

WHIRLWIND WINDUP TO CAMPAIGN ON

Democrats Make Desperate
Eleventh-Hour Attempt to
Offset Gains by the
Republicans.

With but a few days left for a whirlwind finish, the candidates are bending every effort to make the most of their eleventh-hour opportunity.

Albert W. Jefferis, republican congressional candidate for the Second district; Samuel R. McKelvie, republican gubernatorial candidate, and other speakers will hold a series of outdoor meetings tonight from Twenty-fourth street and Ames avenue, to Twenty-fourth and M streets; also at Fifteenth and Farnam streets.

A responsible young business man, whose name is withheld for business reasons, comes forward with a statement which offers concrete instances of the desperate attempts of the democrats to gain their ends:

"I have a friend who is employed in the government quartermaster's department at Twenty-second and Hickory streets," he said. "I met him yesterday morning when he asked me how I was going to vote, whereupon I just smiled. He then suggested that I should vote the straight democratic ticket; that he intended to do so and that the other fellows at the corner would likewise because orders had been sent out to the men to vote the straight democratic ticket."

"I am slow to denounce a man as incompetent for any particular political job, unless I know what I am talking about," remarked C. H. Clancy, 1215 Woodmen of the World building.

"On June 27 of this year I went into the office of Treasurer M. L. Endres and handed a blank check, signed by myself, with a request that he should fill in the amount of all taxes against me at that time. I had been in the habit of doing it that way when W. G. Ure was treasurer. The check went through the bank in the sum of \$105.01 and I dismissed the matter with the thought that my taxes had all been paid. I happened to scan the recent tax list as advertised and noted that \$29.06 was against two of my lots which were advertised for sale.

"He does not know how to run the office and the proof is right before me in this second receipt for \$29.06."

R. A. Allen, clerk of the district court of York county, came here to take an examination for the quartermaster's corps. He is a member of the home guards of his county, served his country in the Philippines, and now is endeavoring to get into the service, although he has two years to go in his present office, and a wife and three children.

"We have 300 home guards in our county and I can assure you that there is a strong resentment against the circular letters which Governor Neville sent to the guards in behalf of his candidacy. This feeling has grown so pronounced that I learned this morning before I left York that some of the democratic leaders out there wired Neville to make an effort to get into York county before election day, to counteract the feeling which has been engendered against him. York county will go strong for McKelvie and nobody knows that better than Neville."

Samuel R. McKelvie, republican candidate for governor, emphatically denies that he had anything to do with a circular quoting the acts of the council of defense with reference to German Lutherans of this state, and a resolution that was submitted to congress regarding this subject by the Nebraska delegation in congress.

"I can not find words that will adequately express my surprise at having been associated with this matter. Early in the campaign I endeavored to answer some of the charges of the Hitchcock-Mullen machine, but was repeatedly quoted by the publications of that machine and became at once convinced that it was utterly impossible for me to obtain any measure of justice at their hands. I have, therefore, ignored their charges, feeling that I could safely trust the public to place the right construction upon their methods."

Mr. McKelvie adds that the circular in question has never received his approval or indorsement.

Major E. L. De Lanney, Ft. Crook Post Surgeon, Ordered to Des Moines

Major De Lanney has been in charge of the post hospital at Fort Crook for four years. He is a graduate of the Creighton Medical college and served as a faculty member there for many years.

Major De Lanney's family will accompany him to his new post.

Normal Pack of Beans Is Permitted Next 3 Months

Packers and canners of beans may pack during November, December and January a normal pack for these three months, according to advices from Washington to Gordon W. Wattle, federal food administrator for Nebraska. Availability of tin plate is given for the increase.

Mr. Wattle's advice says: "The food administration has been able to arrange for a sufficient quantity of tin plate to permit the packing of beans. Permission is herewith granted to canners of beans to pack during the months of November, December and January a normal quantity not in excess of a total pack for these three months. Canners may use up all odd sized tins now on hand but additional purchase of tins smaller than number two size will not be permitted. It is still necessary for all shippers selling beans to canners to secure permits before making sales. Canners may not, however, contract for more than a three-months' supply of cans or beans."

STATUS IN ARMY OF JOHN LYNCH WORRIES BOARD

Uncertain Whether Dismissal
is Dishonorable Discharge
or Furlough When He
Reports.

John C. Lynch, after one day's service in the army at Camp Dodge, Ia., was dismissed upon request of United States Attorney Allen and returned to Omaha Thursday night.

Lynch reported at local exemption board No. 4 immediately upon his return to Omaha. Chief Clerk Southard said that he asked Lynch if he had filed his questionnaire, to which Lynch replied that he could not remember, but that he had signed several documents and he did not know whether the questionnaire was one of them or not.

When asked how Lynch was given a 1-A classification at the time of his induction, Southard said that Tony Minardi, the clerk who has since been discharged on account of the Lynch affair and who had charge of the physical classification, had classed Lynch in 1-A, after the regulation physical test had been passed.

Southard further said that it was his opinion that Lynch had never filed his questionnaire and he was given the blank forms Thursday night and told to file them immediately.

Exemption board officials are in a quandary now as to Lynch's military status; whether his dismissal is a dishonorable discharge, a furlough, or whether he was ever considered a member of the army.

Time Brings Happiness With The Dawn

The Coming of Baby Marks the Advent of a Glorious Future.

Scientists say great stress should be laid upon the remarkable influence which the mother's happy pre-natal disposition has upon the health and future of the generation to come.

There is splendid preparation women for over half a century have applied before the birth of their children, known as Mother's Friend. This is a most grateful, penetrating remedy that at once softens and soothes the myriads of broad, flat abdominal muscles under the skin of the abdomen. By its regular use during the period of pregnancy, the nerves, tendons and cords are relaxed and there is an absence of nausea, bearing-down pains, strain and general discomfort more often than otherwise experienced when nature is unaided.

By the use of Mother's Friend night and morning the muscles relax and the baby comes, the time at the crisis is shorter and pain and danger is naturally avoided.

Write the Bradfield Regulator Company, Dept. E. Lamar Building, Atlanta, Georgia, for their Mother's Friend Book, and obtain a bottle of Mother's Friend from the druggist, by all means, and get into condition to meet the crisis.—Adv.

WHY RUN-DOWN PALE EXHAUSTED WOMEN SHOULD TAKE IRON

"There can be no beautiful, healthy, rosy-cheeked, steady nerves without iron. When the iron goes from the blood of women, the roses go from their cheeks—their charm and attractiveness depart. Always insist that my patients take organic iron—Nuxated Iron—not metallic iron which often corrodes the stomach and does more harm than good. Nuxated Iron is easily assimilated, does not blacken nor injure the teeth nor upset the stomach. It will increase the strength and endurance of weak, nervous, irritable, careworn, haggard women in two weeks' time in many cases. I have used it in my own practice with most surprising results."—Ferdinand M. D., M.D., well-known New York Physician and medical author.
