GENTLEMEN: I have often said I would never recommend medicine of any kind. I believe that the doctor's place. However, after the hardest political campaign of my life, without a chance for a vacation, I had been starting to court every morning with that horrible tired feeling one cannot de-scribe. I was advised to try Nuxated Iron. As a pioneer in the pure food and drug legislation, I was at first loath to try an advertised remedy, but after advising with one of my medical friends, I gave it a test. The results have been so beneficial in my own case, I made up my mind to let my friends know about it, and you are at liberty to publish this statement if you so desire. I am now 65 years of age and I feel that a remedy which will build up the strength and increase the power of endurance of one of my age, should be known to the world, Yours very truly,

There are thousands of men and women who need a strength and blood builder but do not know what to take. In my own opinion there is nothing better than or-ganic iron-Nuxated Iron-for enriching the blood and helping to increase the strength and endurance of men and women who burn up too rapidly their nervous energy in the strenuous strain of the great business competition of the day." I have taken it myself and given it to my patients with most sur-prising results. And those who wish quickly to increase their strength, power and endurance will find it a most re-markable and wonderfully effective remedy."

Dr. George F. Baker, formerly Physician and Surgeon in Monmouth Memorial Hos-
