile the boys took shelter in a vacant house, 4809 1/2 South Twenty-fourth street, which was owned by E. B. Brown.

Mr. Brown found the boys and reported them to the police.

O'Bea and Samuels carried guns.

U. S. Bureau Is Seeking to Speed Up Work at Yards

The new United States employment bureau which was opened last week in the South Side city hall is doing good work in trying to get rid of the constant turnover of men at work in the local industries.

Upon the request of the management of the Cudahy packing plant George J. Kleffner, state director of the United States employment service, gave 12 talks yesterday in the different departments of the Cudahy plant, encouraging the men to stick to their work and helping them feel the responsibility each one has in the production of food for the army and the people at home.

Both the employers and employees received the addresses enthusiastically and expressed themselves as willing to work overtime, if necessary, to help win the war.

From Friday on either Mr. Doran or Mr. Barrett of the employment office will be at the entrance to the packing plants to get into touch with the men as they go to and from work and will endeavor to cooperate with the men and their employers to get better service and keep the men on the job and satisfied with their work.

Col. Hersey and Visiting Officers View Stook Yards

Lt.-Col. H. B. Hersey, in command of the balloon division at Omaha, and several British, French, Italian and American officers visited the stook yards and were guests at lunch of General Manager Buckingham.

Colonel Hersey has been ordered to report to Washington and will soon go overseas. As this was his first visit to the yards he was impressed with the enormous amount of business and said: "This trip has certainly been an eye-opener to me and I speak for all of us when I say that what we have seen has astonished us. With such tremendous supplies of live stock and such splendid facilities for converting their army into food for our specialties—full time it is best fed and will continue to be the best nourished of the world's armies."

The residence of Joseph Muhl, 3555 Madison street, was badly damaged by fire about 1:00 o'clock Thursday afternoon. The fire started between the walls of the dwelling and made considerable headway before it was discovered, as no one was at home when the fire started.

J. A. RIIS LEAGUE OPENS OFFICES HERE FOR NATION

Organization for Whole Country to Be Managed From Office Established in Omaha.

National organization offices of the Jacob A. Riis league, which is composed of people of Danish descent, have been opened in Omaha in the heart of the great agricultural belt where Danish descendants abound, Axel H. Andersen is chairman of the organization committee.

The Jacob A. Riis League of Patriotic Service is a national organization whose members are of Danish birth or descent. The league works in direct conjunction with the government committee on public information and its purpose is twofold—to support the government during the war and to help carry out future plans for Americanization. Headquarters of the league are at Chicago and the president is Dr. Max Hennius, a chemist of national repute.

On the executive board are, among others, Sophus F. Neble of Omaha, county commissioner; Prof. W. H. Hovgaard of Washington, shipping expert, and Dr. Hellrung of New York.

The purposes of the league have met with such enthusiasm among citizens of Danish descent that it has been necessary to enlarge facilities, and the entire organization work has therefore been delegated to Omaha, where an organization office has been opened in the Brown building.

The Omaha committee, headed by E. V. Clausen, chairman, and O. C. Olsen, secretary, is working with the local Liberty loan committee for best results during the coming campaign, and a special organization committee within the Danish brotherhood is headed by J. Michelsen who is supreme secretary of this fraternal society with its 315 branches in the United States.

Standers, Walkers, "Gets-It" for Corns

World Has Never Known Its Equal

What will get rid of my corn? The answer has been made by millions—there's only one corn-remover that you can bank on, the "Gets-It" is sure!

that makes any corn on earth peel right off like a banana skin—and that's magic "Gets-It." Light shoes and dancing even when you have a corn need not disturb you if you apply a few drops of "Gets-It" on the corn or callous. You want a corn-remover, not a corn-killer. You don't have to suffer with corns—you peel them right off with your fingers by using "Gets-It." Cutting makes corns grow and bleed. Why use irritating salves or make a bundle of your toe with tape or bandages? Why suffer and still have the corn? Use "Gets-It"—your corn-pain is over, the corn is a "gone" sure as the sun rises.

Write to the guaranteed, money-back corn-remover, the only sure way costs but a trifle at any drug store. M'RD by Lawrence & Co., Chicago, Ill. Sold in Omaha and recommended as the world's best corn remedy by Sherman & McConville, "Doughnut" Store.
