(From a Staff Correspondent.) Lincoln, Neb., Oct, 20 .- (Secial.) The 'Don't Worry" sign is oc-cupying a prominent place in republican headquarters these days and Chairman Ed Beach, Secretary Nels Hansen and the rest of the bunch are happy. This is caused by information from all parts of the state that Nebraska is coming back into its own.

"Dee-lighted," was the way Mr. Beach expressed himself today when asked how he liked the condition of things politically.

Mr. Beach had returned from a trip to Omaha where he met the county committee there. He is immensely pleased with the way in which republicans are working for the entire ticket in Douglas county. Real Live Bunch.

"They are a live bunch," said the chairman as he lit a fresh cigar and after giving it a long pull, watched the circles as they drifted toward the ceiling. Overconfidence lost elections in the past and we do not want to lose Lieut. Gilbert Doolittle, Philadelphia this one after having it won.

The influenza epidemic has disarranged our plans somewhat," said the chairman, "but as far as that is concerned, the plans of our friends, 'the political enemy,' have also been rather uncertain. On account of the ban on public gatherings by the epidemic, big meetings were called off in Lincoln and other places where Congressman Kahn of California had been billed and only one address on a date at Beatrice made on short notice, could be delivered.

However, this week and next we will be able to bring some of these speakers into the state and will use them in olaclities where the ban has not been placed on public speakprevalence of influenza

## McKelvie Dates Cancelled

On Account of Influenza Lincoln, Neb., Oct. 20.—(Special Telegram.)—S. R. McKelvie, re-publican candidate for governor, who has been making a vigorous campaign out in the state, announces that on account of the influenza epidemic that seems to have a grip on Nebraska at this time, he considers it advisable to cancel all speaking dates that have been made. In discussing the matter today, Mr.

McKelvie said: "After having canvassed the situation carefully, I have decided that, owing to the prevalence and seri-ousness of the epidemic, it is not wise to continue the holding of public meetings. I have, therefore, cancelled such itineraries as have already been announced."
