

SOUTH SIDE FIND DEAD BODY OF BARBER WITH CUT OVER HEART

Police Mystified as to Cause of Death of Man Found in Patch of Weeds Early Thursday Morning.

Was it murder or suicide that caused the death of J. H. Gilbert, South Side barber, whose body was found early Thursday morning in a patch of weeds on a lot between O and P streets and Twenty-first and O streets?

The nature of the man's wounds led the police to believe the man was killed and his body taken to the spot where it was found.

Gilbert has worked in the barber shop of William Simmons, near Twenty-fourth and N streets since June 3, of the present year. Previous to that he worked for a number of years at Sutton, Neb.

Wednesday evening, about 8:30 he drew \$2 from his employers and left the barber shop. That was the last that was heard of him until morning when Joseph Kuncel, 5028 South Eighteenth street, and a companion on their way to their work at the Morris Packing company's plant, espied his body lying in the weeds.

Stabbed Over Heart

Police were notified and Officers Jackman and Francl, with the ambulance, went to the place and found the man had been stabbed over the heart, the wound being about five inches in depth and several inches wide; there was also a scalp wound, and his eyes had been blackened and his lip split.

Gilbert boarded at 5022 South Twenty-second street. After an investigation, police alleged he had been addicted to the habit of using medicated alcohol. A number of empty bottles that had contained the liquor were found in his room.

His employer and fellow workers stated that he was perfectly sober when he left the shop, and was not accompanied by any person. They say he was a man who was comparatively solitary in his habits and did not have any close or confidential friends. There was a slight bruise on one of his cheeks, but not of sufficient size to attract any undue attention.

No Sign of Struggle.

Police made an investigation of the spot where the body was found, but there was very little blood and no marks of a struggle. They are investigating the theory that he was murdered at some other place and his body taken to the spot where it was found. The stab wound in the left breast was what undoubtedly caused his death. The man bled internally after the wound had been inflicted.

Former Bee Man in France Optimistic About War

Asserting his belief that Bill Hohenzollern soon will find himself a material "Man Without a Country" and laconically declaring that "we will all be in hell, Heaven or Hoboken by Christmas," Milton Muirhead, son of Dr. A. L. Muirhead, of this city, writes from France in an optimistic tone.

Young Muirhead says he has traveled almost 12,000 miles since his enlistment shortly before the outbreak of war between the United States and Germany.

He says everywhere he sees Omaha trademarks and that the Nebraska metropolis is one of the best advertised towns "over there."

Speaking of a little "joy ride" in a "wop" car, the young soldier says: "Had a wild ride in the old Fiat the other night. One of the men was sick and as I happened to be here I got the trip. She sure is some bus and has all the speed in the world, but hasn't enough power to pull the hat off your head. She may be Italian and cost 3,600 iron men, but I would rather have a light six, Buick or Dodge, than half a dozen of the 'wop' cars, but you have to pay a little for that."

Parole Men Charged with Robbery of Storehouse

Don White, 310 Hickory street, Alec Britton, 2209 South Twenty-first street, and John Lynch, arrested before Judge Redick in criminal court Thursday morning on a charge of robbery of the Sam Greenberg storehouse, 2403 Hickory street, on September 15, pleaded guilty and were paroled.

The leniency extended to the men followed the recommendation of clemency on the part of the prosecuting witness and on the suggestion of Adult Probation Officer Andrusen. It was the men's first offense, and White and Britton have families depending upon them. Lynch agreed to enter the government employ. The amount of goods taken was \$123, including eight cases of eggs valued at \$93.60.

Combing Won't Rid Hair of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the fingers.

Do this tonight, and by morning, most if not all, of your dandruff will be done, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.—Adv.

BUSINESS FIRMS "AGREE" TO BUY LIBERTY BONDS

Heads of Big Establishments Meeting with Loan Committee to Decide on Quota.

Sale of Fourth Liberty loan bonds to 800 business firms of Omaha began Thursday morning. To conform with the ruling that actual sale of bonds shall not start until October 7, the present transaction is called merely an "agreement."

A committee of Liberty loan heads and bankers began "agreement" sessions Thursday morning at the Federal Reserve bank. Eight hundred firms have been notified by letter and given appointments to meet the committee. By Saturday night the committee expects to have agreed with each firm what its just and proper share of the loan is. Then a card will be signed up and the captains notified, in each case, so that they will not visit these firms in the regular solicitation.

On the committee are W. J. Coad, T. C. Byrne, W. D. McHugh, W. C. Fraser, B. E. Wilcox, W. R. Adair, Paul W. Kuhns, F. H. Davis, F. T. Hamilton, W. E. Rhoades, W. D. Hoston, E. F. Folda and O. T. Eastman.

Miss Margaret Riley Resigns as Secretary of Red Cross Salvage

Miss Margaret Riley, secretary of the salvage division of the Omaha Red Cross, has tendered her resignation, to take effect October 1.

Her fellow workers will feel keenly the loss of Miss Riley's services. She has been identified with the department ever since its inception, and with the exception of a brief vacation this summer, has devoted her entire time to the department.

When she assumed her duties, with the starting of the department the receipts were very modest, approximating about \$90 per month. It has now grown in volume and brings into the Red Cross coffers \$1,700 per month.

It was due to the enthusiasm and real executive ability of Miss Riley, as secretary that the salvage department has grown into one of the real big businesses of the city, possessing not only a financial value to the Red Cross, but also an economic and social value to the city.

She early recognized the opportunities and possibilities of the venture, and with rare enthusiasm and discretion she organized what is now a large institution, of practical help to many of the poor of the city—and one of Omaha's most unique welfare institutions.

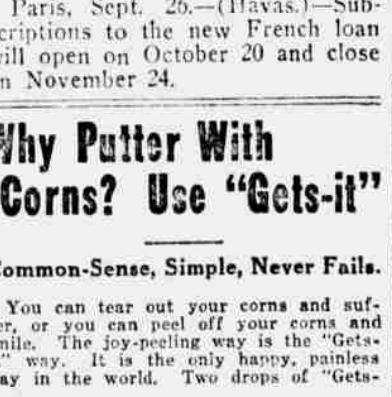

Mrs. Frank Adams, president of the corps, and other officers, very much regret the resignation of Miss Riley from the service.

Why Putter With Corns? Use "Gets-it"

Common-Sense, Simple, Never Fails.

You can tear out your corns and suffer, or you can peel off your corns and smile. The joy-peeling way is the "Gets-it" way. It is the only happy, painless way in the world. Two drops of "Gets-it" on any corn or callous dries at once. The corn loosens off from the toe, so that you can peel it off with your fingers in one piece, painlessly, like peeling a banana. "Great stuff, wish I'd done that before." There's only one corn-remover—"Gets-it." Toes wrapped up big with tape and bandages, toes squirming from irritating salves, it's all a barbaric torment. Ties wounded by razors and knives, that's butchery, ridiculous, unnecessary, dangerous. Use "Gets-it," the liberty way—simple, painless, always sure. Take no chances. Get "Gets-it." Don't be misled by imitations. See that you get "Gets-it."

"Gets-it," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Mfd by E. Lawrence & Co., Chicago, Ill. Sold in Omaha and recommended as the world's best corn remedy by Sherman & McConnell Drug Co.'s Stores.
