U. S. and Allies Will Feed Needy People of Conquered Countries

Washington, Nov. 5.—The allied and American governments are to cooperate with Austria-Hungary, Bulgaria and Turkey in furnishing food and supplies for the suffering civilian populations of those countries.

Conditions are represented as particularly serious in Austria-Hungary, where food riots have been frequent and where there has been intense suffering, not alone from the want of food, but clothing, and other necessities.

Food Administrator Hoover, it was said tonight, is working out new food conservation plans to assure supplies, not only to the people of the nations that have been eliminated from the war, but also the liberated France and even Germany, when that country has accepted armistice terms now in the hands of Marshal Foch.

MARSHAL FOCH TO GIVE CONDITIONS OF ARMISTICE

Germans Informed They Can Have Peace on Terms Enunciated by Wilson; Von Winterfeldt to Conduct Negotiations

Amsterdam, Nov. 5.—Germania of Berlin says that General von Winterfeldt, former German military attache at Paris, will conduct the armistice negotiations for Germany on the western front.

Washington, Nov. 5.—Marshal Foch has been authorized by the United States and by the allies to receive representatives of the German government and to communicate to them the terms of an armistice.

The German government is so informed in a note handed to the Swiss minister here today by Secretary Lansing.

The note announces that the allied governments have declared their willingness to make peace with the German government on the terms laid down in President Wilson's address to congress last January and on the principles of settlement enunciated in his subsequent addresses.

RESERVE FREEDOM OF ACTION. The allies reserve to themselves, however, complete freedom of action when they enter the peace conference on the subject of the freedom of the seas.

It was further stated with reference to restoration of invaded territories that the allied governments understand that compensation will be made by Germany for all damage to the civilian population of the allies and their property as the result of the aggression of Germany "by land, by sea and from the air."

The note now is on the cables. In 24 hours it should be in the hands of the Germans; in 48 hours the world may know whether an immediate end of the war is at hand.

Publication of the details of the armistice terms still is withheld. They may not be made known until the Germans have accepted or rejected them, as was the course followed by the allies in dealing with Bulgaria, Turkey and Austria.

Text of Lansing's Note. The text of Secretary Lansing's note follows:

"In my note of October 23, 1918, I advised you that the president had transmitted his correspondence with the German authorities to the governments with which the government of the United States is associated as a belligerent, with the suggestion that, if these governments were disposed to accept peace upon the terms and principles indicated, their military advisers and the military advisers of the United States be asked to submit to the governments associated against Germany the necessary terms of such an armistice as would fully protect the interests of the peoples involved and insure to the associated governments the unrestricted power to safeguard and enforce the details of the peace to which the German government had agreed, provided they deem such an armistice possible from the military point of view."

"The president is now in receipt of a memorandum of observations by the allied governments on this correspondence, which is as follows:

"The allied governments have given careful consideration to the text, Kinkaid, republican, has been re-elected by an increased majority.

In the Fifth district the race between W. E. Andrews, republican, and Congressman Shallenberger is still in doubt.

Sarge Goes Republican. Sarge county reported a majority of 500 for Jefferys over Lobeck, leads for Norris and McKelvie, and a general republican landslide.

Indications are the entire state ticket will be elected by substantial majorities.

Thirteen precincts in Sarge county gave Morehead 563; Norris, 793; Neville, 573; McKelvie, 832; Lobeck, 522; Jefferys, 872.

Fifteen precincts in Burt county gave Morehead, 862; Norris, 1,221;

correspondence which has passed between the president of the United States and the German government. Subject to the qualifications which follow, they declare their willingness to make peace with the government of Germany on the terms of peace laid down in the president's address to congress of January, 1918, and the principles of settlement enunciated in his subsequent addresses.

They must point out, however, that clause two, relating to what is usually described as the freedom of the seas, is open to various interpretations, some of which they could not accept. They must, therefore, reserve to themselves complete freedom on this subject when they enter the peace conference.

By Associated Press. New York, Nov. 6.—With returns lacking at 2 o'clock this morning from 630 districts in New York state the result of the gubernatorial contest remained in doubt. Governor Whitman (rep.) had a total of 918,031, as compared with 941,442 for Alfred E. Smith (dem.).

New York, Nov. 5.—Returns from 4,969 election districts out of 7,230 in New York state, received up to 10:30 o'clock tonight, gave Governor Whitman, republican, who is seeking re-election for a third term, 675,782 as compared with 778,162 for Alfred E. Smith, his democratic opponent.
