Howard Starts Move. That the move started by Mr. Howard bids fair to become widespread is indicated by the fact that right here in Lincoln under the shadow of the democratic state committee, whom it is charged is furnishing the motive power for the Hitchcock-Mullen-Neville machine, democrats are already proclaiming that they are free and not slaves and that they are in hearty sympathy with the move started by Mr. Howard to ditch the machine and proclaim freedom to all democrats who dren are afflicted with the malady. want to come out from under the iron heel of democratic oppression. critically ill. ## Table Rock Red Cross Sell

Table Rock, Neb., Oct. 13 .- (Special.)-The quilt made by the Florence Nightengale auxilliary and sold at the recent Pawnee county fair, brought over \$300. It was first sold to R. W. Nelson of this county, and later to J. R. Deane of Chicago, fiscal agent for the Arnold Martin Food Growing corporation. Mr. Deane brought the quilt to the Lincoln hotel in Table Rock, where it will again be sold to the highest bidder. All money realized from the sale both here and at the county fair will be turned over to the Red Cros.

Arnold Martin, the celebrated 20acre farmer, south of here in the Dubois vicinity, is advertising a pub-lic sale to be held at his home October 30, at which time he will dispose of his property preparatory to leaving for his home in Montana. He is advertising that 10 per cent of the amount realized from his sale will be turned over to the Red Cross.

### Fremont Teacher Quits to Start Hog Raising Ranch

Fremont, Neb., Oct. 13 .- (Special.)-Miss Emma Merservey, for over 20 years a teacher in the Fremont schools, has resigned to take up hog-railing. Miss Meservey had planned to leave Fremont and go to California last spring for the benefit of her health but became interested in hog-raising when the city council made arrangements for keeping pigs in backyards and bought several pigs. Since that time she has purchased a small tract of land on the outskirts of the city and next spring will launch in the thoroughbred business on quite an extensive scale. Miss Meservey says there is nothing like it for restoring ones nerves and at the same time increasing the income.

Both of these talks were in the interests of the fourth Liberty loan and no politics was mentioned, but starting tomorrow, Mr. Reavis wil begin his political campaign, speaking at Sterling on Monday, Tecumseh on Tuesday, Weeping Water on Wednesday, Plattsmouth on Thursday, Dunbar on Friday afternoon and Syracuse in the evening.

Everything looks good for the success of the republican ticket, according to Mr. Reavis, and he believes the sentiment steadily increasing along republican lines.

"ON TO BERLIN" **URGES VOICE** FROM KANSAS

Governor Capper Demands Surrender of Germany: "War Is Not Over," Says Illinois Governor.

Topeka, Kan., Oct. 13 .- Gov. Arthur Capper of Kansas, tonight wired to President Wilson a message protesting against anything but surrender for Germany. The message said in part:

"Nothing can be done to Germany which in any measure can atone for the crimes committed in its name. Kansas feels that the allies armies should give the German people a vision of the meaning of the world in arms by marching through to Berlin and camping upon German soil while the peace terms are being concluded."

Chicago, Oct. 13.-There can be no peace short of unconditional surrender, Gov. Frank O. Lowden of Illinois, declared in a speech at the dedication of the Illinois centennial monument today.

Spanish influenza, which apis regarded by many to have been influenza. Every century has had its attacks. Beginning with 1831, this country has had five epidemics, the last in 1889-90.

There is no occasion for panicinfluenza itself has a very low percentage of fatalities-not over one death out of every four hundred cases, according to the N. C. Board of Health. The chief danger lies in principally, patients in a run-down condition-those who don't go to bed soon enough, or those who get up too early.

THE SYMPTOMS

Grippe, or influenza, as it is now called, usually begins with a chill followed by aching, feverishness and sometimes nausea and dizziness, and a general feeling of weakness and depression. The temperature is from 100 to 104, and the imes a sore throat or tonsilitis, and severe head cold.

EXTERNAL APPLICATIONS In order to stimulate the lining of the air passages to throw off the grippe germs, to aid in loosening the phlegm and keeping the air passages open, thus making the breathing easier, Vick's VapoRub will be found effective. Hot, wet towels should be applied over the throat, chest and back between the shoulder blades to open the pores.
