Extraordinary Run on Opening Day, With but Few Choice Feeders Presages Lower Prices.

The sheep receipts for one day were broken Monday at the Union Stock yards when the run totaled 238 cars.

While the quality on the whole compared favorably with recent runs, there was a scarcity of extra choice feeder lambs considering the large receipts.

There was much congestion and the market promises to be slow and lower the remainder of the week.

Suit for a Suit Causes Tangle in Police Court

Judge Madden had to exercise the wisdom of Solomon, in deciding the case of Alexander against McGlory, in South Side police court Monday.

The case was rather involved and had to do with the ownership of a suit of clothes, which in this day of wool shortage and conservation is a very serious matter.

According to both parties, who are negroes, Lester McGlory was arrested some time ago on a charge of stealing a suitcase from Jackson Alexander, who, by the way, is not the leader of "Alexander's Rag Time band," nor is he in any way related to that celebrated person.

McGlory was found guilty and was sentenced to serve 15 days in jail. In the suitcase, according to the allegations of Alexander, was a suit of clothes, which he demanded from McGlory on the latter's release some weeks ago. McGlory refused to deliver the suit and Alexander had him rearrested.

Innocent Bystander Is Victim of Barrage Fire

Because he happened to be the innocent bystander during the passage of a few social amenities, more or less unpleasant, punctuated at intervals by barrage fire from the revolver alleged to have been in the hands of David Davis, James Thomas had his right foot punctured by a bullet.

It is alleged that about 3:40 Sunday afternoon, David Davis and Robert Hughes, negroes, got into a very positive argument and to emphasize the infallibility of his contentions Davis used a revolver and fired a few shots, but was so nervous in his effort to locate his objective that he missed Hughes and shot Thomas.

STARS OF GRADE AND BLUE AND GOLD ARE THEIRS

Central High School Has High Record in All Army Activities Emblazoned on Service Flag.

At least 250 former Central High school students now are either commissioned or non-commissioned officers in the army and navy of the United States, according to records of Central High boys in service, kept by Miss Zora Shields, school librarian. Names of boys in the service not upon Miss Shields' lists are coming in at the rate of about 20 each day.

The ninth gold star has been added to the service flag. It represents Bryan W. B. Sackett, 2526 Poppelton avenue, who died Wednesday at the Great Lakes Naval training station from pneumonia. Sackett was a lieutenant in the Central High cadet regiment when a senior.

The ranks held by the former high school boys are: Army, 1 brigadier general, 43 first lieutenants, 1 colonel, 99 second lieutenants, 2 lieutenant colonels, and 11 majors; Navy, 1 commander, 1 senior lieutenant, 8 lieutenants, 1 junior lieutenant.

Mammoth Structure Is to Be Built on Court House Grounds as Bonds Sell.

A gigantic monument will be built on the court house square during Liberty loan week, starting Monday, October 7.

It will tower as high as the court house and will not be without architectural beauty. It will be built of empty boxes, each box representing \$1,000 of Omaha's subscription to the Fourth Liberty loan. As Omaha's quota is around \$15,000,000, there will be about 15,000 boxes in the monument.

Each box measures about two by three feet and is of the exact size and specifications for use by the

FIRST PAYMENT LARGER.

Washington, Sept. 23.—Ten per cent of the Fourth Liberty loan subscriptions will be required on application, instead of 5 per cent as for past loans, the treasury announced today. Twenty per cent will be due November 21, 20 per cent December 19, 20 per cent January 16 and 30 per cent January 30.

Red Cross in shipping supplies to France. The boxes will be sold to the Red Cross at the close of the drive when the monument is torn down. Thus there will be no waste of material or effort.

Some Stunt.

This "stunt" was evolved by the Advertising and Selling league and is such a novel idea that it insures a wide advertising to Omaha as well as guaranteeing a great interest in the forthcoming loan, as citizens watch the rapid growth of the monument from day to day.

Every detail has been carefully worked out. Architects have gone over the plans and made drawings of the approximate shape of the monument.

The foundation will be laid by the Woodmen of the World at noon, Monday, October 7. The size of the foundation will be governed by the amount of Liberty bonds sold by that order.

To Store Monuments. The captain of each district in the city will have as many boxes as there are "thousands" in the quota of bonds for his district. These will be stored or built into little "monuments" at some place in each district.

Every day the captain of each district will order a certain number of boxes taken to the court house square, this number being determined by the number of thousands of dollars worth of bonds sold in his district.

Each day at noon some organization will build up the monument with all the boxes delivered that day to the court house square. A large number of these boxes already are on hand and thousands of others are being made with all possible speed and will be ready in plenty of time to go into the biggest monument Omaha ever had.

POSTERS SHOW HUN "KULTUR" FOR LOAN DRIVE

Advertising Supplies for the Fourth Liberty Loan Drive; New Sub-Committees Are Appointed.

Thousands of Fourth Liberty loan posters and 63,000 lapel buttons were received Monday at Liberty loan headquarters.

The posters are of four kinds, all of rather a "gruesome" nature, illustrating the horrors of the German brand of "kultur" and of German methods of warfare. One is captioned, "Must Children Die and Mothers Plead in Vain?" by Walter Everett. The other three are "Hun or Home?" by Henry Raleigh; "Remember Belgium," by Elizabeth Young, and "Beat Back the Hun with Liberty Bonds," by F. Strothmann.

All are rather of the "impressionistic" style of charcoal drawing. The buttons are plain, showing simply a Liberty loan flag with four stripes and the words around the edge, "Fourth Liberty Loan."

W. J. Coad, chairman of the business men's committee of the Fourth Liberty loan, has appointed two sub-committees. One is the foreign corporation committee, on which are W. D. Hasford, William Monahan, James E. Ludlow and Robert Howe.

The other is the South Side business men's committee, composed of William Tagg, James Owen, W. A. C. Johnson, Frank Coad, G. J. Ingwersen, F. G. Kellogg, F. A. Cressey, George F. Gibbs and West Adkins.

Members of these committees are already calling on business men and firms, talking over the probable subscription to the loan with each firm and individual. This work is also done by the men's organization under Samuel Burns and the women under Mrs. Frank Judson.

J. H. Mithen has been appointed chairman of the loan committee in charge of Douglas county outside of Omaha, in place of James T. Wacobi, who has been made secretary of the committee for Douglas county.

Chairman Byrne and Secretary Folda of the state committee are continuing their conferences with county chairmen throughout the state.

Food Head Directs Sugar Amounts to State Candy Makers

Definite amounts of sugar that candy manufacturers and bakers, and soft drink manufacturers may have for the last quarter of this year were announced yesterday by Gordon W. Wattles, Federal Food Administrator for Nebraska.

These certificates will be issued for the months of October, November and December by the local office.

Candy manufacturers will be allotted 50 per cent of the amounts they used in July, August and September of 1917. This gives them the same amount they received in July, August and September of the present year.

Bakers may have 70 per cent of the amount they used in July, August and September of 1917, which is the same as they received in the past three months of the present year.

Soft drink manufacturers will be allotted a maximum 50 per cent of their use in July, August and September of 1917. However, if their use in October, November and December, 1917, was less than what they used in July, August and September of 1917, then their coming allotment will be based on the use in October, November and December, 1917.
