Washington, Oct. 10 .- In its fight to stop the spread of Spanish influenza the public health service is investigating the causes of the disease, the conditions which promote its spread and the part played by carriers in epidemics of the malady. It also is seeking an effective vaccine, but announcement was made tonight that the service has as yet been unable to recommend any tha it believes will be successful.

Meantime influenza continues to spread over the country in spite of strenuous efforts and drastic measures taken to prevent it. The malady now has reached epidemic proportions in many additional cities. including Portland, Ore. It also has appeared in several counties in Oklahoma and Nevada, while from 500 to 600 municipalities in Illinois report the disease.

Conditions at army camps today showed a slight improvement for the second time since the malady became epidemic in the training places. During the 24 hours ending at noon 12,321 new case were reported to the office of the surgeon general of the army with 2,797 new cases of pneumonia and 889 deaths The total of influenza cases reported at the army camps since the disease first appeared has now reached 211,000, pneumonia cases 25,083 and deaths 7,432

The campaign of the public health service is now well under way. Nearly 250 physicians are in the field and headquarters have been organ- Same days year ago 44,529 16,444 83,640 ized in more than 30 cities. The volunteer medical corps of the council of national defense and the American Red Cross are actively cooperating with the health service in its campaign in New England, Pennsylvania, New Jersey, Delaware, North Carolina, South Carolina, Tennessee, Florida, Mississippi, Arizona and Montana. In other states local headquarters have C been established in many cities.

Cents-Oats Unchanged to Half Cent Lower-Wheat at Government Price.

Today's spot market was narrow, re ceipts totaling 131 cars of which 26 cars were wheat, 57 cars of corn, 28 cars of oats, 1 car of rye and 19 cars of barley. Out shipments were 17 cars of wheat, 108 cars of corn, 41 cars of oats, 3 cars of rye and 14 cars of barley.

Corn prices ranged from 2 to 12 cents lower, the No. 3 grade seiling from 5 cents off to the extreme decline. Trading did not get under way to any extent until late in the session and there was very little demand in evidence, due to the uncertainty in the option market. Oats were unchanged to 15 cent off, barely unchanged to 2 cents off, wheat sold at the government figures.
