Women in War Time

Mrs. McAdoo Pronounces Men and Women Equal Partners in Drive

That the greatest glory in the woman's work lies not in the amount of work done, but in the larger number of subscriptions sold, is the expression of Mrs. Eleanor Wilson McAdoo, wife of the secretary of the treasury and daughter of the president, who serves as national chairman for the woman's committee.

The results of the last campaign have more than justified the belief of the Treasury department in the ability of women to stand shoulder to shoulder with men in organizing and conducting the campaigns for the sale of Liberty bonds, and in their right to the title "EQUAL PARTNERS."

County Organization. The scope of woman's Fourth Liberty loan committee is broadening as the block system seems to be gaining in popularity.

Mrs. W. J. Hynes will be her assistant chairman and Mrs. W. A. C. Johnson secretary. Maps of townships and farming districts have been sent to the following captains of their respective communities: Ralston, Mrs. John Lamb; Bennington, Mrs. Wayland Magee; Elkhorst, Mrs. J. A. Gibson; Elk City, Mrs. Charles Shumaker; Waterloo, Mrs. Otto Wilson; Valley, Mrs. Roy Erway; Millard, Mrs. Detwiler.

Liberty Loan Notes. Mrs. Stanley Green, captain Third precinct of the First ward, wishes all lieutenants to meet at her home, 1915 Emmet street, Monday evening at 8 o'clock, to receive literature and final instructions.

A community meeting at Madison school, South Side, will be held Wednesday afternoon at 4 o'clock. Arrangements have been made by Mrs. W. P. Adkins, captain of the 17th precinct, Sixth ward, for an interesting musical program.

Mrs. W. A. Yoder, major of Florence committee, has called a meeting of all captains and lieutenants at the school house at 2:30 o'clock Tuesday, Mrs. Frank Judson will speak.

Mrs. R. Kulakofsky will have a meeting of her lieutenants at her home, 2202 Fowler avenue, Tuesday, October 1, at 4 o'clock. Mrs. Judson will speak.

Join Patriotic League. Every member of the Young Women's Hebrew association joined the Patriotic league, at a meeting held last week, where Miss Frances Range addressed the young women. First meeting of the Patriotic league will be held Monday at 8 o'clock in the evening at the club rooms, Lyric building. Community singing and drilling will be the features introduced. One hundred and seventy-five dollars was contributed by members for war relief. Other war work of this organization includes a large Red Cross knitting circle, home nursing and Belgium relief sewing. Miss Rosalia Lebovici is the instructor for French class Thursday evenings at 7:30 o'clock.

Women at County Fair. Successful activities of various departments of Woman's War Work as presented at the state fair in the booth of the woman's committee, Nebraska Council of National Defense, prompted Prof. Sarka Hrbkova, state chairman, to undertake the same plan at each of the county fairs. Woman's committee booths have been conducted at county fairs in the following places: Cass county at Broken Bow, Mrs. Alpha Morgan, county chairman; Gage, Beatrice, Miss Julia Fuller; Howard, St. Paul, Mrs. Mary Paul; Kimball, Mrs. C. L. Alden; Lincoln, North Platte, Mrs. R. F. Cotterell; Pawnee, Pawnee City, Mrs. Albert Ballance; York, Mrs. C. A. McClelland.

Mend Soldiers' Socks. Members of the North Side Mothers' club are urged to be present Monday and Tuesday mornings at 10 o'clock at meetings to be held at the home of Mrs. G. R. Gilbert, 2611 Bristol street, to help repair 1,000 pairs of socks. The socks belong to the soldiers at Fort Omaha and the boys are badly in need of them. Each member is requested to bring one friend as a guest and to take a personal interest in getting these socks done.

Belgian Day Proceeds. Miss May Mahoney, chairman for the Belgian day drive for funds, announces the total proceeds up-to-date to be \$15,305.59.

The check for this amount will be sent Monday to Major Leon Osterrieth, chief of the Belgian military mission in Washington. Expenses for the local drive were paid by the chairman.

Golf Club to Meet. Prettiest Mile Woman's Golf club will be entertained at the home of Mrs. A. T. Muirhead, Tuesday evening. A miscellaneous program will be given.

Nurse in Nebraska Unit Writes of Hearty Greetings in England

Some idea of the enthusiastic reception accorded Nebraska Base Hospital Unit No. 49 on its arrival in England can be gleaned from the following letter received from Southampton by Miss Lulu Hunt of Omaha from her sister, Mrs. Nellie Hunt Smart, one of the Red Cross nurses in the unit: "England at last—I surely can say I am proud of having come of English stock. The people have been wonderful, so happy to see us and so eager to aid and make us comfortable. The nurses certainly have learned to love them. Even the little children hail us and sing our own songs, such as 'Hail, Hail, the Gang's All Here' and 'Over There.' Women throw us kisses and even one man seemed not ashamed to shed tears. The weather is, as English weather is, rainy, but I expected that. The letter from King George is wonderful, isn't it? Thought you would enjoy getting it. 'Will not write much, as my time is limited as well as paper, though when I get my final stopping place I will write in different letters my sights and doings.' The hospital unit is now located in France.

MRS. NELLIE H. SMART.

Parents Thank Omahans For Kindness to Soldier Son

To The Omaha Bee: Kind friends have sent us a copy of The Bee of September 22, which shows some young men and girls at a piano in the Young Women's Christian association, our son among them, and he looks so jolly and happy. I want to say right here, you have won the admiration of every soldier boy in camp in Omaha, especially my boy, when you say they don't want to be transferred anywhere else except overseas. He has been in training camp seven months and in several camps, but he says, 'There is no place like Omaha for me.' In every letter he sends home he tells of some kindness Omaha people show him. I tell you, we mothers appreciate it, and I wish I could meet each and every one of the people and thank them personally. 'One day he told of some people who had invited him for a car ride and then home with them to eat watermelon and ice cream. He said, 'Mother, you don't know how nice it seems to get into a real home for awhile. It sure makes a fellow feel like living a clean life.' 'You can print my letter or not, but I have tried to show our appreciation to the people of Omaha for the glad hand, they extend to our boy, while he is among them. He has a clean record, and may God bless the people, that help to keep it so.—Mr. and Mrs. R. Hughes, Marshall, Okl.'

The photograph referred to was a Sunday feature story on War Camp Community Service printed in the woman's section last Sunday.

War Work Pamphlet. 'War Work for Women,' is a very useful pamphlet gotten out by the information department of the National Council of Defense. It contains a list of occupations, both paid and volunteer, which are open to women in war work, classified as to requirements, salaries, foreign or home service and to whom and where to make applications. Copies can be had by applying to any county chairman of the woman's committee or to the state chairman, Prof. Sarka Hrbkova, at Lincoln.

Dr. and Mrs. Conlin will then go to North Platte to spend a few days with Mrs. Conlin's parents, and then to Madison, Wis., to visit Dr. Conlin's parents, after which Mrs. Conlin will go with the doctor to his station, if he is located near enough so this will be possible.

Sugar Waste in Tea and Coffee

The following bulletin was among the most forceful and effective bits of conservation propaganda at the New York food show last month. It was put out by the National Sugar Refining company of New Jersey.

'Save the waste!'" "100 million cups coffee used daily in the United States." "170 million cups tea used daily in United States."

"If even an average of half a teaspoonful of sugar per cup is left undissolved in the bottom of the cups of tea and coffee, the waste would be 1,700,000 pounds of sugar daily!" "Stir your sugar until it dissolves!" It is estimated that one-third to one-half of all sugar used in homes is used in tea and coffee. Think it over—how is it in your home? Isn't there a chance for saving?"
