Secure Large Structure at Ninth and Leavenworth Streets for Storage Purposes.

Just at a time when real estate operations in Omaha seemed at a low ebb, a transaction was consummated by which, for a consideration of \$30,000, the Basket Stores company has acquired from Joseph Barker, the warehouse at the northeast corner of Ninth and Leavenworth streets.

W. D. Williams, president of the Basket Stores corporation, which runs a string of stores in this city, Council Bluffs, Lincoln and other places, determined a year ago to construct somewhere in this city a large warehouse for the benefit of the growing trade of his establishments.

He had all the plans drawn for the structure but on account of the government restrictions in regard to the erection of new buildings the plans had to be dropped.

Demand for additional space, however, was insistent, and the warehouse at Ninth and Leavenworth streets being available, the property was purchased under the direction of Mr. Williams by W. R. McFarland of the World Realty company.

The building is located in the center of the wholesale district, with Union Pacific trackage with a capacity for the unloading of three cars of merchandise at once.

The building has 30,000 feet of floor space for storage purposes.

The Basket Stores company now operates 50 stores and for the past five weeks has opened up a new store each week.

### Only One Corn Peeler, "Gets-It"

Stop Corn Pains; See Corn Peel Off

It is just when a corn hurts that you want to feel surest about getting rid of it. Why take chances of keeping the corn and having the pain grow worse? You'll use "Gets-It" anyhow, sooner or later.

The Only Peel-It-Off Way Is "Gets-It." It might as well use it sooner. Then you are absolutely sure that the corn will loosen from your foot so that you can peel the whole thing off painlessly with your fingers. In one complete piece—just like peeling a banana. It takes a second or two to apply "Gets-It." There's no flexing or rubbing. Corn-pains will vanish—that'll keep you sweet while the "Gets-It" does the rest. Nothing new for corns has been discovered since "Gets-It" was born. Follow the judgment of the millions; use "Gets-It" and be sure to get a trifle at any drug store. "Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Sold by E. Lawrence & Co., Chicago, Ill. Sold in Omaha and recommended as the world's best corn remedy by Sherman & McConnell Drug Co.'s Stores.

Mr. Jackson left home about a week ago for Kansas City to purchase a new press, expecting to return in a few days. Not returning at the time expected, his wife became worried and set about to look up his whereabouts. She traced him to St. Joseph where he went to look at a press and found that he had departed for Omaha. Since then she has been unable to learn anything of his whereabouts and his wife and friends in Athol are almost certain that he has met with foul play.

### FOOT BALL STAR MAKES CAPTURE OF A BURGLAR

C. H. Coye, Awakened in the Night, Leaps on Thief and Holds Him Until the Police Arrive.

C. Horton Coye, salesman for the Carpenter Paper Co., Omaha, and once famous as a football star, put the old "grid" tactics into operation at 2:30 o'clock yesterday morning when he tackled a burglar who had invaded his home, 621 Franklin avenue, Council Bluffs.

He downed the burglar, threw him into the bath room and held him there until police came. The burglar had cut the telephone wires before entering the house and the police call had to be sent from the neighboring house.

The burglar got into the house through a kitchen window and, after looting the rooms down stairs, went to the second floor, where he accidentally aroused Coye from sleep. Coye made a flying tackle and floored the man. Then he got a strangle-hold and beat him up a bit.

The racket awakened Mrs. Coye who telephoned the police. It was then discovered that the wires were cut. Mrs. Mack Goodwin, next door neighbor, called the station and Officers Crum and Sloan responded. When they arrived Coye had thrown the man in the bath room and locked the door.

The police found a husky Italian, 26 years old, who said his name is Emilio Brasso and that his home is San Francisco. The officers had to patch him up a little to prepare him for his appearance in police court. He was held to the district court grand jury under \$2,000 bonds, charged with burglary. The investigation also disclosed him to be a draft evader, and he may be turned over to the military authorities.

He declared that "women will solve many of the problems of drug manufacturers and distributors after the war. The draft," he said, "has made great inroads on the men in the business and women have taken their places. These women will stay in the trade after the war."

### GIRLS! LOTS OF BEAUTIFUL HAIR

Small bottle of "Danderine" makes hair thick, glossy and wavy.

Removes all dandruff, stops itching scalp and falling hair.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a small bottle of Knowlton's Danderine now—it costs but a few cents—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp, and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.—Adv.
