NEBRASKA MAN VOTED AGAINST WAR MEASURES

Shallenberger Was Against Naval Program, Selective Draft and Increased Pay for the Soldiers.

Washington, Oct. 25 .- Because he consistently voted against preparedness and war measures, and failed to meet the acid test of President Wilson as to true loyalty and genuine Americanism, it is regarded here as certain that Congressman Shallenberger of the Fifth Nebraska district, should be defeated for reelection and be succeeded by W.

E. Andrews, a republican. As the result of an examination of his record the National Security league and other patriotic agencies seeking the selection for the next house only of men really at heart for the war with Germany, finds Shallenberger one of the most vul-

Against Naval Program.

Two years after the outbreak of the war Shallenberger voted against the naval program for building two first class battleships each year, and recorded himself as opposed to having more than one. This is the program established by President Roosevelt and has since been continued by the Navy department. In the following session he again opposed two battleships and voted for one instead. This after Chairman Padgett of the Naval Affairs committee, had said: "I wish to state here that I have been in close touch with the president of the United States, and his whole heart is in this matter, and ever since last September he has advocated a continuous program."

Toward the army Shallenberger was not less parsimonious. In 1916. when our army had in it less than 90,000 men. Shallenberger voted against an increase to 220,000 men. When the United States was dependent upon nitrogen in the manufacture of smokeless powder, he voted against providing for a domec' : supply.

Wanted Volunteer System.

After our entrance into the war, he voted against the Kahn amendan inadequate army, and against change of temperature.

"It is against Prussian autocracy that the president tells us we wage this war. That autocracy is based on nothing else but the power of conscription combined with a milipower is denied to it. Many good The charge struck him in the foremen who see the world on fire in head. this war because of the damning effects of the Prussian system insist that if we would defeat it we must make use of the system upon which it feeds to accomplish its overthrow. If we must fight the devil with his own fire, let us be very stitutions of free democracy in our Ellsworth Gets First Snow own land with the same blasting

Though a democrat pretending to accepted by the president as a vote traveling on foreign ships carrying state. arms. He opposed the Anthony amendment for enlisting four divisions under Colonel Roosevelt to be sent to France. On the Lenroot amendment to the explosives bill. for selecting war employees by civil service, he voted for the spoils system. He was opposed to making it unlawful for employees in munition factories to strike during ago when he enlisted as a common the war. He voted against bonuses seaman in the navy, died of pneuto those engaged in war work to monia on the high seas October 4 speed up government contracts and and burial has been made at Springwin the war.

Opposed Increased Pay. Shallenberger voted against infrom \$15 to \$30 per month. From Constable Bryant Fined the opening of the 65th congress until July 13, 1918, there were 299

roll calls. Shallenberger was either absent or failed to respond to 57.

Draft Evader Is Released By Kearney Authorities

Kearney, Neb., Oct. 25 .- (Special.)-Today a draft evader was released from custody because neither the city nor the county would assume the expense of keeping the prisoner until called for. The man admitted he was a draft evader, but the police and sheriff released him on this technicality. Now an ef-fort is being made to ascertain what disposition to make in the future of similar cases.

Officers who are here to accompany Buffalo county men to Camp Kearny, Cal., have been ordered to years of age, died Thursday. Glorious Knowledge Women Gain When a Wonderful Thought Steals Over Them.

Every woman in the joy of coming motherhood should prepare her system for the unusual strain. Three generations have found the tried and reliable preparation, Mother's Friend, of the greatest help at such a time. By its daily use throughout the period, the skin of the abdonen is made soft and elastic, expanding muscles relax easily when baby arrives, and pain at the crisis is in this way avoided.

The inflammation of breast glands is soothed.

Obtain from your druggist, by all means, this great preparation which science has offered for so many years to expectant mothers.

Write the Bradfield Regulator Company,
Dept. D. Lamar Building, Atlanta, Georgia,
for their helpful and interesting Motherhood Book, and begin the use of Mother's
Friend. It is for external use, is absolutely safe and wonderfully effective.

And remember, there is nothing to take
the place of MOTHER'S FRIEND.—Adv.

Prices of Unsacked Potatoes Given Public by University Expert

Eastern Nebraska consumers hould be able to lay in their winter's potato supply now at from \$1.25 to \$1.50 a bushel, if they buy in unsacked quantities, according to H. C. Filley, government field agent in marketing. Mr. Filley gave out the following summary of the potato situation:

"Now is the time to buy potatoes for winter storage. Digging is practically completed, and the growers are ready to sell. Few producers have storage for their entire crop, nearly all need money with which to pay for Liberty bonds, and potatoes are much easier handled now than in winter. For these reasons and the cost incident to storage and handling, prices to the consumer are apt to be lower at this season than either earlier or later.

"The price depends not only upon the potatoes, but upon the amount Burlap sacks, for example, are costmands a sack must pay for it, even 450; and Springfield, \$335,650. if he eats only the potatoes. At for from \$1.25 to \$1.50 per bushel,

First Snow of Season Now Falls in Western Part of Nebraska

Winter drifted in on Nebraska Thursday night, and, according to reports of the railroads, the west half of the state is pretty well covered with snow. It is the first snow of the season and was one-half to three-fourths of an inch deep.

The Northwestern reported snow oper a goodly portion of western South Dakota and as far east as O'Neill in Nebraska. Along the Union Pacific there was snow most of the way from Lexington west to Cheyenne. On the Burlington the snow covered the ground as far east as Sutton, in Clay county. While Lid is On State east as Sutton, in Clay county.

East of the snow belt there was a drizzling rain up to within fifty to seventy-five miles of the Missouri

Divorce Decree to Be in Force Six Months Hence

An unusual point of law was raised in Judge Day's court in connection with the divorce proceedings between Margaret and David E. Ericson of Mead, Neb. The wife recently was allowed a decree, and the husband filed a bill of exceptions to take the case to the supreme court. In connection with A writ of execution was issued by the court at the time the decree was entered, and on Thursday Judge Day issued an order recalling that execution against the husband's property.

BY LEE HERBERT SMITH, M. D.

In the above drawing from the human blood in health (Fig. A) and in dis ease (Fig. B) we see how the blood changes, as seen through a microscope, when a person is thin-blooded as in anemia (Fig. B). During the long winter months most women are housed up in the home, office or factory, getting little good air or proper exercise. Therefore the following spring or summer they feel weak, nervous, look pale, or the skin breaks out in pimples, eruptions or boils; one feels " blue " and without energy. Sometimes hands are cold and clammy." Women often are so pale they look almost green-often called "green sickness." At such times there is a large decrease in the red or white blood corpuscles and the blood cells instead of being round and healthy take on irregular shapes, as in Fig. B.

What's to be done in such cases? Put iron in your blood, and the cells be come round and red; they lose the irregular shape and you gain in vim, vigor and vitality. By experiments and actual test, I have found that the best combination of iron with herbal extracts is to be found in an fron to 'Irontic," and sold by most druggists in tablets of one-hundred for sixty cents. You will find that instead of pale cheeks, feelings of lassitude, tired, worn out before day is half done, after taking "Trontle" your cheeks will have color, you will feel strong and vigorous, and "ready for the fray." Start now and you will be surprised how full of vim, vigor and vitality you will feel in a few short weeks.
