

SLOAN HOPES TO MAKE WAR RISK BUREAU CHANGE

Nebraska Congressman Introduces Bill Which Would Relieve McAdoo of Big Department.

Washington Bureau of Omaha Bee. Washington, Nov. 1.—(Special Telegram.)—Congressman Sloan has started something today in the house that bids fair to rival a snowball—the more you push it the bigger it gets.

He introduced a bill to transfer the administration of Article 3, or the compensation for death or disability of the war risk insurance act, to the pension bureau.

The pension bureau, according to Mr. Sloan, has all the machinery, equipment and experience, as well as the clerical, legal, medical and administrative talent, to take over the work.

A leading federal official, speaking of the bill, said that such a law would increase the efficiency over the new organization 50 per cent, and effect a saving of 80 per cent, which would amount to \$8,000,000 or \$10,000,000 annually.

The present compensation division was placed in the Treasury department at a time when it was highly fashionable to grant to Secretary McAdoo all the power and jurisdiction he asked.

Will Start Fight.

Further, it was granted largely in response to a prejudice of the appropriation sub-committees of both the houses. These sub-committee members are Martin of Virginia, Overman of North Carolina and Robertson of Arkansas of the senate, and Byrne of Tennessee, Sisson of Mississippi and Buchanan of Texas in the house.

The bill will undoubtedly create no end of debate, as the friends of Secretary McAdoo will endeavor to keep the war risk bureau as at present constituted.

Congressman Sloan believes that he will have support of the invalid pensions committee of the house, to which it has been referred. In any event, he proposes, in the interest of economy and efficiency, to have the war risk bureau merged with the pension bureau.

Fury of Huns Vented In Italy as in France By Atrocious Crimes

Washington, Nov. 1.—"As the Italian army prosecutes its victorious advance," says a Rome dispatch, "most deplorable evidence is coming to light of atrocities by the enemy during the period of invasion."

In Italy, as in France, the fury of the barbarians has been intense against things and persons. Such fury has been witnessed not only by Italian soldiers, but by representatives of Italian and allied press accompanying advancing columns.

"Everywhere there are tokens of willful, useless destruction and brutal robberies. Terrified-eyed witnesses narrate horrible scenes."

"The Italian government, the military authorities and the allies will not fail to carry out rigorous inquiries regarding the atrocities committed, of which the enemy must give an account."

"Italians found in freed zones are in a terrible state. They lack everything, because the enemy during a year of occupation destroyed, burned, sacked and carried off everything."

Big Bequest for Charity Made by Theater Magnate

Boston, Mass., Nov. 1.—Theaters at Lewiston and Bangor, Me.; Manchester, N. H.; Montreal, Que., and St. John, N. B., controlled by A. Paul Keith, are bequeathed to Edward F. Albee of New York in Mr. Keith's will filed for probate here yesterday.

Mr. Keith's holdings in the B. F. Keith Theaters company, a Connecticut corporation, are to be distributed among Mr. Albee, Walter P. Cooke of Buffalo, Maurice Goodman of New York, E. M. Robinson of New York, Robert G. Larsen of Boston and John J. Murdoch of New York, while all rights in the Bijou theater in Philadelphia are left to the same persons.

The will contains bequests to other persons amounting to more than \$260,000. The residue of the estate is left to Cardinal O'Connell of the Roman Catholic church, to be used for charitable purposes, and to Harvard university in equal shares.

Garros, Great French Flier, Reported Killed

Geneva, Switzerland, Nov. 1.—The American Red Cross announces that Roland Garros, the famous French aviator and one of the pioneers in flying in a heavier than air machine, was killed October 5 and buried at Vouziers.

Previously it had been reported that Garros was wounded.

Front Extended.

With the British Forces in Belgium, Nov. 1.—(Reuters)—As the result of operations of General Plumer's army in conjunction with the Belgian forces, there has been a great extension of the allied front northward along the Scheldt river.

The obstinately defended town of Tournai is beginning to figure as the apex of a large salient.

BELGIANS SAVED BY AMERICANS SAY REFUGEES

Exiles Are Returning to Their Homes in Liberated Sections; Population in Good Health with Yank Aid.

Belgian Headquarters in Flanders, Nov. 1.—(By Associated Press)—After four years of exile, the residents of the now liberated sections of Belgium are returning home. On all roads peasants' carts and other vehicles loaded with household goods are moving north and east of the rear of the old battle line. The returning ones exhibit no exhilaration, merely plodding on behind their carts silently, apparently unwilling to rejoice before they had seen their villages and knew that their homes were intact.

Young men and middle-aged men were on the roads, but they were moving toward the south. Being of military age, the men were going to join the Belgian army. They had succeeded in escaping deportation by hiding in cellars and elsewhere when the Germans departed.

The population does not appear to have suffered physically during the German occupation. The women and children appear to be healthy and many declared they had suffered no actual privation.

"But it was due to the American food commission," they added. "Had we been at the tender mercies of the Germans, we should have starved."

The American Red Cross and the American food commission already are extending relief. The reconquered country is badly in need of food of all kinds.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 50c per box. All druggists.

BABY HAD RASH CUTICURA HEALS

On Cheek and Head. Cross and Fretful and Restless. Scalp Dry.

"When my baby was three months old a rash came on his right cheek and on the top of his head. His cheek would get red and he would scratch until it bled. He was cross and fretful, and at night the eruption made him restless. His scalp became very dry and his face looked so angry."

"I got a sample of Cuticura, then bought a cake of Cuticura Soap and a box of Cuticura Ointment, and I did not use the whole box of Ointment with the Soap when he was healed." (Signed) Mrs. Wm. Evans, 135 Merrill St., Saginaw, Mich.

Clear the pores of impurities by daily use of Cuticura Soap and occasional touches of Cuticura Ointment.
