OFFRAGE VOTE
Republican Candidate for Governor Scores Democratic Senator for His "Support" of President.

Fairbury, Neb., Oct. 4.—(Special.)—S. R. McKelvie, republican candidate for governor, last night delivered an address here before an enthusiastic crowd. He said in part: "The democracy of Nebraska and the nation have been trying for two years to convince the voters that in order to stand back of President Wilson and support him we had to vote for only democrats from the highest to the lowest office on the ticket. Two years ago in Nebraska this seems to have won and Hitchcock and Neville were elected. The same argument has been raised this year by Governor Neville, the World-Herald, Gooch's Lincoln Star and democrats generally.

"This illogical argument of the democrats was answered for all time last Tuesday by a record vote in the United States senate on the suffrage constitutional amendment. President Wilson had come before the senate and urged in the strongest possible terms the passage of the measure as an essential war measure. "He said: 'I tell you plainly, as commander-in-chief of our armies and of the gallant men in our fleets * * * that the measure which I urge upon you is vital to the winning of the war and to the energies able of men and women of battle.' "On the roll call of this measure, passage of which the president had thus urged, we find 27 out of 37 republicans voted with the president, about three out of the four, while only 21 out of 47 democrats voted with the president, only two out of five.

"There were only 30 senators opposed to the measure after the demand of the president for its passage and 21 of these were democrats, or seven out of 10 were democrats, and the democratic senator of this state was one of them. "He is the man, as owner of the World-Herald, who has been trying to convince the voters of this state that the only way to stand by the president and help win the war is to support the lieutenants who are candidates for office on the democratic ticket. The democrats now will have to find a new issue. By their own votes they have forever settled the question of who is supporting the president."

Kearney State Normal Will Be Used to Train A. T. C. Kearney, Neb., Oct. 4.—(Special.)—Captain Zillmer, federal inspector of student training camps for the eighth district, was in Kearney today and after inspecting the State Normal school equipment and accommodation, wired the War department a recommendation that 300 men be accommodated here for training. The officer stated that the school barracks, mess facilities and maneuvering grounds, were among the best in the district and was ideal for a camp of at least 300 men. The school was originally designated as training 100 men. Enrollment is still open and \$30 per month is paid the men besides free board and barracks.

Salvage on Kearney Canning Factory Goes for Big Sum Kearney, Neb., Oct. 4.—(Special.)—Although receiving insurance for nearly the entire amount of his loss in the recent fire which destroyed the Kearney Canning factory and contents, Manager Bowker has sold the salvage to A. Palmer, of Beatrice, who is to market the salable product. The fire loss amounted to \$80,000, and the salvage is expected to amount into the thousands. Manager Bowker announced today that the factory would be rebuilt at once, machinery already having been ordered.

Nebraska City Woman Weds Lieutenant in East Richmond, Va., Oct. 4.—(Special.)—Former announcement was made today of the marriage of First Lieutenant Governor M. Porter, U. S. A., 26, and Mary Elizabeth Higley, 22, both from Nebraska City, Neb. The knot was tied here late yesterday. Lieut. Porter is stationed at Camp Lee and expects to go overseas soon. It is understood he was met here yesterday by his fiancée.

Workmen at Plattsmouth Take Many Liberty Bonds Plattsmouth, Neb., October 4.—(Special.)—The workmen in the Burlington shops at this place have taken up to yesterday noon, over \$40,000, of the fourth Liberty loan bonds. While the workmen are working for all they receive, and have the high cost of living to combat, they are demonstrating their loyalty, and their Americanism, in a commendable manner.

Cut Down Deliveries. Fremont, Neb., Oct. 4.—(Special.)—Beginning next Monday only two deliveries of merchandise will be made daily in Fremont. B. W. Reynolds, acting for the War Industries board, has divided the town into zones and designated the hours for delivery. Special delivery trips will be eliminated in the plan to conserve man-power.

Clothing for Belgians. Fremont, Neb., Oct. 4.—(Special.)—Two tons of clothing, double the quota asked of Fremont, were started on the way to Belgium by the committee in charge of the work. Nineteen big boxes were filled with the garments.

JEFFERIS FOR CONGRESS Be Sure That You Are Registered So You Can Vote November 5.

Two Fremont Light Systems Consolidate Under War Orders Fremont, Neb., Oct. 4.—(Special.)—A contract for the consolidation of the two electric light systems of the Municipal and the Fremont Gas, Electric Light and Power company plants was entered into at a special meeting of the city council last evening. The consolidation was made at the request of the National Fuel Administration. By the contract entered into by the gas company it will shut down its electric generating system and purchase the current needed for its patrons from the municipal plant. A saving of 250 tons of coal a month is estimated by the government experts. The gas company will pay 2.1 cents a kilowatt for the current it purchases. Two of the six councilmen present voted no on the ground that the rate privately owned concerns get the current is too low.

Olivers Are Accused Of Making Defective Shells for U. S. Army Knoxville, Oct. 4.—W. J. Oliver, millionaire manufacturer, and 10 other officers and employees of the W. J. Oliver Manufacturing company, were arrested tonight on charges of conspiracy, fraud and sabotage in the manufacture of defective shells for the United States army. The plant was seized by government agents.

Madison Council Opposes Foreign Language Charge Norfolk, Neb., Oct. 4.—(Special.)—The Madison County Council of Defense sent a telegram to John R. Hays, county chairman, who is attending a meeting of county chairmen in Lincoln, that the Madison council vigorously opposes any attempt to change the rules of the state council with reference to the use of foreign language. It is intimated that the Americanization committee appointed by Governor Neville has come to an agreement to modify radically the council's language rules. The county council here believes the power given to an appointed committee to change rules of the state council may injure the patriotic work being done by the county councils.

Election Proclamation Issued by Governor Lincoln, Neb., Oct. 4.—(Special.)—Governor Neville has issued a proclamation calling the next general election for Tuesday, Nov. 5. The proclamation does not include the proposition for a recall of the partial woman suffrage law enacted by the last legislature which has been in the courts, and thus women will be able to vote for all but constitutional officers.

Son of General Culver Colonel on West Front Lincoln, Oct. 4.—(Special.)—A letter from General Culver of Milford, who is spending the winter in California, discloses that his son Clarence is now a colonel on the western front in command of a regiment of Yankee boys. A son-in-law is a captain in the medical department and also on the front.

Sues for Occupation Tax. Lincoln, Oct. 4.—(Special.)—Attorney General Reed today filed an amended petition in the district court of Lancaster county in behalf of the state in the case wherein the state is endeavoring to collect from the Rock Island railroad company the occupation tax due under the corporation tax law, the amended petition being simply to include in the former suit the 1918 tax.

MEN AT FRONT WILL WIN WAR IS WORD OF T. R. "Grab Your Gun and Go," the Colonel Tells Crowd of Ten Thousand People in Alliance. Alliance, Neb., Oct. 4.—"Shout, but make your shouts good," this was the advice given by Colonel Theodore Roosevelt, addressing an audience of 10,000 people, who came from all parts of western Nebraska to hear him speak at the railroad station today while he was stopping over here on the tour he is making to boost the fourth Liberty loan. "The only way to make a Hun feel friendly is to knock him out," continued Col. Roosevelt. "Don't hit a man soft, because he will come back and hit you hard. When you hit, hit a blow that will knock him clear out. "That is what we will do to Germany—now is the time to subscribe for bonds. Put them through for the future of the good old U. S. A. Put this war through right, so no other nation will look cross-eyed at us. "Some people used to ask why our boys had to go over there. They probably realize by this time that it is simply done so that we will not have to fight over here. "It is not food, money or Red Cross that will win the war, but it is the men at the front. Grab your gun and go. All the rest we are doing is supplementary. "Colonel Roosevelt said suffrage should be given to those entitled to it. He said service, not sex was the consideration. "The work this district is doing in support of the war by producing over 75 per cent of the potash used in the United States was praised by Colonel Roosevelt. "In concluding, Colonel Roosevelt said he is willing to shake a man's hand, no matter where he was born or what creed he worships, if he is loyal to America. He declared that everybody that lives in America should speak the English language and be loyal, or go back where he came from. "We only have room for one flag in this country—the United States is no boarding house," said the colonel. He spoke for nearly 30 minutes.

29,998 CALLED BY CROWDER TO ENTER SCHOOLS Washington, Oct. 4.—Provost Marshal General Crowder today called for 29,999 grammar school graduates from 42 states and the District of Columbia to entrain October 15 for technical schools. Of the total 980 will be negroes. Voluntary induction will be allowed until October 12. The call is the first issued since the suspension of the October entrainment orders as a result of the influenza epidemic. None but registrants physically fit for general service will be accepted. The states and number of white men to be furnished, together with the educational institutions to which the registrants will report include: Colorado, 250; Colorado Agricultural college. Iowa, 500; Iowa State Agricultural and Mining college. Montana, 400; University of Montana. Nebraska, 420; University of Nebraska. South Dakota, 135; Iowa State university. Wyoming, 100; Idaho university.

Restrict Wool in Sweaters Washington, Oct. 4.—Manufacturers were notified by the War Industries board today that sweaters and other knit goods, exclusive of hosiery and underwear, must not be made with more than 50 per cent wool after January 1. An exception is made for knitted wear for babies and children under 6 years of age. Men's and women's sweaters must not be longer than 26 inches and belts, sashes and double-breasted-styles must be discontinued.

1,800,000 Yankees Now in Europe, War Department Reports Washington, Oct. 4.—American troops abroad now number 1,800,000. Members of the house military committee were informed today at their weekly conference at the War department. Spanish influenza in camps and cantonments will retard shipments somewhat in the immediate future, they were told, the department having adopted the policy of not sending any men overseas who have been exposed or show symptoms of the disease.

YANKS CAPTURE BLANC MONT AND MEDEAH FARM Americans Co-Operate With French in Champagne and Launch New Attack; Tanks in Drive. With the American Army in France, Oct. 4.—(By Associated Press)—American troops went into action this morning on the Champagne front. A report from the French army states that they had advanced considerably by noon and had taken Blanc Mont and Medeah farm. The capture of Blanc Mont and Medeah farm was announced in last night's French official statement. It was not made known, however, that American forces had effected the capture. The Americans here are evidently co-operating with General Gouraud's French army in the Champagne, pushing the attack on the left. Blanc Mont is more than three miles northwest of Somme-Py, while the captured farm lies just to the east. A successful gas attack was made by the Americans on this front yesterday at Vilosnes, on the Meuse above Dannevoix. The German artillery fire was spasmodic during the day. Many gas shells were thrown in by the enemy guns upon the American rear areas, notably Septsarges wood, Chattr court, the Montzeville road, Dannevoix, Sachet wood, Esnes, Forges wood and Jure woods. The American engineers have removed more than 100 buried German mines from the ground evacuated by the enemy. Tanks in Smashing Drive. American Headquarters in France, Oct. 4.—(Reuter's)—When German forces advanced on Tuesday in an attempt to capture Apremont, on the front northwest of Verdun, American tanks suddenly emerged from the town in all directions. The tanks went lurching through the German ranks, spraying bullets into them from all sides and spreading the utmost terror and consternation. The American tanks, after smashing their way through the German lines, wheeled about and repeated the operation with deadly results. The enemy losses were extremely heavy. In one German company nine men were killed and 30 were wounded out of 70. In another company 10 were killed and 40 wounded out of 80. Owing to delays caused by the curious distribution of the roads in this district, it had been impossible until yesterday for the Americans effectively to organize counter battery work. But, thanks to the prolonged fine weather, the difficulties of General Pershing's men are disappearing and the infantry is receiving the needed support. The organization of the American positions also has gone far to rob the German guns of their recent advantage.

Warrior Dollars At whatever cost of time and men and money, Germany must and shall be beaten. Our brothers are already in the field—eager, determined, confident. It were best done quickly. We must back up our millions of warrior boys with billions of warrior dollars. Push the Fourth Liberty Loan. Buy your country's bonds. The quicker this money is raised, the sooner the war will be won. Contributed by the Manufacturers of Bayer-Tablets of Aspirin The Bayer Cross — BAYER — Your Guarantee of Purity

United States Government Will Regulate Shoe Prices WHILE our Mr. S. W. Napier was in New York two weeks ago he attended a meeting of the shoe manufacturers, at which meeting Mr. Baruch of the War Industries Board outlined the Government's regulation of the shoe industry. After listening to an address of Mr. Baruch, explaining the necessity of regulating shoe styles and prices, the following requirements were indorsed by the shoe manufacturers: AFTER October 15, no shoe manufacturer will be allowed to make high shoes that will retail for more than \$12.00 per pair, placing all shoes in three classes—A, B and C, according to quality. Class A will sell from \$9.00 to \$12.00, Class B includes shoes from \$6.00 to \$8.50 and Class C from \$3.00 to \$5.50. The manufacturer will be required to stamp the class on the lining of all shoes, thereby preventing a merchant from selling shoes in Class B at the price of those in Class A, etc. THESE regulations will not effect the price of any shoes now in the hands of retailers or the orders already placed with the manufacturers that are now being made up—thus allowing retailers several months' grace before the new price limit goes into effect. BUT IF OUR Government sees fit to place the maximum price of shoes at \$12.00, Napier's Booterie stands ready to co-operate in every way possible in order to conserve money and labor for the purpose of winning the war. THEREFORE, beginning Saturday, October 5, 1918, Napier's maximum price on all shoes that formerly sold from \$12.50 to \$18.00 (including Laird, Schober make) will be \$12.00 until further notice. Shoes that sell for less than \$12.00 will be continued, and always priced justly, consistent with good quality. THIS announcement of price reduction at this time is entirely voluntary and will wipe out the net profit on most of Napier's present supply of better grade shoes. But since the Government has decided to limit the price, Napier is pleased to adjust his prices NOW, beginning Saturday, October 5, 1918, instead of waiting several months to dispose of shoes now on hand at regular prices, as permitted. Yours for the Fourth Liberty Loan, NAPIER'S BOOTERIE By S. W. NAPIER, Pres.

Armenians Aid Allenby In Campaign Against Turks Boston, Mass., Oct. 4.—Announcement that Armenian volunteers, many of them from this country, participated in the British victory over the Turks in Palestine, under General Allenby, was contained in cable messages received today at the headquarters here of the Armenian National Union of America. Officials of the union here explained that the fact that Armenians were fighting in Palestine had not been made known heretofore because of the fear of massacres of their countrymen by the Turks.
