

HOWARD URGES DEMOCRATS TO SMASH MACHINE

Lieutenant Governor Warns
Voters Against Candidates
Who Are Controlled by
Corporations.

At least one democrat holding high office in Nebraska refuses to be the tool of the Mullen-Hitchcock-Gooch machine.

Edgar Howard, lieutenant governor, resents the appeal of President Wilson which might "send two Hitchcocks to the United States senate" by electing "the unclean Morehead."

In a signed editorial appearing in the Columbus (Neb.) Telegram, Mr. Howard calls upon free democrats to be loyal to the country by voting against every candidate "high or low who is under obedience to the Mullen-Hitchcock-Gooch machine." Extracts from this editorial follow:

"I love my president, but I know he is human. I will follow him in any good direction, but my own reputation is as dear to me as any desire of my president is dear to him. I have been proclaiming the gospel of a free democracy ever since I was a boy. Shall I now turn traitor to my own gospel and give my vote to men whose hands are tied by corporation strings, simply because my president asks me to do so? Shall I endorse the partisan plea of my president, and by such endorsement put forth the claim that my republican neighbors are less loyal than my democratic neighbors? Shall I cast my vote next Tuesday for certain democratic candidates for high office whom I positively know to be wedded to the great special interests and whom I positively know to be as much the tools of Arthur Mullen as my own pocket-knife is my own piece of machinery?"

"I will cast my vote next Tuesday for all democratic nominees whose hands are not tied by corporation strings. I shall not vote for any candidate for the United States senate, for congress, for a state office, nor for any legislative candidate whom I know to be a tool of the corporations, even though my president, evilly advised by democratic agents of evil in Nebraska, shall ask me to do so. I love President Wilson, and so I dare not cast a vote which might send two Hitchcocks to the United States senate. Two years ago President Wilson appeared to me to support Senator Hitchcock, who had agreed to support President Wilson in all things. Men have wondered why I gave my support to Senator Hitchcock two years ago, knowing as I did his crooked record. At that time I publicly stated that I supported Hitchcock because President Wilson had asked all Nebraskans to support the unclean senator. I did a wicked thing when I helped to elect Hitchcock, who has been the meanest enemy President Wilson ever had, or has today. President Wilson made a mistake two years ago when he asked Nebraskans to vote for the snakey Hitchcock. President Wilson makes a mistake today when he asks Nebraskans to vote for the unclean Morehead, or for any democratic candidate for congressional, state or legislative office, if the candidate's hands are known to be tied by corporation strings."

"I call upon all free democrats in Nebraska to be loyal to our country, to our president, to the true principles of the democratic party, and to themselves, and they can best prove their loyalty next Tuesday by voting against every democratic candidate, high or low, who is under obedience to the Mullen-Hitchcock-Gooch machine. It will not do any good to break a few spokes in the wheels of the machine. The duty of free democrats next Tuesday will be to smash the whole wagon."

Welfare Activities Are Centered in War Camp Community Service

Washington, Nov. 1.—All activities connected with the welfare of enlisted men outside of the camps and cantonments, heretofore conducted independently by the Y. M. C. A., the National War council, the Jewish Welfare board and the Salvation army have been placed under the supervision of the War Camp Community service.

The commission announced tonight that thus the War Camp Community service becomes the only agency now officially recognized in this work and is charged with coordinating, stimulating and extending, where necessary, the activities of all other agencies.

This action, it was explained, was taken in accord with views recently expressed by Secretary Baker, and also those of President Wilson as to the necessity for unity and coordination in the work of all relief agencies.

Greater Serbia Takes Its
Place on the Roll of States

Basel, Switzerland, Nov. 1.—A Vienna dispatch received here says that according to the Austrian newspapers the kingdom of greater Serbia has been proclaimed at Sarajevo, Bosnia, and that the assassins of Archduke Franz Ferdinand have been released by soldiers.

The assassination of Franz Ferdinand and his consort at Sarajevo in June, 1914, was one of the indirect causes of the commencement of the world war.

To Undergo Operation.

Washington, Nov. 1.—Ambassador Francis is to leave Archangel soon for England, where he is to undergo a slight operation. It was said at the State department today Mr. Francis had hoped to have the operation performed some time ago, but had been prevented until now by the press of official duties, which kept him in Russia.

The Label in a Man's Suit or Overcoat

is often the standard by which its quality is measured; many a man often spends a great deal more for an ordinary suit merely because of a certain label that it bears.

The Burgess-Nash label in a suit or overcoat means "Excellence" in every possible sense of the word. There's the excellence of the materials of which the garment is made, then the linings of a quality that leaves nothing to be desired.

As to style and smartness of lines, Burgess-Nash clothing is up-to-the-minute, without going to extremes; you will find it in the best company, worn by men who are known to dress well.

Particularly attractive are these—

Men's and Young Men's Suits At \$20 to \$60

THE range of selection is so large that you will have no trouble in choosing a suit that will please and satisfy you. The materials are the best of wool fabrics in both domestic and imported weaves, homespun, worsteds, flannels and chevrons, made up in plain models, double or single breasted, two or three-button or soft roll lapel.

Men's and Young Men's Overcoats \$20 to \$85

Solid colors, oxfords, black and blue, with velvet or self collars, full lined, quarter lined, many silk lined. The materials are plain cloths, mixtures, etc., with single or double breasted style.

New Georgette, Crepe de Chine and Taffeta Blouses, Exceptional Values \$5.00

BEAUTIFUL Georgette and Crepe de Chine Blouses that evidence the splendid achievements that result from intimate co-operation between manufacturers and retailers.

The values are most extraordinary, and made possible because of the many great economies that have resulted from the genuine thrift plan under which they were made and sold. To just one good store in each city is the sale of these blouses confined, and, fortunate indeed are we to have been chosen as the store to offer them. The materials are of a superior quality, the blouses are cut on full generous lines; the styles are new, authentic, appealing. The charming simplicity of design, and the sturdiness of character that the times so much demand, is the rare possession of these new models.
