**Government Suggestion of 80** Per Cent Boost Does Not Meet With Favor of Nebraska Officers.

From a Staff Correspondent.

Lincoln, Nov. 5 .- (Special.) -- A raise in freight-rates, amounting to about 80 per cent on an average, is proposed by Secretary W. G. Mc-Adoo in a communication sent to the state railway commission. Mr. McAdoo is of the opinion that there should be a more uniform rate in sections where conditions are substantially identical.

"The state railway commission fails to see much in the proposition of Mr. McAdoo and comes back with a long communication which ends as follows:

"The general unsettled condition of the freight rates in eastern trunk line territory and in the State of Nebraska in particular, and the exceedingly abnormal business conditions at the present time, leads us to the conclusion that this is not an opportune time to make radical changes in the class freight schedules, and we would therefore be opposed to an attempt at this time, to standardize class rates for the whole western territory.'

# Is This Your Bill?

"The Sins of the Flesh" are punished in this world—not in the next.

Disease is not an accident, nor is it sent by Providence. It is Nature's punishment for the breaking of her laws.

Hemorrhoids, for example, occasion an infinite degree of discomfort, suffering and misery. So does a fissure or a fistula.

But such punishments are meted out to those who sin against Nature in two ways. by neglecting to maintain regular, easy, thorough evacuation of the bowels-who form the bad habit of constipation, or what is a worse habit, the taking of pills, castor oil, purgative mineral waters, 4:lts, etc., with the mistaken idea of overcoming constipation by forcing the bowels to move unnaturally.

But the Nujol Treatment for Constipation prevents such sins of the flesh, or mitigates the punishment therefor.

Nujol helps to re-establish easy, regular, thorough evacuation of the bowels. Nujol is not a drug, does not act like any

Nujol is absolutely harmless. Nujol keeps the waste matter soft, moist, and easily voided.
