SOVIET TROOPS IN FLIGHT WITH ALLIES PURSUING

American Troops Advance More Than 50 Miles in Northern Russia, Taking Many Troops.

By Associated Press.

Archangel, Tuesday, Sept. 24.—American troops, who are taking part in the operations in virtually all sectors on the northern Russian fro[nt] have captured several villages [in] ent fighting.

net result of the fighting in the Americans co-operated [with] e British and Russians in taking many more places in the last ys along the Dvina, is an ad[vance] of more than 50 miles.

e bolsheviki are fleeing to tlas, and the allies are continuing pursuit.

Kotlas is on the Dvina river, a stance of 325 miles inland from rchangel in a southeasterly direction.

Enemy Ships Sunk.

tish and Russian airplanes are nually observing and bombing bolsheviki.

hese operations have been accompanied by the sinking of at least ur enemy ships, the capture of several guns, many machine guns and much war material. A few prisoners also have been picked up, to the number of nearly 100.

The enemy ships, retiring hastily toward Kotlas, sowed mines as they went back and the allied progress has been impeded by the necessity of mine sweeping. Allied casualties have been small.

Japanese Advancing.

London, Sept. 28.—In eastern Siberia, Japanese mounted troops marching eastward from Chita and northwest from Blagioveistschensk, have effected a junction at Rufulov, 306 miles northwest of Blagioveistschensk, according to a Japanese official statement received here, and have occupied Zeyapristan, on the River Zeya.

British General in Command.

Washington, Sept. 28.—General March announced today that allied and American forces operating south of Archangel have been placed under command of General Poole of the British army. The American units are commanded by Colonel Stewart.

French Legion Here to Aid In Fourth Liberty Loan

FOREIGN LEGION OF FRANCE.

Members of the famous French Foreign Legion, whose reckless bravery has won for every member of its unit decorations from France, arrived recently in New York, commanded by Capt. Chastenet de Gery. The legion will work for the success of the Fourth Liberty loan. After spending a day in New York they left for Washington, where they will visit the president, and later be assigned to different speaking routes for the loan.

CENTRAL POWERS SEND TROOPS TO BULGARIA'S AID

to Bulgaria and will pass through Sofia so the Bulgarian population will see that forces are being sent to their assistance, an Exchange Telegraph Copenhagen dispatch quoting the Deutsche Teges Zeitung of Berlin says.

"It must therefore, be hoped that the king and the pro-German elements must again soon be masters of the situation," Theodor Wolff is quoted as writing in the Berlin Tageblatt.

London, Sept. 28.—"The advance of the entente allied forces in Macedonia continues," says an official statement issued tonight by the British war office. Greek troops are pushing to the eastward along the Belashitza range.

British and Greek forces also are moving on Petrich along the Strumnitza valley. Petrich is about 20 miles inside the Bulgarian frontier. Several guns of various caliber have been captured.

Serbians Take Veles.

The city and fortress of Veles, one of the important bases of the Bulgarian forces in southern Serbia, on the Vardar river, has been captured by Serbian troops, the Serbian war office announces in a statement dated Friday.

The Serbian forces are pushing on from Vesles toward Uskub. The troops defending Vesles were taken prisoners.

Serbian troops have reached Ratavista, 15 miles north of Ishtib, and have advanced a considerable distance beyond Kochana, toward the Bulgarian border.

Priests Hide Church Bells.

Zurich, Sept. 28.—Several Polish Roman Catholic priests, together with leading members of their congregations, have been imprsioned by the Germans because they concealed church bells to prevent their confiscation by the German military authorities, Warsaw papers report. They were told that they would have to remain in jail until the bells were found. Some years ago, Paderewski, the pianist, gave a magnificent bell to the church at Kansna. This the Austrians have requisitioned to the intense indignation of the parishoners.

Enjoys Killing Boches.

Paris, Sept. 28.—First Lt. Rene Fonck of the French air service is officially credited with the destruction of 60 enemy planes, although he has actually forced down 97 since his first flight, August 6, 1916. "I have had the joy, the murderous joy, of having killed 67 crews," Fonck wrote recently," and I must confess that no nightmares disturb my sleep. The more I kill of these assassins the happier I shall be, and the more convinced taht I have worked, not only for France, but for humanity."

Doughnuts in Dublin.

Dublin, Sept. 28.—The "American Soldiers' club, "established here by the American Red Cross, is probably the only place on this side of the water where real American doughnuts and ice cream are part of the bill-of-fare. The club is located in the center of the city, and is open daily from noon until 10 o'clock at night. American women are constantly in attendance and there is an information bureau, competently staffed.

ed that there will be at least one feature which will be a surprise.

The carnival grounds will be open all week. The Con Kennedy shows, which were opened on last Wednesday, have been pleasing the crowds and the management predicts generous patronage all of this week. The show people are resting today and they promise Ak-Sar-Ben visitors the best they have until closing time next Saturday. This aggregation of attractions is unusual because of its variety. The wild west and animal show combined offer a thrilling and interesting exhibition of animal taming, rough riding and other features. There are several educational shows and there is enough diversity to please all classes of people.

Free Parking System.

The police department is maintaining a free automobile parking system which embraces Davenport street, Thirteenth to Fifteenth streets, and on Thirteenth and Fourteenth streets, north of Davenport street. Several men have been detailed to watch machines and to issue claim checks to owners. This is a special privilege for out-of-town people, but is open to all Ak-Sar-Ben visitors.

Interest in the parades has been increased by assurances that two bands will be here from Camp Dodge. They will appear on Wednesday night and on Thursday afternoon.

Route of Parades.

The route of the electrical parade follows:

Sixteenth and Cuming, south on Sixteenth to Douglas, east on Douglas to Tenth, south to Farnam, west on Farnam to Twentieth, south to Harney, east on Harney to Sixteenth, south to Howard, east on Howard to Fifteenth and then north to Capitol avenue. This parade will be started promptly at 8 o'clock.

Senators Hear Reading Of President's Speech

Washington, Sept. 28.—President Wilson's Liberty loan speech at New York last night was read to the senate today and ordered printed as a public document. Senator Shafroth of Colorado requested printing of the address, suggesting a million copies.

SPANISH "FLU" TO BE FOUGHT WITH VACCINE

Serum Found to Be Preventive of Pneumonia to Be Used in Combating the Epidemic.

Washington, Sept. 28.—Vaccination with a recently discovered serum which, from tests just completed at several army camps has been found to be an almost positive preventive of pneumonia, will be used to combat the epidemic of Spanish influenza which, in the week ending today, had made its appearance in every state and in all but few army camps causing many deaths.

Use of the vaccine will be widely extended, congress today having appropriated $1,000,000 to be used by the public health service in fighting Spanish influenza and other communicable diseases. The resolution carrying the appropriation offered in the house by Representative Gillett of Massachusetts was adopted by a unanimous vote in both houses.

YANKS SHELLING BRIDGES OF MEUSE

a large amount of German ammunition and supplies.

There were German supply stations of various kinds in the region of Dannevoux, from which the enemy was unable to withdraw his material because of the fire from American long-range guns, which had the range of the bridges across the Meuse.

Repairs Quickly Made.

American engineers are busy close behind the advanced line repairing roads and bridges and preparing a way for the movement of artillery and truck trains.

The congested conditions necessarily incident to a rapid advance have been relieved rapidly in the past 12 hours.

In spite of statements made by prisoners, that the attack was foreseen, it is evident that the enemy had not been able to make adequate preparation to meet it or retire. He lacked reserves to defend the rear positions. The American advance already has cut across the only rail connection between the two main railroads coming from the north.

To the Extent of Your Ability

True Economy Is to Buy the Best

Economy consists of buying worth-while goods that will give satisfaction—paying fair prices for the same, and not in being caught by catch-penny methods or merchandise.

QUALITY ALWAYS PAYS FOR ITSELF.

The Thompson- Belden Store is noted for quality. Our exacting standards have been in force since 1886—considerably more than 30 years.

We can, but **will not,** lower these standards. You can feel safe in making selections here.

Women's Apparel *of* Charm and Interest

Good judgment in the selection of a costume more often achieves success than does lavish expenditure. A few well-chosen garments are infinitely better than more numerous commonplaces.

The Thompson-Belden Store now presents an exceptionally extensive display of

Fashionable Wearing Apparel

That is distinctly superior to the ordinary in every detail of design, fabric and quality of workmanship.

Suits $39.50 upwards.
Wool dresses $25 and more.
Coats $35 and upwards.
