

BEACH BRANDS DEMO CHARGES AS FALSEHOODS

Declares Claim That Republicans Hired German Speakers Untrue; Democrats Guilty of Similar Act

From a Staff Correspondent.
Lincoln, Oct. 15.—(Special.)—Chairman E. D. Beach of the republican state committee pretty effectually put the quietus on the charge made by a democratic paper in Lincoln that the republican committee in the last campaign imported German speakers into the state to speak for the committee by pronouncing the charge as deliberately false by the following statement:

"The organ of the Hitchcock-Mullen-Neville political machine in this town seeks to cover up its own questionable acts, by charging that the republican state committee two years ago imported a German speaker and paid his campaign expenses. I denied the charge and they now come back with what they term 'indisputable proof' from the statement of the republican treasurer of the committee that we did do so and that we patronized German newspapers."

Statement Declared False.
"I said in my former interview the statement was false and I reiterate that statement. The gentleman to whom they refer was not imported into the state, but was a resident of Omaha. He applied to our committee for work and we turned him down. Later through other influence the national committee arranged with him to make some speeches. He came to Lincoln, but on his way here his pocket was picked of what money he had and on applying to the committee for assistance he could make his dates the committee advanced him the amount he needed, which the national committee later made up. If it was a crime for the republican committee to hire German speakers how about the work of the democratic committee along that line?"

Democratic Record.
"The financial report of A. V. Johnson, treasurer of the democratic state committee, filed in the latter county, shows that August Esser, a German speaker, who applied to the republican committee for work and was refused, was paid on September 26, 1916, the sum of \$10; on October 7 Mr. Esser received two checks, one for \$6 and the other for \$14; on October 14 he was again given \$20 for speaking and on October 26, \$40 for more speeches. November 10, after the campaign closed, the democratic state committee was so tickled over Esser's speeches that they gave him \$50, making a total of \$140 paid to the eloquent German orator."

Demos in Same Boat.
"But in the eyes of that democratic paper the republican state committee committed an awful thing in 1916, when they paid G. F. Berschner an advertising agent, \$88 for advertising. The report of its treasurer shows the democratic committee paid Mr. Berschner at one time \$93.75, and later \$103.50 for advertising. If it was a crime for the republican committee to pay Mr. Berschner \$88 was it not two and one half times more of a crime for the democratic state committee to pay him \$197?"

"The paper again declares it a horrible thing that the republican committee advertised in the Lincoln Echo, a German paper, published by Mr. Kuhl. The report of the treasurer of the democratic committee shows that Mr. Kuhl received \$90.50 for advertising for the democratic committee."

"For some time the democratic sheet has been lambasting Val Peters, and his German Omaha Tribune for disloyal conduct and other things and now in an effort to show that the republican state committee was in cahoots with Peters, shows that the committee paid Mr. Peters a small amount for advertising. The report of the democratic treasurer shows that the democratic committee paid the Tribune a much larger sum for advertising, first \$33.60 and later on November 4, the sum of \$150."

Big Papers Not Forgotten.

"However, the big papers were not wholly forgotten. So anxious was the democratic state committee to incite the German propaganda among the people of Nebraska that they paid the Omaha World-Herald, owned by Senator Hitchcock, the man in Nebraska who at that time was doing more for the kaiser than any other single individual, the sum of \$2,787.40 for 10,000 subscriptions to that paper during the campaign."

"Oh, yes, the republican state committee may have done a very unpatriotic thing in giving a poor speaker who had lost his pocket book enough money to get out of town, or for advertising in German papers in 1916, but in the face of the sworn statement of the treasurer of the democratic state committee it would seem that very little more need be said."

Norris Banned From Giving Address to Railroad Employees

From a Staff Correspondent.
Lincoln, Oct. 15.—(Special.)—Politics has "adjourned" again, according to information coming to republican state headquarters from Wyoming, where Senator George W. Norris went yesterday at the request of the Liberty loan committee at that place to talk for the Liberty loan.

When the senator, who happens to be a candidate for re-election on the republican ticket, went to the railroad shops to talk to the men on the Liberty loan, he was denied the chance to talk, because, so he was informed, Mr. McAdoo objected to candidates for office talking for the Liberty loan.

Candidates for office on the republican ticket have been talking in the interest of the Liberty loan for more than a week, leaving politics out of their addresses.

While supervising the installing of listening posts on the front line was attacked by a patrol of Germans, but, together with his companions, Liming beat them off, killing several. At another time during one of the German raids, Liming and four signal corps men were cut off, but fought their way out with bayonets and fists. At another time, Liming was caught in a shell hole with three wounded men, whose wounds he dressed. He was attacked by three Huns, all of whom he shot or killed in hand-to-hand fighting. Liming was in the hospital for several weeks, but is now back on duty again.

The name of Otis E. Pearson of Arlington was among the casualties reported last week. He enlisted soon after the outbreak of war and was a member of the Twenty-third battalion field artillery.

Dewitt Submits Teuton Tongue Problem to State

Lincoln, Oct. 15.—(Special.)—The attorney general has received a communication from Dewitt asking if the local Council of Defense has the authority to force a business man to place in his store cards announcing that the American language must be spoken. Also if a merchant has the right to refuse to sell a customer goods for cash. The attorney general has answered the first question by saying that there is no law to compel the placing of cards of that description in any store, but feels that every individual ought to both speak and think in the American language at this time. There is no authority to force any man to sell his goods if he does not want to for cash or in any other way.

HOWARD URGES DEMOCRATS TO BEAT MACHINE

Columbus Editor Calls Upon Men Everywhere in Party to Pull Down Boss-Ridden Candidates.

From a Staff Correspondent.
Lincoln, Oct. 15.—(Special.)—Telegrams are being sent out numerous by Edgar Howard of Columbus calling attention to the needs of democrats who oppose the domination of the Mullen-Hitchcock-Neville machine to line up solidly for the "free democrat" program.

Mr. Howard says that because of the epidemic of Spanish influenza, it will be impossible to hold a state convention between now and election day, but he asks every democrat in the state to stand firm and use his influence against those candidates who are receiving the backing of the democratic machine.

He says that if the democratic party is to be a factor in Nebraska in the future it must be purged from the evil influences of the Mullen-Hitchcock-Neville crowd and now is the time for democrats who want to be free and independent to take a stand against the slavery of political party machinery.

INFLUENZA IS SPREADING OVER ENTIRE NATION

Persons Weak and Run Down Easy Victims; Fortify Yourself Against It by Taking Tanlac.

According to late reports issued by State and Federal health authorities the Spanish influenza epidemic is rapidly spreading to all parts of the country, and it now seems that practically every state in the Union will be seriously affected before it runs its course.

It has not only become a great and terrifying menace to the public health, but unless checked, it is apt to seriously affect the progress of war work in all its various departments. Already the Shipping Board has announced that 10 per cent of its workers had been affected.

The disease has made its greatest progress in the East, where it has claimed its victims by the thousands. Reports from other sections, however, are equally alarming; and both civil and military authorities have warned the public to take every precaution to prevent its further spread. In many cities schools, churches and theaters have been closed and public gatherings of all kinds forbidden.

Medical authorities agree that people who are weak and rundown are the earliest victims of the influenza epidemic. If you find yourself tired, weak and losing flesh, or if you are in a generally run-down condition, or if you catch cold easily this warning should be heeded promptly. You are really in great danger—because the germ of this disease is very catching and you are apt to fall an easy victim if you come in contact with the germs. People who are well and strong are not likely to contract the disease because they are able to throw it off. The common-sense way to keep from taking it is to fortify the system against attack by building up the constitution.

In other words to use the old adage, "An ounce of prevention is worth a pound of cure." And if you are in a sub-normal condition the proper thing to do is to begin immediately to build up your powers of resistance. To accomplish this, nothing on earth will strengthen you and build you up like Tanlac, the powerful reconstructive tonic, which contains the very elements needed by the system to give you fighting strength and ward off the influenza germ.

First of all Tanlac begins its action by creating a good healthy appetite for wholesome, nourishing food, and assists every organ of the body to perform its natural functions, thus helping to build up health and strength in the natural way.

Tanlac is also the ideal strengthening tonic for persons who are suffering from the after effects of influenza, Grippe or Bronchial troubles and hundreds of thousands are using it daily with the most gratifying results.

In connection with the Tanlac treatment, it is necessary to keep the bowels open by taking Tanlac Laxative Tablets, samples of which are included with every bottle of Tanlac. It is also important that the every day rules of hygiene be observed; that is, sleep in well ventilated rooms, get plenty of fresh air and exercise and keep away from crowds.

Tanlac is sold in Omaha by all Sherman & McConnell Drug Company's stores, Harvard Pharmacy and West End Pharmacy under the personal direction of a special Tanlac representative. Also Forrest and Meany Drug Company in South Omaha and the leading druggist in each city and town throughout the state of Nebraska.—Adv.
