DEMOCRATS USE PICTURE SHOWS TO ADVERTISE

Patrons Forced to Watch Democratic Political Advertising Being Used in Picture Theaters.

From a Staff Correspondent. Lincoln, Oct. 23.—(Special).—There appears to be a sad lack of harmony among democratic managers and something ought to be done. Democratic national headquarters sends out a program which it is expected to bring results and then the Nebraska end of democracy picks over the traces. The following letter sent to a motion picture manager in Nebraska has been sent to republican headquarters which shows that patrons of picture shows were up against the proposition of paying to see the democratic political propaganda pulled off in front of their eyes and they simply would be forced to sit still and take the medicine.

So, Fifth Avenue, New York October 17, 1918. Manager Opera Hall.—Dear Mr. Manager: At this critical period of our history supporters of the President are needed in Congress. I am sending you a set of slides, which, if shown in your theater at repeated intervals, from October 20 to November 5, will aid in electing men who are in harmony with Wilson.

These slides, which are being supplied by the democratic national committee, contain messages pointing out the necessity of unity of action in Washington. They should help in crystallizing a sentiment for the support of President Wilson, as commander-in-chief of the army and navy.

I trust that you are in accord with this sentiment and that you will aid us in this patriotic work. Thanking you for your co-operation, I remain cordially yours.

FRÉDÉRIC HAWLEY. And now Governor Neville and his democratic state board of health have closed up the picture shows so that the "patriotic work" of the democratic national committee cannot be carried out.

Has Nebraska's "war governor" thrown a rock in the path of the democratic political machine of the nation in his efforts to put the ban on political and other meetings in Nebraska?

Find Crude Oil Near Riverton, Nebraska

Riverton, Neb., Oct. 23.—(Special).—While digging a large cesspool here recently, workmen discovered oil in what promises to be paying quantities among the banks of Thompson creek, at a depth of about 20 feet. Since the first discovery a number of wells have been drilled in the vicinity and something like 400 gallons of oil pumped from them. At one or two places it was found to be mixed with a thick substance which experts say is paraffin, with promise of natural gas. The oil taken out so far tests about 48 per cent pure, and will run an engine in its crude state.

A company has been formed, a drilling outfit is already on the ground and plans are being made to drill for the main reservoir. Experts say that the oil already found is seepage from the main body and that it is only a question of drilling deep enough to strike this body.

Forty-one New Cases of Influenza at Beatrice

Beatrice, Neb., Oct. 23.—(Special).—John Tober and Howard Conover, two members of Company C of this city, have been wounded slightly in action in France. These are the first two members of the company to be wounded in battle. Forty-one new cases of influenza were reported here yesterday and three deaths have occurred. There is a slight decrease in the number of cases the last few days.

Mrs. Emma Hollingworth, head nurse at Fall's sanitarium, died yesterday after a prolonged illness. She is survived by her father, Stephen Bull, one daughter and one brother. Mrs. Esther Carpenter, wife of Judson Carpenter, died yesterday of influenza. She is survived by her husband and two children. Fred Hirsch, who died yesterday, was also a victim of influenza. He is survived by a widow and three children.

Stapleton Man Murdered By Nineteen-Year-Old Boy

Stapleton, Neb., Oct. 23.—(Special).—Hamilton Spain, living 25 miles north of here, shot and killed Will McClure, a neighbor, on October 13. Young Spain, who is but 19 years old, rode to the McClure home and called McClure to the door. When he appeared, Spain shot at him with a double-barrel shot gun but missed. McClure turned into the house, picked up a rifle, and fired at Spain, the bullet hitting him in the arm. Spain fired the other barrel of his gun, hitting McClure in the pit of the stomach. McClure managed to get to the home of George Osborne, three miles away, where he died. Spain was arrested and had a hearing Tuesday. He was found guilty of manslaughter and bound over to the district court on \$2,000 bonds.

5,000 Dodge County People Buy Liberty Loan Bonds

Fremont, Neb., Oct. 23.—(Special).—Approximately 5,000 Dodge county citizens, or one in every five, purchased bonds in the fourth Liberty loan, according to figures compiled by George C. Gage, chairman of the Dodge County Bankers' association. The total subscriptions in the county amounted to \$1,717,950 or \$35,950 more than the quota. Fremont citizens purchased \$557,650 in bonds, or about one for every four persons.

Nebraska Uni Dairy Team Win Prizes at Stock Show

The University of Nebraska dairy judging team larded and hog-tied practically all of the prizes at the recent National Dairy show in Columbus, O. The Cornhusker team won both the show team sweepstakes and the sweepstakes offered by Hoard's Dairyman. The trophy offered by the Ayrshire association also reposes in the Nebraska agricultural school.

Two \$400 scholarships offered for the highest team standing and the highest individual standing were won by the Nebraska boys. Gold medals offered for the highest and next highest individual record will be worn on the breasts of farmer boys from western Nebraska.

Speculators Trying To Starve the Stock, Says a County Agent

Lincoln, Neb., Oct. 23.—(Special).—Profiteering in hay by speculators is threatening to prevent the feeding of thousands of head of Nebraska cattle, according to information reaching the extension service of the University of Nebraska college of agriculture. The high price will also compel the sale of many stock cattle in the drought stricken section of the state. Eastern Nebraska county agricultural agents attempting to buy hay in the western part of the state have found the supply cornered by speculators. These profiteers are asking \$25 a ton for alfalfa. Farmers of eastern Nebraska say they cannot pay such a price and they plan to sell their cattle without fattening.

Farmers of Seward county sent their agricultural agent, H. P. Rigdon, on a hay buying tour. He traveled 1,000 miles by automobile and visited seven counties. Four other counties in the drought stricken belt of the state sent men west. All had the same experience. Where speculators have not actually bought up the hay they have excited the farmers into holding for an exorbitant price. The cheapest alfalfa found was at Stratton—\$22 a ton. At Haigler and Sanborn \$27.50 a ton was asked. In Dawson county, thousands of tons are in the hands of speculators and are being held for \$25 a ton. The agents succeeded in buying a little wild hay for \$21 a ton. "Speculators are trying to starve the stock in our county," wrote one county agricultural agent. "If hay cannot be purchased so it can be fed without too great a loss the farmers are going to ship their stock out."

Plattsmouth Woman Dies Of "Flu;" Town Is Closed

Plattsmouth, Neb., Oct. 23.—(Special).—Last evening Mrs. G. E. DeWolf, wife of the superintendent of the Plattsmouth city schools, died at her late home in this city from pneumonia, after an illness of Spanish influenza. The remains were taken to Gibbon. Schools are closed and the churches and moving picture shows are not allowed to operate.

Dodge County to Raise \$150,000 for War Work

Fremont, Neb., Oct. 23.—(Special).—The Dodge County War Service league, organized for the purpose of raising and distributing all war funds with the exception of Liberty loans, will start a drive on November 12 to raise \$150,000 which is expected to last a year. J. Howard Haine of Fremont is chairman, and D. D. Rowe is secretary.

WOMAN'S FITNESS FOR WAR WORK

There's no question of women's right to enter war activities—to take the place of the men now at the front. Indeed they would seem to have many points of superiority over men in some of the industrial fields which they are now entering. But to take men's burdens the women must be strong—must have iron nerves and good blood. So many women these days are frail, nervous, borne down by the pains and aches peculiar to their sex. A sex tonic and nerve builder is needed, such as Dr. Pierce's Favorite Prescription. An affection confined to women must have its cause in the womanly nature. There is no doubt that a diseased condition of the delicate womanly organs, is in general responsible for feminine nervousness and an undermined constitution. The use of Dr. Pierce's Favorite Prescription makes women happy by making them healthy. There are no more crying spells. "Favorite Prescription" is an herbal tonic for female weakness. It makes weak women strong. Dr. Pierce's Favorite Prescription has been for nearly 60 years the most favorably known herbal tonic for women. Ask your neighbors! The "Prescription" is sold in tablet or liquid form. Send ten cents to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., for large trial package. Druggists sell the tablets in 60-cent packages. Men and women are many times tempted to ask their family physician questions on delicate matters. Such questions of sex are answered by the "Medical Adviser." The nursing of the sick, first aid to the injured, accidents and emergencies, anatomy, physiology, hygiene, the human temperaments, the origin and transmission of life, the brain and mind, are treated of in an original and comprehensive manner, in harmony with the latest scientific discoveries. This book formerly sold for \$1.50. For a limited time—while they last, this book can be obtained for 60 cents at the prominent drug stores in town, or write Dr. Pierce, the publisher, Invalids' Hotel, Buffalo, N. Y.

SATURDAY MAY BE SCHOOL TIME REST OF YEAR

State Superintendent and Other Educators Believe This Will Be Necessary Because of Flu.

(From a Staff Correspondent. Lincoln, Neb., Oct. 23.—(Special).—Eliminating Christmas and spring vacations, and continuing school on Saturdays, may become necessary in Nebraska to make up for the epidemic of Spanish influenza. State Superintendent Clemmons and Nebraska educators are considering such a plan and it is very likely that school children will have to make the sacrifice. In order to complete the required amount of school work as early as possible to release students for work on the farms, it is more than likely that school will keep six days a week, with regular course of study on Saturday.

Verdigré Goes Over The Top by 45 Per Cent

Verdigré, Neb., Oct. 23.—(Special).—The Verdigré district went over the top in the Fourth Liberty Loan with nearly 45 per cent to spare. The quota for this district was \$130,250 and it was found that \$185,850 had been subscribed, or \$55,600 over the required quota. In addition the Bohemian National Alliance for the benefit of the Czechoslovak army in Russia has raised \$5,300.
