

South Side \$1,500,000 IS SUBSCRIBED IN LIBERTY BONDS

Larger Subscriptions Than
Expected Received on
South Side in Fourth
Loan Drive.

South Omaha's Fourth Liberty loan subscription totals nearly a million and a half dollars according to the latest statements received Saturday afternoon from the captains of the South Side teams. The amount turned in up to date is \$1,436,900. This includes the canvass of the South Side business district which was made by 27 workers under the direction of George L. Gibbs. "This canvass was made according to the Iowa plan," said Mr. Gibbs, "and was on the per cent basis, apportioning to each his quota. Many took more than was expected and there were hardly any slackers. Mr. Burns complimented the team on the way the proposition was handled. South Omaha has gone nearly a third over its quota."

Packers Swell Total.
The following figures are given by W. B. Cheek, who was in charge of the canvass at the four packing houses:
Armour & Co., invested in bonds, \$150,000; officers and employees, \$145,000; Swift & Co., \$112,500; officers and employees, \$134,000; Cudahy Packing company, \$85,000; officers and employees, \$120,000; Morris & Co., \$75,000; officers and employees, \$93,250.

W. B. Tagg, in charge of committee of 45, which covered all firms doing business in the Omaha Live Stock exchange, and their employees, reports \$224,530 turned in by them; \$20,950 by the Union Stock Yards company's officers and employees and \$50,000 by the company; and \$26,850 by the officers and employees of the Union Stock Yards National bank.

The women, who have been working diligently, are more than pleased with the results on the South Side. In some districts every block went 100 per cent, the loan being taken through the women or the men who were employed in the packing houses. The workers were received well everywhere and as a rule great enthusiasm was shown. It is impossible to estimate the amount taken by the women as each captain has turned in her amount but it would swell materially the total subscription given above.

Daddy and Ma!
We beg your attention! The clothing of your youngsters today is a proposition worthy of your most careful and best judgment. The merchandise being shown now for next spring and next fall is of a desirable quality. Many merchants are taking advantage of this and marking up.

Here at Flynn's we are making a super effort to hold prices down to the average man's possibilities. We can truthfully state that we are marking boys' clothes at the thinnest margin of profit we ever put on goods.

The woman who can find it to her advantage to make her girls' dresses this season. We have a grand line of piece goods at most reasonable prices, and the same applies to her own clothes. We invite all to shop with us. Look here, whatever else you do—it won't lose you any money.

Plucky Girl Signal Operator Wins Duel With Train Wreckers

Uniontown, Pa., Oct. 12.—Bar-ricading herself in the tower at the Pennsylvania railroad crossing at Gist, near here, this afternoon, Miss Emma V. signal operator, pluckily held her post and fought a revolver duel with three men who attempted to wreck an ammunition train by placing ties across the track. With bullets crashing through the sides of the tower house she returned shot for shot until the arrival of the freight train frightened away the intruders.

Yanks Attend Celebration of Battle of St. Genevieve

With the American Troops in France, Oct. 12.—In a little shell-stricken church in the town of Sainte Genevieve, perched on a hill commanding a view of Metz, Americans and French, soldiers and civilians, Protestants and Catholics, gathered today in solemn celebration of the battle of Sainte Genevieve, fought and won by the French just four years ago.

The village priest beamed with delight as he gazed upon his unusual "Rock" climbing up the hilly streets which led to the church. In the shattered belfry, with its gaping walls, still swing two beautiful bells, and these pealed out a joyous note as the hour for early mass approached.

The little church was crowded with men in khaki and horizon blue, with a few old men in the more somber shades of civilian cloth, and women and children gaily clad. The service was as impressive as it was simple, as the kindly priest asked blessings upon the Americans.

Uncle Sam Takes All Raincoats for Soldiers

New York, Oct. 12.—The telegram given below has been sent to every procurement quartermaster in the United States, under date of October 12, and by authority of the acting quartermaster general. Announcement to this effect was made today by the chief of the waterproof clothing division of the local office of the quartermaster general. "You are instructed to continue the purchase of all spot delivery raincoats suitable for soldiers from manufacturers and wholesale stocks. Instruct all manufacturers and wholesalers to at once cease delivering any raincoat to their civilian trade until you survey their stocks. This order is effective as of October 12."

Friend of Former Senator Jansen Shot in Russia

Former State Senator Peter Jensen of Beatrice has just received a confirmation by way of Switzerland, of the report of the death of an old friend and schoolmate, who was shot last March while in Russia. This man, together with six others, were given a mock trial on a charge of opposing the government, and after conviction, lined up and shot. The man was a large land holder in the government of Taurida, and all his land, together with other personal property, was taken over by the government after his death.

VALUABLE OIL PAINTING GIFT TO SETTLEMENT

Robert F. Gilder Presents
Local View in Oil Valued
at \$300 to Social Set-
tlement.

An oil painting by the celebrated artist, archaeologist and man of letters, Robert F. Gilder, was presented to the South Side Social Settlement house by the artist and was delivered Friday evening.

The picture is a winter landscape and represents a scene near the artist's studio, "Wake Robin," which is located south of Omaha near Child's Point. The gable of a red barn which rises above snow drifts is the center of interest and gives the picture its name, "The Red Barn."

Mrs. A. W. Bowman, Mrs. J. H. Dumont, Mrs. A. F. Jones and Mrs. Harold Gifford of the Social Settlement association, had the picture framed with a handsome four-inch gold frame. The canvas is 24 by 30 inches, making the picture about 31 by 37 inches framed. It was valued at \$300 by H. P. Whitmore, who did the framing.

Mrs. J. H. Dumont, who is first vice president of the Settlement association, said: "We think it is perfectly grand of Dr. Gilder to make us a gift of such a magnificent picture and we are planning for a ceremony in connection with the official hanging of the picture as soon as it is possible to hold it, at the Social Settlement house, Twenty-ninth and Q streets."

Although the gift was made some time ago, it has been kept quiet, as the artist especially requested there be no publicity connected with the gift.

Eighteen Policemen And Many Civilians Injured in Race Riot

New York, Oct. 12.—A fight between a negro and a white man in Brooklyn late today precipitated a riot in which two negroes received mortal injuries, 18 policemen were stabbed or cut, many civilians suffered minor hurts and several soldiers and sailors who tried to restore order are believed to have been injured.

Fifty shots were fired in a running gun battle between policemen and negroes, and the bullets shattered windows and narrowly missed persons in the houses as well as in the streets. A number of negroes are said to have been hurt during their fighting retreat, but to have made good their escape. One white man was held on the charge of killing one of the negroes. Among the injured is Deputy United States Marshal John Dold, who received cuts on the face and scalp.

Liberty Loan Pledges Total \$346,000,000

Washington, Oct. 12.—Liberty Day celebration today brought uncounted millions to the credit of the nation's \$6,000,000,000 war loan although meager official reports available tonight added only \$77,000,000, making the known total to date \$2,346,000,000.

More than a half billion dollars a day is the rate that must be maintained for the remaining week to complete the \$6,000,000,000 total. Official figures came tonight only from the New York and Chicago federal reserve districts showing about \$50,000,000 and \$27,000,000 respectively, additional subscriptions not including today's business. These brought the New York district's total to \$562,275,150 and the Chicago district's to \$404,454,000.

Formula of Cure for Influenza Made Public By Pittsburgh Physician

Pittsburgh, Pa., Oct. 12.—In response to hundreds of telegrams from medical men throughout the country today, Dr. George F. Baer of the Homeopathic hospital staff this afternoon made public the formula of his discovery announced yesterday of a cure and preventive for Spanish influenza. The treatment, he said, is a hypodermic injection of a sterile solution representing 1.54 grams of iodine in chemical combination with creosote and guaiacol.

In experiments conducted here since the outbreak of influenza, Dr. Baer said patients in acute stages of the disease have been made well in a few days, while in one case the employees of a bank were inoculated with the solution and although exposed to influenza, failed to contract the disease. The injection, he said, is not a serum, but a solution. It is put into the veins of the arm. The patients feel little ill effect.

M'ADOO URGES GOVERNORS TO 'LEND A HAND'

State Executives Requested
To Issue Proclamations
Appealing for Loan
Subscriptions.

Chicago, Oct. 12.—William G. McAdoo, secretary of the treasury, who arrived in Chicago late this afternoon to deliver a Liberty loan speech, telegraphed the following appeal to the governor of every state in the union tonight:

"One week of the fourth Liberty loan campaign remains and \$3,500,000,000 have yet to be raised. The American people can provide this money if they are fully aroused to the imperative necessity of doing so. Without the \$6,000,000,000 required for the fourth Liberty loan the great victories of our soldiers in France will be negated. The home army must not turn the victories of the field army into defeats. The home army must not render valueless the bloody sacrifices of our heroes. The home army must on the other hand transform the victories of the field army into the final and mighty blow which will forever destroy military despotism and its menace to the liberties of the world.

Calls for Proclamations.
"Will you not issue a proclamation to the people of your state appealing to them to subscribe imme-

diately to the limit of their ability to the fourth Liberty loan. Ask the rich and poor alike to buy Liberty bonds on the installment plan where they cannot pay cash for them and urge the banks and bankers of your state to carry purchasers of bonds on the installment plan at the same rate of interest that the bonds bear, namely, 4 1/2 per cent.

"The banks must help the people by lending them money to buy Liberty bonds and the people must help the banks by subscribing for them and paying for them as promptly as possible. We must all help each other if our army is to make certain that the great victory now in sight is clinched."

Secretary McAdoo addressed an appeal to the rich and poor of the nation alike to make a supreme effort to bring Liberty loan subscriptions to the required \$6,000,000,000 level in a speech before more than 5,000 persons at a mass meeting tonight.

Germans Continue Setting Fire to Towns Behind Their Lines

French Headquarters in France, Oct. 12.—(Havas).—The Germans are setting fire to more French towns behind the German lines. French aerial squadrons which have made reconnoiters over the regions of Marle, Vervins, Reims and Neuchâtel report that they observed numerous fires and explosions.

A Handsome Davenport Table

Here is a dignified renaissance style that is replete with decorative details. The design is architectural in its handling, the colonnade effect created by the columns and arches underneath being an adaptation of the Italian. The shaped and pierced end supports are lyre-shaped. Another interesting decorative detail is the dentil moulding, a classic enrichment of architectural furniture. This very impressive piece of furniture for the home is a rare design of which one may be genuinely proud—

In the Days of Egypt's Greatness

In the days of the pyramids, if the reigning Pharaoh desired entertainment, he begged, borrowed or stole a dancer or singer for his special pleasure. In medieval times the job of court jester or entertainer was one that was well rewarded by a gratified monarch and badly paid by a disgusted one, even to the point of cutting off the jester's head. Twenty-five years ago an opera box for the season was perhaps the most sought form of diversion.

Today we do not enslave dancers or reward or punish jesters, and it is no longer necessary to have one's box at the opera, just a
