

RULES LAID DOWN ON PERMITS FOR GRAIN SHIPMENTS

Hale Holden Issues Circular Telling How Request for Cars Should Be Made.

The following instructions regarding the issuance and handling of grain permits, as a result of the recent embargo, were issued by Hale Holden, regional director of Chicago, according to a circular issued at the Omaha Grain exchange Friday.

1. Application for permit may be made either by shipper at point of origin or by consignee at destination. It must be in writing and on prescribed form.

2. When application is made by shipper it must be transmitted by railroad agent at point of origin to the grain control committee at destination; consignee's application should be made direct to grain control committee.

3. Application for permit for shipment from one primary market to another will be made to the grain control committee at the originating primary market for transmittal to the grain control committee at destination market; permit when issued will be returned through the same channel.

4. Grain control committee will consider applications in the order in which they are received, and will issue permits as conditions warrant.

5. When applications are approved, permits will be issued in triplicate and numbered serially, with prefixes as follows:

CH—Chicago	OM—Omaha
CB—Council Bluffs	PA—Pavia
DH—Duluth	SI—St. Joseph
KC—Kansas City	SL—St. Louis
MK—Milwaukee	SP—St. Paul
MS—Minneapolis	

6. Permits shall not be transferable; they can be used only by parties authorized therein and for kind of grain specified.

7. All permits, except as indicated in paragraph three, will be transmitted by the grain control committee directly to railroad agent at point of shipment, who will note thereon date of receipt and immediately notify shipper that permit has been granted and that shipment covered thereby must be made within five (5) working days from date of such notification.

8. The committee will also send copy of permit to transportation officer of the road on which shipment originates except where handled in accord with paragraph three. The third copy of the permit will be retained for committee's file. The committee will also notify consignees of action taken with reference to applications filed by them.

9. Number of permit must be shown on waybill as authority for the shipment. This number will be recognized by all carriers as authority for forwarding of shipment against grain embargoes.

10. Shipments moving on permits may not be reconsignee from one market to another market where permit system is in control unless new permit is obtained in prescribed manner.

11. Agent at point of origin will advise grain control committee at destination on prescribed form as shipments are made.

12. Grain control committees have been established at all primary markets, and you will be advised of the personnel of these committees later.

Funston Boys Eager to Get Into Fray in France

Lieut. Clifford H. Boyles, 41st United States Infantry, Camp Funston, is in the city on leave, visiting with the home folks. His father, H. B. Boyles, president of Boyles college, motored down to the camp last week, bringing the lieutenant back with him. The latter is enthusiastic over the fine progress made by the soldiers who are in training at Funston and says that the boys are growing impatient waiting their turn to go "over there" and merge themselves with the great American army when it starts for Berlin.

AT THE THEATERS

THE SCENIC effects of "Hello, America," which will be seen at the Gayety theater, week starting this afternoon, are said to be elaborate and wonderful. The opening scene shows a pier in the North river and the arrival of the big American liner, S. S. Columbia. One of the scenes shows stage life as it really is and affords many a good laugh, while the last scene is laid at the capitol grounds at Washington. This is the show that ran all summer at the Columbia theater, New York City. Lewis and Dody are the stars. Tomorrow's matinee starts at 3.00.

H. B. Warner will star in a play adapted from the French, called "Sleeping Partners." Arthur Lewis will be in the cast.

Arthur Hammerstein's new musical play entitled "You're in Love," comes to the Boyd, starting Sunday matinee for a limited engagement of two days.

Mr. Hammerstein has provided an unusually strong and well-balanced company. The costuming and stage settings will be elaborate and brilliant in their effects.

Today for the last times, the Beatrice Morrell Sextette will present their offering of music and song, at the Empress theater. Maide De Long, "The Base Ball Bug," carries do Roman ring exercises and keep the audience busy laughing between sensational stunts.

J. Hartley Manner's play of "Happiness," will be presented in Omaha at the Brandeis theater for three nights, beginning Thursday evening, next, with matinee on Saturday, by an especially selected company, under the management of Messrs. Klaw and Erlanger and George C. Tyler.

Marie Cahill, who has made herself a big favorite with the two-day clientele at the Orpheum, and an entertaining bill with her, will be seen for the last two times, matinee and night, today. Patrons are reminded that on Saturday night the curtain rises at 8 o'clock sharp. Next week a big favorite, Christie MacDonald, late star of "Spring Mail," "Sweethearts," etc., makes her first appearance at the Orpheum. Miss MacDonald will present a little musical fantasy entitled "Cupid's Mirror."

Cyril Maude's first appearance in "The Saving Grace," will be made in Buffalo.

A special company has been organized to produce "Three Faces East" in Chicago.

Lucia Moore and George Backus have been engaged for the cast of "Another Man's Shoes."

Henrietta Crosman may star in a war play called "The Alsatian," which ran a year in Paris.

Two companies will go on tour in "Seventeen," one headed by Burford Hampden and the other by Donald Foster.

Mrs. Lawrence D'Orsay, known on the stage as Susie Rusholme, will become a motor ambulance driver in France. She has already sailed.
