Women in War Time

War Work for College Women.
Prof. Sarka Hrbkova, chairman of the woman's committee, Nebraska State Council of Defense, is in receipt of information from Washington on various avenues of war work for college women. Applicants for specific positions should write to Inter-Collegiate Committee on Women's War Work, 106 East Fifty-second street, New York City.

This committee, at the request of the American Red Cross and the women's overseas section of the Y. M. C. A., has undertaken to act as a personnel bureau for college women in overseas service. The connection between this committee and the Red Cross and the Y. M. C. A. is official and authoritative. For the Red Cross, the committee will recruit social, canteen and hospital hut workers, stenographers, clerical assistants, etc.; for Y. M. C. A., canteen workers for the American camps abroad.

All colleges will be asked to furnish lists of graduates available for these services and an estimate of the efficiency of individual candidates. College women who apply to the committee will be assigned to service either as individuals, or in units of 10 as the Red Cross and the Y. M. C. A. may indicate. The practicability of the unit has been clearly demonstrated.

The Red Cross wants 50 canteen workers, 25 hospital hut workers, 25 stenographers immediately. If full volunteers are not available, expenses and maintenance of suitable candidates will be paid. French is desirable, not essential.

The Y. M. C. A. wants a large number of canteen workers for American camps. If full volunteers are not available, transportation and maintenance will be paid. French is not necessary.

Lt. Hanighen to Wed Southern Belle

An announcement of interest to Omaha friends is the engagement of Miss Anna Maria Damrich daughter of Mr. and Mrs. John J. Damrich, of Mobile, Ala., to Lt. John J. Hanighen, jr., son of Mr. and Mrs. J. J. Hanighen. The wedding will take place in October. The Hanighens plan to leave soon for the south to be present at the nuptials.

Miss Damrich, who is a charming girl of the brunette type, comes of an old and prominent family of Mobile. She is a graduate of the Conservatory of Music, after attending the Nazareth academy in Kentucky.

Miss Damrich was chosen queen of the Mardi Gras last year, which honor acknowledges her leadership of the social set. Friends of the pretty southern girl are not surprised at the announcement, as the romance with the young Omaha officer began a year ago, when Lieutenant Hanighen was first stationed at Fort Morgan.

Lieutenant Hanighen is a graduate of the Central High school, later attending Cornell university. He is a member of the Zeta Psi fraternity, of the Masque Dramatic society and Savage club. Women are urged to bring their canned fruit and vegetables for exhibit by 6 o'clock, Thursday, September 26. Any resident of Douglas county may compete for premiums without any charge for entries.

The instruction classes will be suspending during the week except in Saratoga district. The regular meeting will be held in the school house on Tuesday at 3:30 p. m. Mrs. R. H. Fair is chairman. The subject is "Meat Substitutes and Full Meat Dishes." Miss Farnsworth spoke on "Sugar Conservation" to the Miller Park Mothers' club, Wednesday.

Miss Mand Wilson, who has been state leader of home demonstration work for the last three years, has handed in her resignation to take effect October 1. Mrs. Emma Davison has been appointed her successor. Mrs. Davison was called to Washington last winter to help in the conservation work under Mr. Hoover.

War Slate Instead of Paper

The government wants every scrap of paper put to war purposes—paper contains materials and chemicals necessary in the manufacture of explosives and gases. The scribbling pad must go, school children and even storekeepers can help the war by stopping the paper scribbling habit. Get out the slate and sponge. Children should be given slates, in the schools. The paper makers, before the war, made paper so cheaply that enormous waste of paper resulted; now the paper makers are restrictive and conservation must be practiced. Bring out the slate and save sulphur, chlorine, caustic soda, and pulp, all wanted by our fighting boys over there.
