

OMAHA LABOR WITH FIREMEN IN CITY FIGHT

Central Body's Executive Committee So Announces at Meeting; Electricians Settle Trouble.

Organized labor is willing in every way to co-operate with the local firemen's union, both financially and morally.

This conclusion was reached and given out last night at a meeting of the executive committee of the Central Labor union, where it was declared that the fireman's organization is alleged to have been mis-represented by the mayor and city commissioners.

The electricians' grievances has been satisfactorily settled. All crafts will return to work his morning.

A letter, received from F. T. Halley, director of industrial plants division, was read, acknowledging receipt of a letter from the local labor union stating that organized labor in Omaha was heartily in accord with the director's plans concerning any and all war work activities.

Due to the weather and the "flu" epidemic, the meeting of the central body was postponed.

Before the executive committee adjourned, it was voted that J. J. Kerrigan represent the Omaha union at the Gompers' Homecoming campaign, which takes place in Chicago next month.
