By HENRIETTA M. REES.

D LANS of the music department of the Omaha Woman's club for the season are so progresive and interesting, and so different nusical line, that everyone interestd in the welfare of music in our ity should know about them, and preciate their value and desire to ake an active part in them. For hese plans mean the encouragenent of music locally, and real gentine encouragement at that.

The Music department realizes seasons of the Manhattan company, loan, and raised \$4,304,000 in bonds. which is contained in it, rather than, as some might think, the music and the work in it broad and genlack for patronage, but instead, they will find a ready response, and discriminating listeners.

The pians of the Music department are made up of three distinct parts. The first is a series of concerts by leading local artists to be held at the Y. W. C. A. auditorium setween the last week in November and the last week in February. This vill afford the opportunity for provng their interest in the music of heir city to hundreds of music lovers. There are many who do not know what high class professional aient there is in our community, nd yet, if it isn't their business to

end, the opportunity of enjoying ix really worth while recitals for price which is almost a joke it s so reasonable-only two dollars or the season ticket. The personnel of these artists will be ansounced in the near future, and will ontain many of our best known muactans. Too much can not be said n favor of the public spiritedness of the Music department in backing this project, in offering so much good music for so small a sum, and the house should be sold out or the series.

The second part of the plan is a develop the Music department into music drama. Then she is ready Mary had merely sent word that regular amateur musical club, n which the talent for the binouthly meetings will be drawn serves the orchestration, having alan operation for appendicitis which ready worked out a general acshe recently underwent; that she others and also to be heard, and how the foremost critics of Europe ply of appendices than the average will serve to bring together people and America consider each performwith congenial musical tastes.

continuation of the ladies' chorus labor that made her the leading porunder Mr. Henry G. Cox. This chorus trayer of the title role of "Tosca," in was formed from the membership which she will appear with the Chilast year, and a fair start was made. cago Opera company. Besides the regular choral work, community singing will be taken up,

cal music for some time, and much of the Nebraska State Teachers' ascredit is due Mrs. W. E. Shafer, sociation, whose annual convention the director of the Music department is there in session. and her assistants for their work in its behalf. The membership fee French Army during the present is reasonable, and special rates will war. His duties were of a hazardbe made to girls from the studios ous character and he acquitted himof Omaha teachers. The season self with credit. His injuries were tickets for the concerts are almost serious and his recovery slow. He nominal in price. It now rests with is now under leave of absence. This

cheers and heartens! POLLY.

THIS time it's the "Laundry Queen," one of the many delightful electrical household appliances in the E. B. Williams Shop, 312 South Eighteenth street (just across the street from the court house.) As you may have guessed, the Laundry Queen is the name conferred on an electric washer worthy of this clever name. The first point which appeals particularly to me is the fact that it's so very easy to handle. The wooden or copper tub rests on a frame of steel which has an extension rack which may be attached for a rinsing tub. The whole has casters, making it most convenient to move. There is no machinery in the tub; when you lift the lid it stops the washer. When ready to rinse the clothes shift the lid with "dolly" attached, dropping it into the rinsing tub, where with quick shaking, dousing motion the smooth sticks of the "dolly" rinse the most delicate fabrics and laces the navy and Al with absolutely no wear or "tear." ing I assure you. To save time, you can operate both DATRIOTIC people won't do washer and wringer at the same Heatless Days their Christmas shopping early, time. The wringer is operated by Bring No Chill.

Rialto Lobby, 15th and Douglas, for a delicious hot drink of chocolate, coffee, or malted milk and sandwich. This delightful new shop carries complete lines of your favorite soaps, powders, etc., and it in this shop. There's a complete holiday line of French Ivory mirrors, powder boxes, hair brushes and combs, from which to choose the piece your friend needs. And if you wish, you may give them your prescription which will be filled in the new prescription room without delay. This shop is under the same management as the Jacobs-Lee THE bare corner that keeps a Drug Store, 17th and Douglas room from looking liveable streets, with whose superior service

Compared to what our men are
