

# BOND SALESMEN RECEIVE FINAL INSTRUCTIONS

### Advantages of Bond Purchasing Explained to Those Who Will Launch Drive Next Week.

Seven hundred Fourth Liberty loan salesmen met at Chamber of Commerce Thursday night for final instructions preparatory to launching the big loan drive next week. The workers were seated in convention order with the names of captains indicating the various divisions.

Thomas C. Byrne, state chairman, delivered an address in which he expressed satisfaction with the organization in Omaha.

Sam Burns, chairman, in his final instructions called upon the salesmen to remember that people are asked to lend, not to give, and that in asking wage earners to invest a portion of their savings in government war bonds it should be pointed out that most of the money would be spent in the United States.

**Convincing Comparisons.**  
"He may argue that \$4.25 a year interest is small. To this it might be said that there is a large profit to the man who buys a Liberty bond, (with stable value). It is the only commodity. Shoes have advanced from \$1.50 to \$3.00; and overalls that they used to pay 50c for are now \$1.50.

"Consequently, if the argument is reduced to overalls today they can buy a \$100 Liberty bond to 60 pairs of overalls; and in four or five years, when conditions are normal, he will be able to get 200 pairs of overalls with his bond. The \$100 he puts into a bond today (in addition to the interest it draws) will buy about \$300 worth of anything after the war is over.

T. L. Davis, vice chairman, called attention to some special features of after the war is over.

**Features Described.**  
Purpose—The money received from this loan is for the support of the men in service, the continuance of the war. There is no dividend sentiment in regard to the purpose of the issue.

**Security**—This bond is an absolute contract of the United States government with the purchaser to pay a fixed amount of money when due, and in addition, to pay semi-annual interest. This contract is backed by 100,000,000 people, pledging their faith, credit and resources.

**Rate**—A fixed interest return for government bonds under normal conditions ranges from 2 per cent to 3 per cent. The present rate of 4 1/4 per cent shows the high yield available to investors.

**Profit**—United States government bonds just prior to the war sold on a 2 1/2 per cent interest income basis.

The first 3 1/2's would sell at \$108.66 to yield 2 1/4 per cent interest return.

The second 4's would sell at \$109.90 to yield 2 1/4 per cent interest return.

The third 4 1/4's would sell at \$113.04 to yield 2 1/4 per cent interest return.

**Marketability**—These bonds have cash value every day, and are recognized as standard collateral.

**Tax Exempt**—Tax exempt from all personal taxes and practically exempt from income taxes.

**Urge Freeing Hun Slaves.**  
London, Oct. 3.—The Anti-Slavery and Aborigines' Protection society has presented a memorial to the government asking for the abolition of the legal status of slavery in the former German territory in Africa, now under British administration. They claim that there were approximately 185,000 slaves in German East Africa on the outbreak of war. Among the signers of the memorial are the bishops of Durham, Manchester, Oxford, Salisbury, Exeter, Hereford and Kensington, with other prominent clergymen, members of parliament and well known citizens.

**"Bone Dry" Bill Delayed.**  
Washington, Oct. 3.—Delay in final enactment of the wartime prohibition bill until after the November elections seemed assured today when the senate sent the bill back to conference, insisting on its amendment to regulate the profits of Washington landlords.

**Gunboat Sunk in Collision.**  
London, Oct. 3.—Fifty-three men are missing as a result of the sinking of a British torpedo gunboat in a collision with a merchant vessel September 30, according to an official statement issued by the British admiralty tonight.

**Army Orders.**  
Washington, Oct. 4.—(Special Telegram)—The appointment of Sgt. Russell Field Hunter, sergeant first class Walter Crislin, Bowditch, quartermaster corps, as second lieutenant; Fred D. Nulsen as captain, adjutant general's department, for assignment to duty as assistant camp adjutant; Robert More Wallace as first lieutenant medical corps to Des Moines, is announced.

The appointment of the following enlisted men as second lieutenants, quartermaster corps, is announced: Q. M. Sgt. William Chauncey Holt, Sgt. First Class William Ellis Brown Jr., each to report to Camp Dodge for duty.

Capt. Charles C. Cooper, is relieved from assignment to duty with the Three Hundred Sixty-eighth Infantry. He will proceed from Fort McHenry, Md., to Camp Dodge.

The appointments of the following enlisted men as second lieutenants for the present emergency with rank from their assignment to duty at Fort Omaha are announced: Frank Eugene Lennon, Charles August Abelis, James Burner Jordan, Harold Morton Hine, Maynard Frothingham Lydyard, Francis Anthony Reynolds.

First Lt. Thomas M. Gregory, infantry, is relieved from further duty at Howard university, Washington, D. C., and will proceed to Camp Dodge.

Second Lt. Sylvanus E. Wade, Herbert J. Medrum, signal corps, will report to Camp Dodge, Ia., for assignment to duty.

**New Postmasters.**  
Washington, Oct. 4.—(Special)—Postmasters appointed: Lisle, Wheeler county, Nebraska, George K. Cameron, vice, Leon J. Groat, removed; Demarest, Franklin county, South Dakota, Hannah Dewart, vice, Hannah Bradburn, resigned; Zeligler, Erle county, South Dakota, Anna Vondra, vice, Emma Vondra, resigned; Kirtley, Niobrara county, Wyoming, Eva L.
