Mr. Colver's testimony Bureau Plans Are Failure was largely in support of the commission's allegations that the packers were interiocked with financial is stitutions, and he gave names of numerous directors and former officers of the Chamber of Commerce who, he said, are officers in banks which have made large loans to the

### COUNCIL PASSES RESOLUTION 19 BAR FIRE UNION

Zimman Announces No Plan to Cope with Firemen Guilty of Insubordination Under

Ruling of City Council. The city council wasted neither time nor words at its regular meeting on Thursday morning, when Mayor Smith's resolution, affecting the fire department, was adopted by the votes of the mayor and Commissioners Ure, Zimman, Towl and Ringer. Commissioner Falconer was excused from voting and Comissioner Butler was absent.

The effect of this resolution means that 255 men of the fire department are placed in the status of being guilty of insubordination and subject to "proper discipline."

When the resolution was read by the clerk and voted upon by the members of the council, the mayor briefly a nounced: "Proceed with any other business

you have, Mr. Clerk. After the meeting was over, the mayor said, "I don't-think that we will have any insubordination." Intimate Suspension of Men. Superintendent Zimman declared he was not ready to outline his

course of action in pursuance of the

terms of the resolution, but he intimated that in the course of time men of the fire department who are known to be members of the union which is affiliated with other labor organizations, will be suspended. The firemen, through their spokesmen, declared that there is nothing more for them to do; that it is up to the city officials to take the next step.
