

PRICES STILL RISING;  
ECONOMY ENJOINED

Washington, Nov. 6.—Despite peace prospects "prices generally throughout the United States are showing a tendency toward a further upward movement," according to the federal reserve board's monthly review today of business conditions as reported by agents in each federal reserve district. Increases are particularly noticeable in commodity lines not affected by the government's price fixing program.

Rising prices and credit inflation, the board says, must be opposed by strictly personal economy. Despite war economy propaganda, it appears, says the board, "that many classes of the population are still spending their current incomes as freely as ever, notwithstanding the fact that prices today are at a record figure because they have not yet embraced the national duty to save as a personal obligation."

Changes in Senate Hearten Suffragists  
Washington, Nov. 6.—With changes in the senate membership made by yesterday's elections woman suffragists believe there is hope for adoption of the suffrage constitutional amendment which was defeated by the senate October 1, last, by two votes.

Of the new senators taking their seats immediately Gay of Louisiana, succeeding Guyon, and Pollock of South Carolina, succeeding Benet, are counted on to support the resolution that their predecessors opposed. Position after election change of sentiment by other senators also is hoped for by suffrage workers.

ONE GERMAN COMMANDER SOLICITOUS FOR CIVILIANS.  
With the American Army in France, Nov. 6.—(By Associated Press)—In a wireless message yesterday to the French and American commanders, the Germans reminded the allies that there were many civilians in the villages north of the Franco-American front and suggested that the artillerymen be notified to this effect. "None of the villages was named, however."

The message was signed by the German field commander.

U. S. WILL CONTROL COAL DISTRIBUTION  
New York, Nov. 6.—The federal fuel administration absolutely controls distribution of coal in New York City and state and "will brook no interference with its plans," by Mayor Hylan or the police department, according to a statement tonight by Delos W. Cooke, state fuel administrator, who asserted that a recent announcement that the police department would make a coal survey of this city "was without warrant in fact."

AMERICAN CONSUL KILLED AT CHARLEROI.  
Amsterdam, Nov. 6.—Eugene Davens, American consul, and seven British war prisoners have been killed by the bombardment of Charleroi, southwest of Namur, in Belgium, according to Berlin dispatches received here.

Charleroi is a fortress some 20 miles east of the British positions on the Valenciennes sector.

ARCHDUKES SEEK HAVEN IN SWITZERLAND.  
Copenhagen, Nov. 6.—All the Austrian archdukes and their families have gone to Switzerland, according to Vienna say.

DRYS LEADING IN MINNESOTA AND OHIO VOTES  
Wets Ahead in California, but Dry Leader Claims Legislature Will Ratify Federal Amendment.

St. Paul, Nov. 6.—Dry forces hold a lead of more than 1,000 in returns on state-wide prohibition with some of their country districts unreported. Columbus, O., Nov. 6.—Ohio yesterday entered the fast growing column of states where intoxicating liquors cannot be sold or purchased.

With slightly less than 500 precincts, almost all of which are located in territory which heretofore have been dry, the prohibition forces have assumed a lead of 5,851 to-night.

With a little more than 350 precincts missing, Governor Cox, democrat, has established a lead of 18,768 over his republican opponent, Frank B. Willis, and the latter has conceded his opponent's election.

The Ohio delegation in congress will consist of 14 republicans and 8 democrats.

San Francisco, Nov. 6.—Defeat of a "bone dry" liquor amendment in California was indicated by returns tonight from 2,533 complete precincts of 6,191 in the state which gave: Yes, 116,369; no, 143,137.

Dry forces have, however, conceded defeat, and Franklin Hichborn of the California Anti-saloon league pointed out that returns from four counties where the "dry" amendment was known to have strong following still were meager. He said the election of a legislature that would ratify the federal prohibition constitutional amendment was assured.

Denver, Nov. 6.—Based on but meager reports on the balloting on proposed constitutional amendments, it appears that the so-called "bone dry" statute has been approved by Colorado voters by a substantial margin.

In Wyoming meager counts of votes on amendments indicate a victory for the state-wide prohibition amendment by 15,000 plurality.

# GERMANY BEGS FOR TRUCE AS ARMY FACES DISASTER

## G.O.P. LEAD IN STATE PILING UP

Republican Majorities Pile Up as Returns Come In; Six Congressmen Sure of Victory.

Returns received up to 6 o'clock Wednesday night from 38 counties complete, including Douglas and Lancaster, and 274 scattering precincts, show Norris (republican), leading Morehead (democrat) by 11,480, and McKelvie (republican) leading Neville (democrat) by 14,192.

This represents about 60 per cent of the vote of the state. Democratic leaders concede the state to Norris by probably 20,000 and McKelvie by 25,000 to 30,000.

Thirty-eight counties and 274 scattering precincts give: Morehead ..... 64,154  
Norris ..... 75,434  
Neville ..... 62,096  
McKelvie ..... 76,290

The same precincts gave Neville 95,583, Sutton 90,446.

Returns on the election of members of the legislature are coming slowly, but on the face of those already received the Nebraska house and senate will both be republican by a 2 to 1.

General G. O. P. Wins.  
The entire republican ticket is elected by about the same ratio of vote as that cast for McKelvie for governor.

A careful analysis of the returns from the 38 counties and 274 precincts show that the republican landslide was not the result of a change of votes in any particular locality but every report showed a proportionate republican gain over the vote of two years ago.

In the first congressional district, with Richardson omitted, Reavis (republican) has a lead of 2,000 over Peterson (democrat), the totals being Reavis, 14,700, Peterson, 9,088.

In the second district Jefferson (republican) has a lead over Congressman Lobock of 643.

Stephens and "Shally" Lose.  
In the third district, 10 of the 18 counties give Evans (republican) 13,424 and Stephens, 12,242. Stephens has conceded the election to Mr. Evans.

In the fourth, 11 counties give McLaughlin, republican, 13,258 and Smith, democrat, 9,780.

In the fifth, 18 counties give Andrews, republican, 8,267 and Congressman Shallenberger, 7,284. Shallenberger carried his home county of Harlan by only seven votes.

Kinkaid has carried every county in the sixth district against Chas. Pool, democrat, which makes the entire congressional delegation republican from Nebraska.

Aldrich, Letton and Rose are probably elected as judges of the supreme court though the vote is very close.
