Not until after election, according to the present program, will the Americanization committee, appointed by the governor to map out a plan for the Americanization of the foreign element of Nebraska, hold another meeting and try to get

together on some feasible plan. It is reported there has been considerable friction over a lengthy report that was submitted by the subcommittee, appointed after the Lincoln meeting, and which was presented to the main committee at the Omaha meeting at the Paxton hotel, some weeks ago.

The report of the subcommittee, it is said, was too lengthy and not virile enough in its plans or recommendations to suit some of the members, who stood for an out-andout Americanization plan.

The matter was put up to the governor, as Judge W. V. Allen OMAHA LIVE STOCK said, "for him to give publicity to it." As yet the governor has failed to make the report public.

About that time, C. H. Gustafson, president of the Farmer's Union, who was a member of the committee, resigned. "I resigned." said he. because the demands of business made it impossible for me to devote my time to the proceedings of the organization. If there is any politics in it, I am glad I am out."

the vacancy. Judge Sullivan has declined to

serve. He says: "My wife is in the hospital of the Mayo's at Rochester, Minn., and conditions are such that I feel that I must devote myself more or less to her and my affairs, complicated by her sickness, does not allow me time to devote to the work which the governor proposed to honor me with.
