

KAISER BURIED AT LAYING OF CORNERSTONE

Woodmen Announce \$1,250,000 Bond Subscription at Ceremonies Held After Parade.

The kaiser was buried headlong into his grave and the crown prince, Ludendorff, Hindenburg and Von Tirpitz were "strung up" amid wild enthusiasm of the multitude at the cornerstone laying exercises of the Tower of Liberty on court house square at noon Monday.

The exercises were under direction of the Woodmen of the World and W. A. Fraser, sovereign commander, aroused still more enthusiasm when he announced that the order has signed up for \$1,250,000 worth of the Fourth Liberty Loan bonds, the largest single subscription to the bonds in the central west.

The exercises were preceded by a parade which started at the Woodmen of the World building. Four whippet tanks led, shooting as they went. Then came a platoon of police and a band.

Next the casket of the kaiser was borne aloft. Following this came the crown prince, Ludendorff, Hindenburg and Von Tirpitz, all accurately represented and guarded by a squad of Home Guards.

Arriving at the foot of the Tower of Liberty, the casket was borne up to the upper platform and the obsequies began, very odd obsequies, indeed. The casket with the pallbearers and a firing squad of Home Guards occupied the upper platform of the tower and W. A. Fraser officiated.

While this tableau was presented the Woodmen quartet led the audience in singing "The Battle Hymn of the Republic." Mr. Fraser then, in solemn manner, with a few appropriate remarks, bade the pallbearers to "consign the remains of Kaiser Wilhelm tenderly to their last resting place."

Impressive Ceremony. Thereupon the pallbearers lifted the coffin above their heads and with all their might hurled it into the "grave" in the center of the tower foundation.

"And now," said Mr. Fraser, "we will deposit upon the casket our emblems of love and esteem." At this word the pallbearers and others hurled bricks and other missiles down upon the smashed casket.

"One last salute to the departed monarch," said the sovereign commander. But the Home Guards, instead of firing the "salute" into the air, turned their guns right into the grave and fired through the casket there reposing amid the debris.

Accomplices Hung. The kaiser having been thus disposed of, a look around discovered his four accomplices standing in despair. Hands were laid out on them and they were hustled to where waiting ropes were dangling. They were quickly fastened and they were jerked up into the air, here they hung suspended, kicking out the last remnants of their evil lives.

At the same time red fire began to cast its angry glare from the kaiser's grave, showing that the demons below had already started to give him "his."

A great cheer and laughter and applause burst from the multitude, and a banner was dropped from the tower bearing the device, "To Hell with the Kaiser."

The audience sang "Over There" from 3,500 leaflets distributed through the crowd. Then the cornerstone was laid by Sovereign Commander Fraser, Sovereign Advisor Jewell, Sovereign Clerk Yates and Chairman of Sovereign Auditors Fitzgerald.

Mr. Fraser then announced the Woodmen subscription of \$1,250,000 in a short address. The exercises closed with the singing of "America" by the audience. The Woodmen subscription to the First Liberty loan was \$500,000, to the Second Liberty loan \$750,000 and to the third, \$1,040,000.

"DIP" ALL OF HIS LIFE CAUGHT BY OMAHA POLICE

Danbaum Nails Pickpocket Who is Wanted by Police Authorities of City of Chicago.

"He's been a 'dip' since childhood, and is one of Chicago's big thieves." This is the description given of Joe Roenberger, who was picked up Ak-Sar-Ben week by Detective Danbaum, by Detective McCarthy of the Chicago police force, who is here after the prisoner.

Roenberger was suspected by Danbaum of being the pickpocket who stole the \$1,300 payroll of the Rees Printing company, two weeks ago. When arrested Roenberger had in his possession \$250 in cash, a valuable diamond ring and diamond stick pin.

Roenberger was arrested by Danbaum on Omaha police authorities for the cash and valuables.

Detective McCarthy succeeded in inducing Roenberger to waive extradition proceedings and go to Chicago for the purpose of answering a charge of grand larceny and jumping bail bond.

Those who know the alleged Chicago pickpocket, say he was one of a group of street urchins who lived on the west side, and who were educated in crime by a noted "Fagin."

All of them have had checkered criminal careers and have figured in big operations the country over and are said to be the cleverest pickpockets on the continent.

WOMAN'S FITNESS FOR WAR WORK

There's no question of women's right to enter war activities—to take the place of the men now at the front. Indeed they would seem to have many points of superiority over men in some of the industrial fields which they are now entering. But to take men's burdens the women must be strong—must have iron nerves and good blood. So many women these days are frail, nervous, borne down by the pains and aches peculiar to their sex. A sex tonic and nerve builder is needed, such as Dr. Pierce's Favorite Prescription. An affection confined to women must have its cause in the womanly nature. There is no doubt that a diseased condition of the delicate womanly organs, is in general responsible for feminine nervousness and an undermined constitution. The use of Dr. Pierce's Favorite Prescription makes women happy by making them healthy. There are no more crying spells. "Favorite Prescription" is an herbal tonic for female weakness. It makes weak women strong. Dr. Pierce's Favorite Prescription has been for nearly 50 years the most favorably known herbal tonic for women. Ask your neighbors! The "Prescription" is sold in tablet or liquid form. Send ten cents to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., for large trial package. Druggists sell the tablets in 60-cent packages. Men and women are many times tempted to ask their family physician questions on delicate matters. Such questions of sex are answered by the "Medical Adviser." The nursing of the sick, first aid to the injured, accidents and emergencies, anatomy, physiology, hygiene, the human temperaments, the origin and transmission of life, the brain and mind, are treated of in an original and comprehensive manner, in harmony with the latest scientific discoveries and comprising formerly sold for \$1.50. For a limited time—while they last, this book can be obtained for 50 cents at the prominent drug stores in town, or write Dr. Pierce, the publisher, Invalids' Hotel, Buffalo, N. Y.
