Democratic Leaders Repudiate Machine

Hitchcock, Mullen, Gooch and Neville in Hot Water

Once Powerful Bosses Now Opposed by Leaders and Rank and File of Party

That the Machine is desperate, owing to the wholesale repudiation of it and its leaders, is becoming apparent as election day approaches. Every day brings its tidings that large numbers of the rank and file are going to vote the Republican ticket as a warning to the Machine that they will no longer tolerate Machine politics and Machine leadership, which has brought the Democratic party to the verge of de-

Among the well known democrats, who for years have stood for the best things in Democratic politics, and who have now refuted the Machine, either openly or by refusing to endorse the Machine candidates, are the following:

LIEUTENANT GOVERNOR EDGAR HOWARD, of

HON. W. J. TAYLOR, of Custer, floor leader of the last Democratic House.

CECIL MATHEWS, of Riverton, well known newsper man, now holding a Government position.

I. J. DUNN, of Omaha, well known lawyer and progressive Democrat.

LOUIS F. LANGHORST, former state chairman of

ing Governor Neville.

the Democratic State Committee, who is oppos-

CHARLES W. BRYAN, former Mayor of Lincoln and brother of William J. Bryan, who, by the way, has the first time since he was a candidate for the presidency, neglected to come to Nebraska during the campaign to help the Demo-

Charles Bryan has this to say of his former associates who have succeeded in bringing a once proud and victorious party to the verge of a sure defeat:

"During the past three weeks the Hitchcock-Mullen-Gooch machine have been accusing the republican candidate for governor of soliciting the votes and support of the non-partisan league and has again branded the farmers' organization as being unpatriotic and unfriendly to democratic institutions and injurious to the welfare of the people of the state. While the governor has been publicly criticising the members of the non-partisan league and appealing for the support of all those who were prejudiced against the farmers' organization on the ground that it was disloyal, the governor's official campaign committee, it would appear, have been making an heroic effort to secure the votes of the members of the non-partisan league for the governor's candidacy.

"The substantial farmers of Nebraska who are members of the non-partisan league are either good. patriotic Nebraska citizens or they are not. If the Hitchcock-Mullen-Gooch machine were honest and sincere when they denounced the farmers of Nebraska as disloyal and pro-German, the said Hitchcock-Mullen-Gooch machine are dishonest and insincere now when they try to secure the votes of the farmers who belong to the non-partisan league for the governor's candidacy or they are trying to secure unpatriotic votes for their candidate.

"If the governor honestly believes that the farmers of Nebraska, who are members of the non-partisan league are disloyal and undesirable citizens and has been soliciting votes for that reason of all those who share his views regarding the non-partison league, he surely could not have possibly known of any effort that his committee may have been making to secure, bribe or buy the votes in the non-partisan league to support his candidacy. If the governor does not want to be re-elected to office by what he has called unpatriotic and disloyal votes, he cannot afford to be a party to the work that his committee seems to be engaged in. It is certainly as dishonorable, disloyal and unpatriotic to attempt to buy or bargain for unpatriotic and disloyal votes as it is to be disloyal and unpatriotic. The democrats of Nebraska cannot afford to be daubed with the mire that the Hitchcock-Mullen-Gooch machine seems to be wallowing in; neither can the democrats of Nebraska afford to have a candidate for the position of chief executive of the state mixed up in what seems to be an effort to secure the patriotic, loyal vote through public appeals while at the same time trying to secure the so-called unpatrictic and disloyal votes through means and methods that are beneath the dignity of any great party which has led the progressive movement in securing all the moral and progressive legislation that has been accomplished in the last twenty

Mr. Bryan then calls upon the Governor to repudiate the men who have brought about the undoing of the Democratic Party and calls upon all true Democrats to protest to Governor Neville against his longer cohabiting with the Machine which has doomed the Democratic Party to defeat.
