

YANKS SWEEP ENEMY BACK IN MEUSE VALLEY

(Continued from Page One.)

fought their way beyond Buzancy to Fosse, a strong point nearly seven miles beyond yesterday's starting point and two and a half miles north of Bayonville.

Last Organized Defense Broken. Bayonville is an important strategic point, known as the heart of the Freya Stellung. With its capture the American troops had broken

en the Germans' last organized defenses. The troops on the right, who had been able to advance only just past Clery-le-Grand yesterday caught the mysterious signs of the sudden giving way of the Germans and pressed forward and into and passed Clery le Petit. They overcame the lingering machine gun resistance in Barricourt wood and captured Villers-Devant-Dun. Here the enemy launched a counter-attack which failed; then the Americans moved forward again and occupied Douillon.

The total advance averaged more than two and a half miles on a 14-mile front, but was considerably greater at points. Numerous prisoners, more than 60 cannon, scores of 77s, dozens of 150s, numerous howitzers of various calibers and hundreds of machine guns were

captured by the Americans during the advance of today and Saturday. Quantities of ammunition and war material of all kinds fell into their hands.

Huns Quit Argonne Forest. Paris, Nov. 2.—The Germans are retreating across the Argonne forest and the French forces are close upon them, having captured today, according to the announcement of the war office, numerous villages and woods.

The statement says: "Vigorous attacks yesterday and this morning by the fourth army on the Aisne front, in connection with the victorious effort of the Americans between the Argonne and Meuse, have compelled the enemy to beat a retreat across the Argonne forest. Our troops, smashing the enemy rearwards, who by

stubborn resistance attempted to check our advance, made important progress along the whole front of the attack.

"On the left we have taken Semuy and carried our lines as far as the south bank of the Ardennes canal, which we have reached on a front of two kilometers, from Semuy to Neuville et Day.

"Further south we have reached the outskirts of Les Alleux, Quatre Champs and La Croix-Aux-Bois, after having captured Bois Vandy and the village of Ballay, despite the enemy resistance, which was particularly violent on the Alleux plateau, and the Croix-Aux-Bois defile.

forest, vigorously to pursue the enemy, who withdrew, abandoning considerable material.

"German counter attacks, especially in the region of Semuy, were repulsed and enabled us to add several hundred to the number of our prisoners."

Push Beyond Valenciennes. London, Nov. 2.—Further important gains were made by the British troops east of Valenciennes. Field Marshal Haig reports from headquarters tonight. The village of Marly was captured and British detachments entered St. Sauve.

Berlin Admits Defeat. Berlin, via London, Nov. 2.—American divisions attacking in dense columns between the Aisne and the Meuse, have penetrated the German positions between Champagneulle and Amereville, according

to the official statement from general headquarters today. The Americans have gained some territory beyond Bayonville.

A powerful artillery preparation preceded attacks carried out by the French and Americans for the purpose of securing an opening on the Aisne.

During the night of Friday Valenciennes was evacuated without molestation.

Albers Indicted as Traitor.

Portland, Ore., Nov. 2.—J. Henry Albers, former president of the Albers Milling Co., with branches in all large Pacific coast cities, was indicted here today by the federal grand jury on seven counts for alleged violation of the espionage act. Albers is at liberty on \$10,000 bail. He is a native of Germany.

PRESIDENT OF CHINA WISHES UNITY IN LAND

(By Associated Press.)

Hsu Chih-Chang, the new president of China, has issued a mandate urging peace and union between north and south China. He declared that the policy of his government will be to promote education and develop industries.

President Wilson, the mandate says, is greatly admired by the people of China for his utterances on universal peace. It declares that

China entered the war with a desire "to preserve humanity and uphold international law."

Civil war in China, the president asserts, must cease, the vitality of the country must be preserved and the administration must be recognized, otherwise the future of the republic "will be utterly hopeless."

Turkey in State of Anarchy, Is Report at Amsterdam

Amsterdam, Nov. 2.—A state of anarchy prevails throughout Turkey, according to information received by the Armenian correspondence bureau here. Hundreds of thousands of deserters are subsisting by means of robbery of the mass of the population. Constantinople is declared to be literally famished and impatiently awaiting the arrival of allied forces.
