AMERICANS MAKE BREACH IN GERMAN DEFENSE SYSTEM

Field Marshal Haig Reports Successful Attack by U. S. Troops Operating in Conjunction With British; More Than 5,000 Prisoners Taken in New Offensive on the Cambrai Front.

London, Sept. 27.—Americans operating on the extreme right of the British this morning captured a series of trenches and fortified farms forming the outer defenses of the Hindenburg system southwest of Le Catelet, north of St. Quentin.

This report gives the first intimation received here that American troops were operating in the St. Quentin sector. At the beginning of the offensive American troops were brigaded with British around Arras, but they have not been mentioned in the fighting since then.

British troops today advanced to a point within three miles of Cambrai. They took between 5,000 and 6,000 prisoners. Some German guns, including a complete battery, were captured by Field Marshal Haig's men.

Haig's maximum advance today was three miles. The Hindenburg outposts defenses were crossed at several points. At 2 o'clock this afternoon the British line ran southwest of Gouzeaucourt, east of Beaucamp, west of Marcoing and east of Graincourt, where some of the enemy were still holding out.

The capture of Bourlon is of the highest importance, because it is the bulwark of Cambrai. It was captured notwithstanding the water line in front of it, the whole of which has now been crossed.

British Headquarters in France, Sept. 27.—Field Marshal Haig's forces at dawn this morning delivered an attack over a wide front. A heavy rain falling during the early hours made the work of assembly more difficult, but sometime before zero all the troops were in position.

Peace Preparedness Proposed by Weeks In Senate Resolution

Washington, Sept. 27.—Creation of a special congressional committee on after-the-war reconstruction, is proposed in a resolution introduced today by Senator Weeks of Massachusetts. The senator said the end of the war might come sooner than many anticipated and that unless the country provides for the future, it will be caught in the same condition of unpreparedness for peace as it was unprepared for war.

JUSTICE TO ALL NATIONS PEACE PRICE

There Can Be No "Coming to Terms" With Germany, Says Wilson in Opening Loan Campaign.

New York, Sept. 27.—The price of peace will be impartial justice to all nations, the instrumentality indispensable to secure it is a league of nations formed not before or after, but at the peace conference, and Germany, as a member, will have to redeem its character, not by what happens at the peace table, but by what follows.

Peace was not a question, declared the president of "coming to terms" with Germany, as they have made it impossible. "Peace must be guaranteed, for there will be no peace, unless the peace promises have proved trustworthy and means must be found in connection with the peace settlement to remove that source of insecurity."

The president emphasized that justice to be obtained by the league must involve no discrimination toward any people. This he set forth explicitly in a set of five principles which he enumerated as "the practical program" of America's peace terms, and for the maintenance of which "the United States is prepared."

Enemy Resistance Overcome and Champagne Advance Continued; 20,000 Prisoners for Allies.

London, Sept. 27.—The number of Germans taken prisoners by the French and Americans in their drive in the Champagne and to the east exceeds 20,000, according to a Paris dispatch to the Exchange Telegraph company.

With the American Forces, Northwest of Verdun, Sept. 27.—Along the entire American front the Germans made a stand today, but in spite of their determined efforts to hold, their positions yielded one after another to steady hammering.

The sweeping advance of the first day was slowed down, but tonight the line had been moved forward far enough to satisfy headquarters and win the praise of the French, whose liaison officers are closely observing the operations.

Resistance Increases. Counter attacks of the enemy failed to make any impression on the American front, the whole line of which was slightly advanced during the day. It included tonight the villages of Charprey, Verp, Epinonville and Ivroty.

BALKAN KINGDOM SEEKS TRUCE AS ARMIES RETREAT

Turkey, With Its Military Forces Shattered, in Palestine, Expected to Follow Neighbor's Example When Cut Off From Allies; Austria-Hungary Menaced With Invasion Through Back Door.

With the welding of the armies of the entente into a compact whole under the command of the inter-allied war council, guided by the masterful strategy of Marshal Foch, apparently has come the first break in the united front of the central powers.

Bulgaria, smallest of the Teutonic allies, seems to have struck her colors. Premier Malinoff has asked for an armistice to consider terms of peace. Whether he is acting upon his own responsibility as the representative of a revolutionary party or with the approval of King Ferdinand and the government, remains in doubt.
