

Nebraska OFFICE HOLDERS OF NEBRASKA OUT UPON CAMPAIGN

State House Deserted by Democrats, Who Are on Trips Through Country, Pursuing Votes.

From a Staff Correspondent. Lincoln, Sept. 24.—(Special).—This is a busy time for state officers out of the state house...

Governor Neville is in northwest Nebraska explaining why he did not incorporate the prohibition ratification amendment in his call for a special session of the legislature.

Secretary of State Pool is charging up the hill in an effort to dislodge Congressman Kinkaid from his life job in congress.

State Auditor Smith is in the Fourth district in an effort to convince the voters there it is time to send a democrat to represent that district in congress.

State Land Commissioner Grant Shumway is "somewhere in Nebraska." He may be appraising land or perhaps interviewing voters.

Who can tell? The commissioner is very conscientious and it may be if he is out at state expense he will insist that if any voter wants to vote for him he must say nothing about it.

State Superintendent Clemmons took his trip early and is just back. Mr. Clemmons used to be a democrat, but is not any more.

Also Reed and Hall. Attorney General Willis Reed and State Treasurer George Hall are also out in the state somewhere.

What they are doing nobody here will tell. Mr. Reed was a candidate for the democratic nomination for the United States senate, but has now given up the idea that he will run this year.

Mr. Hall is not a candidate for anything. He is either wise enough to see the handwriting on the wall or else he has some other reason, perhaps the latter.

Indications are that there is considerable factional feeling in the case as is indicated by the large number of members of the church who are here from Creighton.

Plenty of Planes Reaching U. S. Army, Says Sen. Thompson

Washington, Sept. 24.—Describing his recent visit to the western front, Senator Thompson of Kansas, democrat, told the senate today that the general operation abroad is that another year will be required to bring Germany to its knees.

Despite the criticisms in this country of the aircraft program, he said, planes are now arriving in France "about as rapidly as they can be taken care of."

He made statements made in the senate some time ago that in July only one battle plane equipped with Liberty motor was in France.

The first five planes equipped with Liberty motors had the misfortune, he said, to land behind the German lines. He pronounced the Liberty motor as the "best motor in existence" and worth whatever loss had been caused by delay in perfecting it.

Lone Bandit Holds Up Train and Robs Mail

Unaccompanied mail and baggage coach and then made his escape after compelling the engineer to haul him to a point near Edgewood, Wash.

An all night search of the woods in the vicinity, a scouring of all the roads and a patrol of the water front between Seattle and Everett failed to reveal any clue to the robber. Bloodhounds from the state reformatory were put on the scent and a track leading into the woods was taken up.

COUNTY BOARD DEFERS PROBE OF LIQUOR CASE

Commissioners Will Wait for Regular Meeting to Investigate Alleged Find of Whisky Bottles.

Notwithstanding the fact a meeting of the county commissioners had been called by Commissioner O'Connor, chairman of the court house committee, to investigate the alleged finding of whisky bottles on the ledge of the court house, opposite the windows of the sheriff's office, at 10 o'clock yesterday, no proceedings were held.

Commissioner O'Connor said: "I do not think there is anything to it. We could only investigate today as individuals and our findings would not be of any official value. We should have a full board present at a meeting regularly and legally called for the purpose by the county clerk."

Commissioner McDonald is off on a hunting trip and will not be back until the latter part of the week. Commissioners Neble, O'Connor and Hoffman were the only members of the board who responded to the call.

They deferred action and will have the county clerk issue a call for a special meeting to be held at 2 o'clock Monday afternoon, September 30. This will be the regular meeting day of the commissioners.

A recess will be taken from the forenoon business meeting and the special order taken up.

"No Bootlegging"—Neble. Commissioner Neble, speaking of the matter said: "I have made considerable personal investigation myself. I went up on the court house roof Saturday. I found some bottles in the places indicated and am satisfied it was no plant and that some person had been drinking whisky and had thrown the bottles out, just as has been done from many of the other buildings in the downtown district. I am satisfied there was no bootlegging."

Sheriff Clark says that none of the brands on the bottles have ever been officially in the possession of his office since he has been occupying his official position.

It is intimated that empty whisky bottles have been lying around the edges of the court house since the first and easy days of the regime of Sheriff McShane and have never been removed by the court house employes.
