

### SPEND SUNDAY AT HOME AND PLAY VICTROLA

Health Commissioner Manning Warns Against Having Too Many Visitors on Sabbath.

"Stay at home and don't have any visitors." This is the pleasant way that City Health Commissioner Manning recommends to Omahans for spending Sunday.

"It seems," he said, "that since the churches and amusements are closed the people are doing so much visiting that, to a large extent, they are defeating the very purpose for which the public places are closed."

"If a dozen people gather in a private home there is just as much danger of contagion as if a much larger number gather in a public place. If the guests in your home are infected with influenza germs the chances are that you will get them if you entertain the guests for even an hour."

Play Victrola. So the cautious ones will stay at home, keep the windows open, read the religious books or Sunday papers, or play the Victrola. It is also advised by Dr. Manning to go out and take long walks in the open air.

A little more than 100 new cases of "flu" were reported to the health commissioner's office in the 24 hours ending at 9 o'clock Saturday morning. The number of deaths from the Spanish influenza reported in the same period was 26, beside two in which pneumonia was given as the cause of death. The new cases are much milder than those of the early days of the epidemic.

The damp weather of Saturday says Dr. Manning, is extremely favorable to propagation of the disease. A "flu" germ outside of the human body can only live about 15 minutes in dry, sunshiny weather. But in damp weather its lease on life is much longer.

May Close Pool Halls. Dr. Manning has decided to give the pool halls until Monday morning to show whether they shall be left open. It has been reported to him that these places are shamefully crowded.

The closing of the movies has shifted large numbers of young men to the pool halls. The halls are poorly ventilated, some of them under ground, and they are said to be hotbeds of propagation of the "flu." Dr. Manning's chart shows that for the last three days the number of new cases and the number of deaths from Spanish influenza have held about even each day. The chart shows that the closing order resulted in bringing down both cases and deaths to an enormous extent.

Donald N. Meyers, 16, Will Go Overseas as Ambulance Driver

Donald N. Meyers, 16-year-old son of Mr. and Mrs. Henry Meyers, 3046 Meredith avenue, will go to France as an ambulance driver for the Red Cross. The boy's father is a member of local exemption board No. 3, and he declares he is glad to see his son go across to do his bit in the war. Young Meyers has passed his examination and will leave Omaha soon for three weeks' training in Chicago and then will go directly to France. He was a sophomore in the Omaha High school.

### Lieut. Robert Connell of This City Dies in Paris War Hospital

First Lt. Robert D. Connell, son of Dr. R. W. and Mrs. Connell, has died in France, according to a cablegram received by the parents Saturday morning from Miss Louise Dilling, Omaha woman who is now serving as a nurse in the American hospital at Neuilly.

Death was caused by pneumonia, but the cablegram gives no further particulars except that Lieutenant Connell died in a hospital in Paris and that his friend, Ted Millard, formerly of Omaha, was with him when he died.

The young officer was 24 years old. He took military training at the Fort Omaha balloon school and left Omaha in November with the second balloon squadron, and has been in active service in France since January.

He is survived by his parents, a sister, Miss Regina, and two brothers, Herbert, who is attending an officers' training school at Camp Taylor, Louisville, Ky., and James, 19-year-old student at Creighton university.

## The Truth

### About Dental Conditions

More and more dentists are being taken into government service—there is an alarming scarcity of many important dental materials—notice has been sent out by the dealers that the amount of gold sold to each dentist is to be limited.

All of which means that service in the future is likely to be poorer and prices higher.

For the sake of HEALTH and ECONOMY which are the very spirit of PATRIOTISM have your needed dentistry done NOW.

TAKE ADVANTAGE OF OUR NORMAL SERVICE AND REASONABLE PRICES.

**IMPORTANT**  
We are the severest critics of our service and do not permit work to go out that isn't up to our high standard.

Our NITROUS OXIDE GAS AND OXYGEN eliminates the pain of extracting.

## Women's Coats

Featuring an Extensive Collection

Only the best of the new season's modes are included in this showing. And whatever we could say of fabrics and styles and charm, you will more than verify when you see the garments.

Included in these groups at the various prices, are Coats of Duvet de Laine, Silvertones, Evora Cloth, Yukon Plushes, both black and beaver color, Wool Velours, and Silvercords. Many of these fabrics, such as Duvetyns and Evora Cloths, will not be again obtainable.

Furs are also of a superior sort. Each coat is fully lined with Pussy Willow or Peau de Cygne. Fashions vary from the simple belted coats to the full length cape coats. All the rich, deep toned colors of the Fall are included.
